Investment strategy

To invest in domestic, international, emerging market and euromarket fixed income securities of corporate, sovereign and securitized issuance. Bonds are deemed suitable for investment if at the time of purchase they are rated BBB- or better by S&P or Baa3 or better by Moody's. As an essential and integrated part of the research process and through engagement with issuers, the Investment Adviser incorporates an assessment of sustainability-related risks and opportunities into the assessment process.

Investment goal

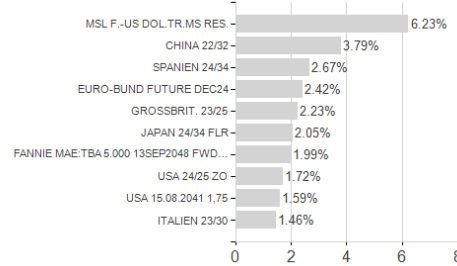

To provide an attractive rate of return. At least 70% of the Fund's investments will be in fixed income securities (eg. bonds), asset-backed securities (including mortgage backed securities) and loan participations and assignments.
