**BNPP Easy Low Carbon 300 World PAB UE / LU2194449075 / A3CPT0 / BNP PARIBAS AM (LU)**

**Investment strategy**

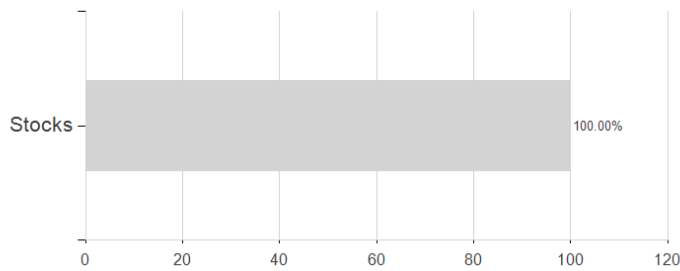

The Product is composed of companies worldwide selected on the basis of opportunities and risks associated with the climate transition while aiming to comply with the Paris Aligned Benchmark (PAB) targets of reducing carbon intensity by at least 50% relative to the initial investment universe and achieving an additional decarbonisation target of 7% each year. As a result, fossil-fuel activities are excluded from the Index.

**Investment goal**

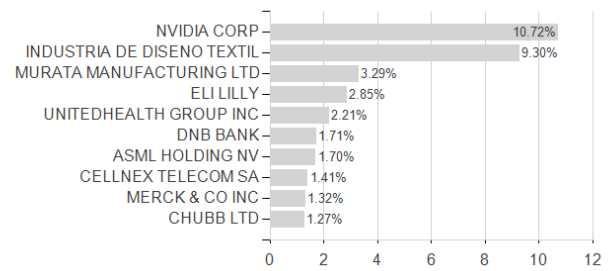

The Product seeks to replicate (with a maximum tracking error\* of 1%) the performance of the Euronext Low Carbon 300 World PAB (NTR) index (Bloomberg: LC300W index) (the Index ) by investing in the shares issued by companies included in the Benchmark Index, respecting the Index's weightings (full replication), or in a sample of shares issued by companies included in the index (optimised replication).When investing in a sample of shares the sub-fund's tracking error may be higher.
