What is this product?

Type

Aegon Global Diversified Income Fund is a sub-fund of Aegon Asset Management Investment Company (Ireland) plc.

Term

The term of the Fund is unlimited and therefore there is no maturity date. The Fund Manager / Manufacturer may decide to terminate the Fund unilaterally as set out in the Prospectus of the Funds. Situations that give rise to an automatic termination are not foreseen in the Funds Prospectus, but may be foreseen by laws and regulations applicable to the Fund.

Objective: The investment objective of the Fund is to provide income with the potential for capital growth over the medium term.

Policy: The Investment Manager will seek to achieve the investment objective by investing predominantly in a diversified portfolio of equities and bonds denominated in any currency. The Fund's exposure to the equities and bonds may be obtained through direct investment or through the financial derivative instruments (FDI) described below. Assets will be chosen based on global economic outlook, trends and investment opportunities where it is the view of the Investment Manager that a positive return may be generated for the Fund. As a result, at any one time the Fund may be diversified across asset classes, sectors, currencies or countries or may be more focused. Equities will be limited to a maximum of 80% of the Fund's Net Asset Value at all times.

The Fund intends to invest at least 25% of its net assets in equities.

The Fund may invest in all types of fixed and floating rate bonds as described below.

The Fund can invest in a wide range of assets around the world, but invests principally in: equities, sovereign, corporate and high yield bonds, collective investment schemes, indirect property, commodities, liquid assets and derivatives. Restrictions regarding these investments are detailed in the prospectus.

The fund promotes E/S (i.e. Environmental and Social) characteristics within the meaning of Article 8 of the Sustainable Finance Disclosure Regulation (SFDR).

Other information: You can buy, sell or exchange the Fund's shares on any business day (see 'Key Information for Buying and Selling' in the Fund Supplement to the Prospectus for more information).

Target Performance: The Investment Manager expects to generate income with a target yield of approximately 5% per annum, with the potential for capital growth over the medium term (being any 5 year period). By investing in the Fund, capital is at risk. There is no guarantee that the Fund will generate this, or any other level of income or returns. The Investment Manager may also use the MSCI World Index to measure the Fund's volatility against global equities. This is undertaken only for reference and comparison. The Investment Manager does not use this index as a target and the Fund's portfolio is not constrained by this index.

The Fund is actively managed and is not constrained by any benchmark. Benchmarks may be used from time to time as performance comparators and any such use will be disclosed in the Key Investor Information Document for the Fund.

Note: the currency of this share class is different from the base currency of the Fund. We use investment techniques which aim to eliminate the impact of exchange rate changes between the share class currency and the currency of the Fund. Aegon Asset Management Investment Company (Ireland) plc operates two different methods of hedging share classes. Full details of these can be found in the Prospectus. Income the Fund receives may be paid out every month.

Intended retail investor

The Fund is designed for retail and institutional investors seeking regular income and who are comfortable with a medium to high level of investment risk. While investors will normally be able to liquidate their holdings on a daily basis, share prices will fluctuate and may fall significantly in value. Consequently, it is important to understand that the Fund should be viewed as a longer term investment. The Fund may not be appropriate for investors who plan to invest in the short term.

The Depositary of the Fund is Citibank Depositary Services Ireland Limited.

Further information about the Fund and copies of the Prospectus, Supplement, latest Annual and Semi-Annual Reports of the Company can be obtained free of charge from our website (www.aegonam.com) or by calling +353 1 622 4493. These documents are available in English.
