Investment strategy

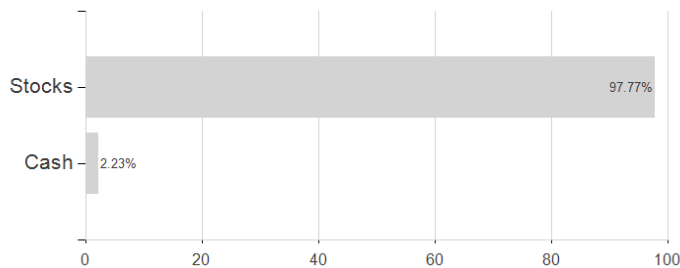

At least 67% of assets invested in equities of companies that are domiciled, or carrying out the main part of their economic activity, in a country of the Pacific Basin, including Japan. The Sub-Fund may invest in small capitalisation companies and have significant positions in specific sectors or markets from time to time. Certain countries in the Pacific Basin may be considered emerging markets. The Sub-Fund may invest up to 20% in China A-Shares through the China-Hong Kong Stock Connect Programmes. The Sub-Fund may invest in securities that rely on VIE structures to gain indirect exposure to underlying Chinese companies. At least 51% of assets are invested in companies with positive environmental and/or social characteristics that follow good governance practices as measured through the Investment Manager's proprietary ESG scoring methodology and/or third party data. The Sub-Fund invests at least 10% of assets excluding Ancillary Liquid Assets, Deposits with Credit Institutions, money market instruments, money market fund and derivatives for EPM, in Sustainable Investments, as defined under SFDR, contributing to environmental or social objectives. The Investment Manager evaluates and applies values and norms based screening to implement exclusions. To support this screening, it relies on third party provider(s) who identify an issuer's participation in or the revenue which they derive from activities that are
