

PURPOSE

This document provides you with key information about this investment product. It is not marketing material. The information is required by law to help you understand the nature, risks, costs, potential gains and losses of this product and to help you compare it with other products.

PRODUCT

Artemis Funds (Lux) - Global High Yield Bond, a sub-fund of Artemis Funds (Lux)

Class: I accumulation shares, GBP hedged

ISIN: LU2031174779

Manufacturer name: FundRock Management Company S.A. This product is authorised and regulated in Luxembourg.

Contact details: Visit www.fundrock.com or call +352 27 111 1 for more information.

The Commission de Surveillance du Secteur Financier ("CSSF") is responsible for supervising FundRock Management Company S.A. in relation to this Key Information Document.

This key information document was produced on 13 December 2023.

WHAT IS THIS PRODUCT?

Type

This product is a sub-fund of Artemis Funds (Lux), an open-ended investment company (société d'investissement à capital variable "SICAV") organised under the laws of the Grand Duchy of Luxembourg. The fund qualifies as an undertaking for collective investment in transferable securities (UCITs).

Term

This product has no fixed maturity date. An investor can hold their investment for any time period but 5 years is the recommended holding period. The board of directors of the SICAV has the authority to decide on the merger, split, liquidation or the closure of the product, with adequate notice to investors. Furthermore, the product may be wound up by decision of an extraordinary general meeting of shareholders.

Objective

The fund aims to increase the value of shareholders' investments through a combination of income and capital growth.

Investment policy

The fund is actively managed.

The fund may invest in the bonds of any type of issuer (for example government or corporates) with no restriction on economic or geographic areas (including emerging markets).

The fund will invest at least 80% in high yield bonds, which either (a) have been given a credit rating of either: (i) Ba1 or lower by Moody's; (ii) BB+ or lower by Standard & Poor's; or (iii) BB+ or lower by Fitch; or (b) have not been rated but which the Investment Manager believes would, if they were rated, be given a comparable credit rating.

Corporate bonds (held either directly or indirectly via derivatives) issued by companies involved in the following are automatically excluded:

- Tobacco: companies which derive more than 5% revenue from tobacco production;
- Nuclear power: companies which derive more than 5% revenue from:
 - nuclear power plant ownership or operation;
 - manufacturing of nuclear-specific essential components;
 - uranium mining; or
 - nuclear energy based power generation;
- Weapons: companies:
 - involved in the production of controversial weapons (including cluster munitions, landmines, biological and chemical weapons) or nuclear weapons; or
 - which derive more than 5% revenue from conventional weapons, related components and systems;
- Fossil Fuels: companies which:
 - derive more than 10% revenue from thermal coal-based power generation; or
 - derive more than 5% revenue from thermal coal mining or sale, oil sands, fracking or arctic drilling;
- Companies that the Investment Manager determines to be in breach of the United Nations Global Compact principles on human rights, labour rights, the environment and anti-corruption.

The fund promotes environmental and/or social characteristics within the meaning of Article 8 of SFDR. This is achieved through (i) operating exclusions lists, as detailed

above, based on industries where the Investment Manager assesses there to be fundamental ESG-related concerns, (ii) taking into consideration ESG risks and opportunities, which may additionally influence the bonds selected depending on the outcome of the ESG evaluation, and (iii) favouring investment in issuers with low or reducing carbon intensity, with the Investment Manager aiming for the fund's carbon intensity (as measured by scope 1 & 2 emissions) to be below that of the ICE BofAML Global High Yield Constrained Index. Further information is contained in a methodology statement available on the Artemis website at www.artemisfunds.com/methodology-statement.

The environmental social and governance (ESG) evaluation of individual securities is determined by the Investment Manager using information provided by the companies (for example company sustainability reports) and third-party data focusing on individual factors and metrics that the Investment Manager considers to be relevant. More information about the environmental or social characteristics for this fund is available in the pre-contractual disclosure for financial products referred to in Article 8 under SFDR in the fund's prospectus.

In addition to purchasing high yield bonds, the fund may use derivatives and other techniques for investment, hedging and for efficient portfolio management. The fund's derivatives may include, but are not limited to, futures, forward currency contracts, credit default swaps (single name and indices) and interest rate swaps. In particular, the Investment Manager intends to hedge the fund's base currency against the currencies in which the underlying assets of the fund are denominated. There may be certain currency exposures where it is impractical or not cost effective to apply the portfolio hedge, but the intention is that the fund will operate a target hedge ratio of 100%.

In the event that any bonds held by the fund are subject to a restructuring process, the fund will be permitted to invest in new bonds or equity securities issued as part of the reorganisation process.

The fund may invest up to 10% of its assets in each of the following:

- asset-backed securities and mortgage-backed securities;
- distressed/defaulted bonds; and
- other collective investment schemes.

The fund may invest up to 20% of its assets in each of the following:

- contingent convertible bonds; and
- more speculative high yield bonds, where they carry a credit rating from Moody's, Standard & Poor's or Fitch, that have been given ratings whereby none are at or above B- (for Standard & Poor's and Fitch) or B3 (for Moody's) not qualifying as distressed/defaulted bonds at the time of purchase.

Subject to the limits set out in the 'Investment Restrictions' section of the fund's prospectus, the fund may also hold ancillary liquid assets for treasury purposes.

Subject to the limits set out in the 'Investment Restrictions' section of the fund's prospectus, the fund may also invest in bank deposits, money market instruments and money market funds in order to achieve its investment goals, for treasury purposes and in case of unfavourable market conditions.

Benchmark: ICE BofA Merrill Lynch Global High Yield Constrained GBP Hedged Index

The benchmark is a point of reference against which the performance of the fund may be measured. Management of the fund is not restricted by this benchmark. The deviation from the benchmark may be significant and the portfolio of the fund may at times bear little or no resemblance to its benchmark.

The benchmark does not take into account environmental and/or social characteristics promoted by the fund.

Intended retail investor

This product is intended for retail, professional and institutional investors who are willing to invest for the long-term and who plan to stay invested for at least 5 years. Investors should be prepared to take on a relatively high level of risk of loss to their original capital in order to get a higher potential return. This investment should form

part of a varied portfolio, it is suitable for general sale to retail and professional investors through all distribution channels with or without professional advice.

Depository

Northern Trust Global Services SE.

WHAT ARE THE RISKS AND WHAT COULD I GET IN RETURN?

Risk Indicator

The risk indicator assumes you keep the product for 5 years.

- The actual risk can vary significantly if you cash in at an early stage and you may get back less.
- The summary risk indicator is a guide to the level of risk of this product compared to other products. It shows how likely it is that the product will lose money because of movements in the markets or because we are not able to pay you.

- We have classified this product as class 3 out of 7, which is a medium-low risk class. This rates the potential losses from future performance at a medium-low level, and poor market conditions are unlikely to impact the capacity of the fund to pay you.
- Be aware of currency risk.** You may receive payments in a different currency, so the final return you will get depends on the exchange rate between the two currencies. This risk is not considered in the indicator shown above.
- Other materially relevant risks for the fund are: Market volatility risk, Bond liquidity risk, Higher-yielding bonds risk, Credit risk, Derivatives risk, Charges from capital risk, Emerging markets risk, Currency hedging risk, Income risk and ESG risk. Please refer to the fund's prospectus, available at www.artemisfunds.com/literature, for full details of these and other risks which are applicable to this fund.

Risk indicator number is accurate as at: 31 October 2023.

PERFORMANCE SCENARIOS

What you will get from this product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted.

The unfavourable, moderate, and favourable scenarios shown are illustrations using the worst, average, and best performance of the product and its suitable benchmark over the last 10 years. The scenarios shown illustrate how your investment could perform. You can compare them with the scenarios of other products. Markets could develop very differently in the future.

Recommended holding period: 5 years

Example investment: 10,000 GBP

Scenarios			
Minimum: There is no minimum guaranteed return. You could lose some or all of your investment.		If you exit after 1 year	If you exit after 5 years
Stress scenario	What might you get back after costs	5,290 GBP	5,450 GBP
	Average return each year	-47.07 %	- 11.42 %
Unfavourable scenario	What might you get back after costs	8,490 GBP	9,000 GBP
	Average return each year	-15.09 %	- 2.09 %
Moderate scenario	What might you get back after costs	10,420 GBP	11,970 GBP
	Average return each year	4.17 %	3.66 %
Favourable scenario	What might you get back after costs	13,370 GBP	13,860 GBP
	Average return each year	33.70 %	6.74 %

Performance scenarios are accurate as at: 31 October 2023.

The figures shown include all the costs of the product itself, but may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back.

The stress scenario shows what you might get back in extreme market circumstances, and it does not take into account the situation where we are not able to pay you.

Unfavourable: This type of scenario occurred for an investment between 01/2022 and 10/2023.

Moderate: This type of scenario occurred for an investment between 07/2014 and 06/2019.

Favourable: This type of scenario occurred for an investment between 03/2016 and 02/2021.

WHAT HAPPENS IF FUNDROCK MANAGEMENT COMPANY S.A. IS UNABLE TO PAY OUT?

The Management Company is responsible for administration and management of the Fund, and does not typically hold assets of the Fund (assets that can be held by a depository are, in line with applicable regulations, held with a depository in its custody network). The Management Company, as the manufacturer of this product has no obligation to pay out since the product design does not contemplate any such payment being made. However, investors may suffer loss if the Fund or the depository is unable to pay out. There is no compensation or guarantee scheme in place which may offset, all or any, of this loss.

WHAT ARE THE COSTS?

The person advising on or selling you this product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.

Costs over time

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the product and how well the product does. The amounts shown here are illustrations based on an example investment amount and different possible investment periods:

We have assumed:

- In the first year you would get back the amount that you invested (0% annual return). For the other holding periods we have assumed the product performs as shown in the moderate scenario.
- 10,000.00 GBP is invested.

	If you exit after 1 year	If you exit after 5 years
Total costs	87 GBP	528 GBP
Annual cost impact *	0.87 %	0.90 %

*This illustrates how costs reduce your return each year over the holding period. For example it shows that if you exit at the recommended holding period your average return per year is projected to be 4.55% before costs and 3.66% after costs.

Composition of costs

One-off costs upon entry or exit		If you exit after 1 year
Entry costs	We do not charge an entry fee.	N/A
Exit costs	We do not charge an exit fee for this product, but the person selling you the product may do so.	N/A
Ongoing costs taken each year		
Management fees and other administrative or operating costs	0.51% of the value of your investment per year. This is an estimate based on actual costs over the last year.	51 GBP
Portfolio transaction costs	0.35% of the value of your investment per year. This is an estimate of the costs incurred when we buy and sell the underlying investments for the product. The actual amount will vary depending on how much we buy and sell.	35 GBP
Incidental costs taken under specific conditions		
Performance fee	There is no performance fee for this product.	N/A

Costs are accurate as at: 31 October 2023, unless specified.

HOW LONG SHOULD I HOLD IT AND CAN I TAKE MY MONEY OUT EARLY?

Recommended holding period: 5 years

The fund is designed to be held over the long term and we recommend that you hold this investment for at least 5 years. You can request to take out some or all of your money at anytime. If you cash in at an early stage this may increase the risk of lower investment returns or a loss. Dealing frequency, normally Monday to Friday except Luxembourg public holidays and non-dealing days. Visit www.artemisfunds.com/non-dealing-days for more information.

HOW CAN I COMPLAIN?

If you have any complaints about the product, the conduct of the manufacturer or the person advising on the product, complaints can be lodged via the following methods:

E-mail: complaints@artemisfunds.com
Telephone: +352 28 29 41 52
Website: www.artemisfunds.com
Address: Client Services, Artemis Funds (Lux), Cassini House, 57 St James's Street, London, SW1A 1LD.
