Max. 20% of Sub-Fund assets may be invested in ABS and/or MBS. Max. 30% of Sub-Fund assets on UCITS and/or UCI. SRI Strategy applies as far as the acquisition of Equities and Bonds is concerned. Investment goal

Long term capital growth by investing in a broad range of asset classes, with a focus on global Equity, Bond and Money Markets in order to achieve over the medium-term a performance comparable to a balanced portfolio within a volatility range of 6% to 12% in accordance with the Sustainable and Responsible Investment Strategy (SRI Strategy). The assessment of the volatility of the capital markets by the Investment Manager is an important factor in this process, with the aim of typically not falling below or exceeding a volatility of the Share price within a range of 6% to 12% on a medium to long-term average, similar to a portfolio consisting of 50% global equity markets and 50% Eurodenominated bonds of the Global bond markets.
