**abrdn S.I-Fr.M.Bd.Fd.A Acc USD / LU1725895616 / A2JGVF / abrdn Inv.(LU)**

**Investment strategy**

The Fund invests at least two-thirds of its assets in bonds issued by companies, governments or other bodies, in Frontier Market countries. Frontier Market Countries include the constituents of the MSCI Frontier Markets series of indices or FTSE Frontier Markets series of indices or JP Morgan Frontier Markets series of indices, or any country classified by the World Bank as a low income country. In addition, there are a number of countries that exhibit similar characteristics to the countries on these indices, which the manager regards as suitable for investment by the Fund. Bonds will be of any credit quality and typically in the currencies of the countries where they are issued. Up to 100% of the Fund may be invested in sub-investment grade bonds.

**Investment goal**

The Fund aims to achieve a combination of income and growth by investing in bonds (which are like loans that can pay a fixed or variable interest rate) issued by companies, governments or other bodies, in Frontier Market countries.
