Investment goal

The fund aims at generating an absolute return through investments on the global bond markets. Portfolio duration should range between minus three and plus six years. The proportion of asset-backed securities/mortgage-backed securities (ABS/MBS) may not exceed 20 % of fund assets. Up to 10 % may be invested in equity-related instruments. Non-EUR currency exposure exceeding 10 % of fund assets needs to be hedged. The investment objective is a superior riskadjusted return over a complete market cycle.
