Investment strategy

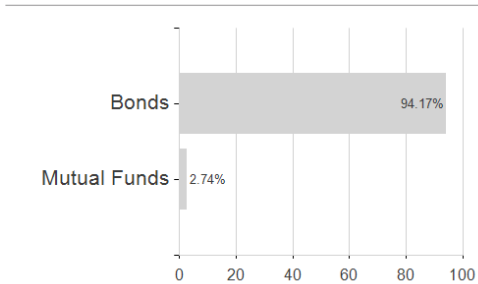

To invest in convertible bonds issued by companies organised or operating in either the developed or emerging markets which will be denominated in global currencies. As an essential and integrated part of the research process and through engagement with issuers, the Investment Adviser incorporates an assessment of sustainability-related risks and opportunities into the assessment process.

Investment goal

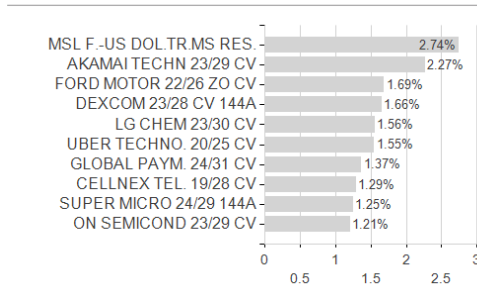

Long-term growth of your investment. At least 70% of the Fund's investments will be in fixed income securities (e.g. bonds) and fixed income securities which convert into equity when they mature.
