Term: The term of the Sub-Fund is unlimited. The Management Company may terminate the fund by liquidation or merger with another fund in accordance with legal requirements.

Objectives: The Sub-Fund is a financial product that promotes ESG characteristics pursuant to Article 8 of the Disclosure Regulation.

This Sub-Fund seeks to provide income and maintain the value of the investment over the recommended holding period by investing at least 80% of its net assets in debt and debt-related instruments denominated in onshore Renminbi ("CNY") or offshore Renminbi ("CNH"), that are issued or guaranteed by the Chinese government or government agencies and/or policy banks.

The Renminbi denominated debt and debt-related instruments in which the Sub-Fund invests shall be dealt in China (directly on China Interbank Bond Market (CIBM) or indirectly via Bond connect) or in Hong Kong. Specifically, the Sub-Fund invests in bonds that are issued or guaranteed by the Chinese government or government agencies, supranational bodies, and/or policy banks of China.

The Sub-Fund may invest up to (i) 15% of its assets in debt securities issued by companies that are headquartered, or do substantial business, in the People's Republic of China, and (ii) 5% of its assets in high yield debt securities (as rated by Amundi's internal credit ratings).

While complying with the above policies, the Sub-Fund may also invest in:

- deposits denominated in currencies of Emerging Markets other than CNY/CNH for up to 10% of its net assets (for treasury purposes and in case of unfavourable market conditions);

- green bonds which fund eligible projects meeting the criteria and guidelines of the Green Bond Principles (as published by the ICMA) for up to 30% of its net assets;

- Distressed Securities for up to 5% of its net assets.

The Sub-Fund may use derivatives to reduce various risks, for efficient portfolio management and as a way to gain exposure (long or short) to various assets, markets or other investment opportunities (including derivatives which focus on credit, interest rates and foreign exchange).

Benchmark : The Sub-Fund is actively managed by reference to and seeks to outperform (after applicable fees) the Bloomberg China Aggregate Treasury Index (the "Benchmark") over the recommended holding period.
