Investment strategy

In order to achieve its investment objective, the Compartment will mainly offer an exposure to emerging countries through the following asset classes: › Corporate and sovereign debt securities of any type (including but not limited to, convertible bonds, inflation-indexed bonds) issued or guaranteed by issuers of emerging countries or entities/companies exercising the predominant part of their economic activity in emerging countries; › money market instruments, deposits and currencies of emerging countries; › equities and equity related securities (such as ADR, GDR, EDR) of companies which are domiciled, headquartered or exercise the predominant part of their economic activity in emerging countries or quoted or traded on the stock exchanges in emerging markets; › commodities (including precious metals); and › real estate of emerging countries.

Investment goal

This Compartment's objective is to enable investors to benefit from the growth mainly from emerging markets exposure.
