Nordea 1 - Swedish Short-Term Bond Fund - BP - EUR / LU0173785626 / 358464 / Nordea Inv. Funds

Investment strategy

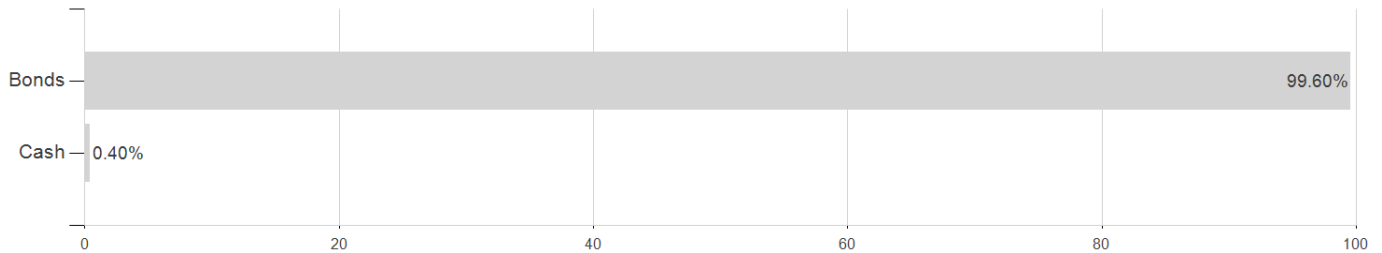

The fund mainly invests in bonds denominated in SEK. Specifically, the fund invests at least two thirds of total assets in debt securities that are denominated in SEK and issued by public authorities or companies. The fund may invest in securities with a residual maturity of 2 years or more. The fund's weighted average life is expected to be above 1 year. The fund's main currency exposure is to the base currency, although it may also be exposed (through investments or cash) to other currencies.

Investment goal

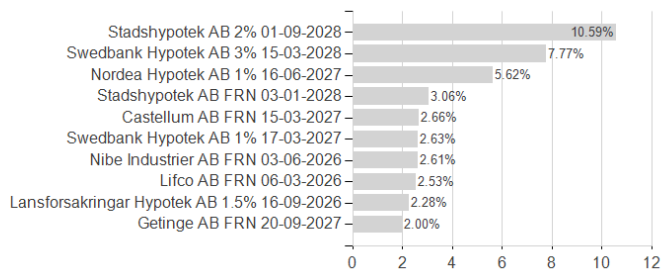

The fund's objective is to provide shareholders with investment growth in the short to medium term. In actively managing the fund's portfolio, the management team selects securities that appear to offer superior investment opportunities.
