JPMorgan Funds - Emerging Markets Local Currency Debt Fund I (acc) - EUR / LU0332401396 / A0M8CL / JPMorgan

Investment strategy

Uses a globally integrated research driven investment process that focuses on analysing fundamental, quantitative and technical factors across countries, sectors and issuers. Combines top-down decision making - including country allocation, duration management and currency exposure - with bottom-up security selection.

Investment goal

To achieve a return in excess of government bond markets of emerging markets countries by investing primarily in emerging market local currency debt securities, using derivatives where appropriate.
