Objectives and Investment Policy

Long-term capital growth by investing in Asia-Pacific Equity and Bond markets.

We manage this Sub-Fund in reference to a Benchmark. Sub-Fund's Benchmark plays a role for the Sub-Fund's performance objectives and measures. We follow an active management approach with the aim to outperform the Benchmark. Our deviation from the investment universe, weightings and risk characteristics of the Benchmark is likely to be significant in our own discretion, therefore the minority of the Sub-Fund's investments (excluding derivatives) may consist of components of the Benchmark.

More than 50% of Sub-Fund assets are invested by us in Equities and min. 40% of Sub-Fund assets in Equities in accordance with the investment objective. Max. 50% of Sub-Fund assets may be invested by us in bonds. Max. 30% of Sub-Fund assets may be invested by us into the China A-Shares market. Sub-Fund assets may be invested in Emerging Markets. Sub-Fund assets may not be invested by us in High-Yield bonds bearing a typically higher risk and higher potential of gains. Max. 20% of Sub-Fund assets

may be invested by us in ABS and/or MBS with a rating of at least BBB-. Max. 50% of Sub-Fund assets may be held in deposits and/or invested directly in Money Market Instruments and/or (up to 10% of Sub-Fund assets) in money market funds on temporary basis for liquidity management and/or defensive purpose. All bonds and money market instruments must have at the time of acquisition a rating of at least B- or a comparable rating from a recognised rating agency. Sub-Fund classifies as "equity-fund" according to German Investment Tax Act (GITA).

Risk and Reward Profile

← Typically lower rewards
← Typically lower risk

Typically higher rewards →
Typically higher risk →

This risk and reward indicator is based on past performance data. It may not be a reliable indication of the future risk profile of the fund.

The categorisation of the fund is not guaranteed and may change in the future.

Even the lowest category 1 does not mean a risk-free investment.

Why is the fund in this category?

Funds of category 6 have shown in the past a high volatility. The volatility describes how much the value of the fund went up and down in the past. The units of a fund of category 6 might be

subject to high price fluctuations based on the historical volatilities observed.

The following material risks are not fully captured by the risk and reward indicator:

A significant portion of the Fund may be invested in emerging market assets. Emerging markets generally carry greater political, legal, counterparty and operational risk. In exceptional circumstances the Fund may encounter difficulties when buying and selling these investments.

Due to the fact that the Sub-Fund may invest into the China A-Shares market via both, Shanghai-Hong Kong Stock Connect and/or Shenzhen-Hong Kong Stock Connect, various additional risks which include but are not limited to regulatory risks and suspension risks may thereby be caused and should be emphasised to the general investment and equity related risks.
