**Class A2 EUR Hedged**

**ISIN: LU0625451603**

**Management Company: BlackRock (Luxembourg) S.A.**

## Objectives and Investment Policy

- ▶ The Fund aims to generate an above average level of income on your investment as well as maintain long term capital growth.
- ▶ The Fund invests globally at least 70% of its total assets in equity securities (e.g. shares) of companies domiciled in, or the main business of which is in, developed markets.
- ▶ For the purpose of managing currency exposure, the investment adviser (IA) may use investment techniques (which may include the use of financial derivative instruments (FDIs)) to protect the value of the Fund, in whole or part, or enable the Fund to profit from changes in currency exchange rates against the base currency of the Fund. FDIs are investments the prices of which are based on one or more underlying assets.
- ▶ The Fund distributes income gross of expenses.
- ▶ The IA has discretion to select the Fund's investments and in doing so may take into consideration the MSCI AC World Index.
- ▶ Your shares will be non-distributing (i.e. dividend income will be included in their value).
- ▶ The Fund's base currency is US Dollar. Your shares will be denominated in Euro.
- ▶ Your shares will be "hedged" with the aim of protecting them from exchange rate fluctuations between their denominated currency and the base currency of the Fund.
- ▶ You can buy and sell your shares daily. The minimum initial investment for this share class is \$5,000 or currency equivalent.

## Charges

The charges are used to pay the costs of running the Fund, including the costs of marketing and distributing it. These charges reduce the potential growth of your investment.

The entry and exit charges shown are maximum figures. In some cases you might pay less. Please refer to your financial advisor or the distributor for the actual entry and exit charges.

\* Subject to a charge of up to 2% paid into the Fund where the Manager suspects excessive trading by an investor.

The ongoing charges figure is based on expenses for the twelve month period ending 31 December 2012. This figure may vary from year to year. It excludes portfolio trade-related costs, except costs paid to the custodian and any entry/exit charge paid to an underlying collective investment scheme (if any).

\*\* To the extent the Fund undertakes securities lending to reduce costs, the Fund will receive 60% of the associated revenue generated and the remaining 40% will be received by BlackRock as the securities lending agent. As securities lending revenue sharing does not increase the costs of running the Fund, this has been excluded from the ongoing charges.
