Investment strategy

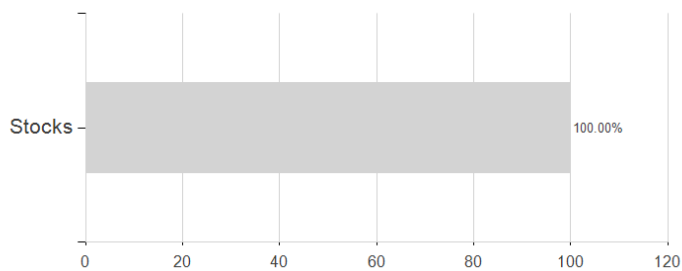

The Fund invests in shares of companies which derive a significant proportion of their business from emerging markets countries and which are listed on the principal stock exchanges of selected emerging markets countries. The Fund may also invest in shares or depositary receipts (financial certificates representing shares of companies which are bought and sold globally) of companies (i) that derive 50% or more of their revenues or profits or that have at least 50% of their assets in emerging markets countries or (ii) the majority of whose business is conducted in emerging markets countries and which are traded on developed markets.

Investment goal

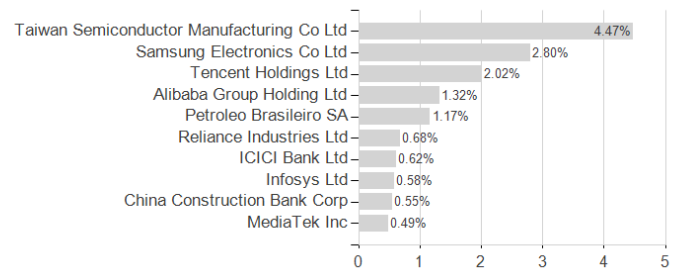

The aim is to increase the value of your investment and to earn income within the Fund. The Fund is actively managed which means that the Investment Manager is actively making investment decisions for the Fund. The Fund is not managed in reference to a benchmark.
