Investment strategy

Robeco US Premium Equities (USD) selects stocks based on their investment merit. Its bottom-up stock selection process is guided by a disciplined value approach, intensive internal research and risk aversion. The fund's broad definition of value looks beyond traditional value characteristics such as low Price/Earnings and Price/Book, and includes analysis of long-term business fundamentals and short term business momentum. The fund's investment objective is to participate in rising markets and preserve capital in falling markets through diligent risk management.

Investment goal

Robeco US Premium Equities invests in small, medium-sized and large value stocks in the US. The fund invests in undervalued businesses. Long-term business fundamentals and short-term business momentum are thoroughly analyzed in order to select stocks for investment.
