EXPLANATORY NOTES TO THE SEMI-ANNUAL REPORT AS AT 30 JUNE 2023

1.) GENERAL

The investment company “BZ Fine Funds” (“the Fund”) is a public limited company with variable capital (*société d'investissement à capital variable*) under the law of the Grand Duchy of Luxembourg. Its registered office is at 4, rue Thomas Edison, L-1445 Strassen, Luxembourg. It was founded on 13 December 2010 for an indefinite period in the form of an umbrella fund with multiple sub-funds. Its Articles of Association were published on 4 January 2011 in the *Mémorial, Recueil des Sociétés et Associations*, the Official Journal of the Grand Duchy of Luxembourg (“Mémorial”). On 1 June 2016, the Mémorial was replaced by the *Recueil Électronique des Sociétés et Associations* (“RESA”), the new information platform of the Luxembourg Trade and Companies Register. The Investment Company is entered in the commercial register in Luxembourg under registration number R.C.S. Luxembourg B 157402. The Articles of Association were last amended on 30 December 2022 and published in the RESA.

The investment company BZ Fine Funds (“Investment Company”) is a Luxembourg investment company (*société d'investissement à capital variable*) established for an indefinite period in the form of an umbrella fund with one or more sub-funds (“sub-funds”) in accordance with Part I of the Luxembourg Law of 17 December 2010 relating to undertakings for collective investment in its current version (“Law of 17 December 2010”).

The Management Company of the Fund is IPConcept (Luxembourg) S.A. (the “Management Company”), a public limited company (Aktiengesellschaft) under the law of the Grand Duchy of Luxembourg, with its registered office located at 4, rue Thomas Edison, L-1445 Strassen, Luxembourg. It was established for an indefinite period on 23 May 2001. Its Articles of Association were published in the Mémorial on 19 June 2001. The most recent amendment to the Articles of Association entered into force on 27 November 2019 and was published in the RESA on 20 December 2019. The Management Company is entered in the Luxembourg Trade and Companies Register under registration number R.C.S. Luxembourg B 82183.

2.) BASIC PRINCIPLES OF ACCOUNTING AND VALUATION

This report is drawn up at the responsibility of the Board of Directors of the Investment Company in accordance with the legal provisions applicable in Luxembourg and the standards for the preparation and presentation of reports.

1. The net company assets of the Investment Company are denominated in euro (EUR) (“reference currency”).
2. The value of a share (“net asset value per share”) is denominated in the currency laid down in the Annex to the Sales Prospectus (“sub-fund currency”), insofar as no other currency is stipulated for other share classes in the respective Annex to the Sales Prospectus (“share class currency”).
3. The net asset value per share is calculated by the Management Company or a third party commissioned for this purpose by the Management Company, under the supervision of the Depositary, on each day specified in the Annex with the exception of 24 and 31 December of each year (“valuation day”) and rounded off to two decimal places. The Board of Directors of the Investment Company may decide on a different arrangement for individual sub-funds, in which case it should be taken into account that the net asset value per share should be calculated at least twice a month.
4. In order to calculate the net asset value per share, the value of the assets of each sub-fund less the liabilities of the respective sub-fund is determined on each valuation date (“net sub-fund assets”), and this figure is divided by the number of shares in circulation in the respective sub-fund on the valuation date. The Investment Company may, however, decide to determine the net asset value per share on 24 and 31 December without these determinations of value being considered to be calculations of the net asset value per share on a valuation date within the meaning of the preceding sentence 1 of this clause 4. Consequently, shareholders may not demand the issue, redemption and/or the exchange of shares on the basis of a net asset value per share that is determined on 24 December and/or 31 December of any given year.
5. If applicable legal regulations or the provisions of these Articles of Association require the situation of the net company assets to be described in the annual or semi-annual reports and other financial statistics, the assets of the relevant sub-fund will be converted into the reference currency. Net sub-fund assets are calculated according to the following principles:

- a. Transferable securities, money market instruments, derivative financial instruments (derivatives) and other assets officially listed on a stock exchange are valued at the latest available trade price which provides a reliable valuation on the trading day preceding the valuation day.

The Management Company may stipulate for individual sub-funds that transferable securities, money market instruments, derivative financial instruments (derivatives) and other assets officially listed on a securities exchange are valued at the latest available closing price which provides a reliable valuation. Details regarding this can be found in the Annex to the Sales Prospectus for the relevant sub-funds.

If transferable securities, money market instruments, derivative financial instruments (derivatives) and other assets are officially listed on several stock exchanges, the one with the highest liquidity shall be applicable.

- b. Transferable securities, money market instruments, derivative financial instruments (derivatives) and other assets which are not officially listed on a securities exchange (or whose stock exchange price is not deemed representative, e.g. due to lack of liquidity) but which are traded on another regulated market, shall be valued at a price no less than the bid price and no more than the offer price of the trading day preceding the valuation day, and which the Management Company considers in good faith to be the best possible price at which the transferable securities, money market instruments, derivative financial instruments (derivatives) and other investments can be sold.

EXPLANATORY NOTES TO THE SEMI-ANNUAL REPORT AS AT 30 JUNE 2023 (CONTINUED)

The Management Company may stipulate for individual sub-funds that transferable securities, money market instruments, derivative financial instruments (derivatives) and other assets which are not officially listed on a securities exchange (or whose stock exchange rates are not deemed representative, e.g. due to lack of liquidity) but which are traded on another regulated market, be valued at the latest available price which the Management Company considers in good faith to be the best possible price at which the transferable securities, money market instruments, derivative financial instruments (derivatives) and other investments can be sold. Details regarding this can be found in the Annex to the Sales Prospectus for the relevant sub-funds.

- c. OTC derivatives are valued on a daily basis by means of a valuation to be determined and able to be checked by the Management Company.
- d. Units in UCIs/UCITS are determined at the last redemption price set before the valuation day or are valued at the latest available price which provides a reliable valuation. If the redemption is suspended or no redemption prices are established for certain investment units, these units and all other assets will be valued at their appropriate market value, as determined in good faith by the Management Company in line with generally accepted and verifiable valuation rules.
- e. If the prices in question are not fair market prices, if the financial instruments specified under (b) are not traded on a regulated market, and if no prices have been set for financial instruments other than those listed under (a)–(d), then these financial instruments and the other legally permissible assets shall be valued at their respective current market value, which shall be established in good faith by the Management Company on the basis of generally accepted and verifiable valuation rules (e.g. suitable valuation models taking account of current market conditions).
- f. Liquid assets are valued at their par value, plus interest.
- g. Amounts due, for example deferred interest claims and liabilities, shall in principle be rated at the nominal value.
- h. The market value of transferable securities, money market instruments, derivatives and other assets denominated in a currency other than the relevant sub-fund currency shall be converted into the sub-fund currency at the exchange rate of the trading day preceding the valuation day, using WM/Reuters fixing at 17:00 (16:00 GMT). Profits and losses from foreign exchange transactions shall, on each occasion, be added or subtracted.

The Management Company may stipulate for individual sub-funds that transferable securities, money market instruments, derivative financial instruments (derivatives) and other assets denominated in a currency other than that of the sub-fund be converted into the sub-fund currency at the exchange rate of the valuation day. Profits and losses from foreign exchange transactions shall, on each occasion, be added or subtracted. Details regarding this can be found in the Annex to the Sales Prospectus for the relevant sub-funds.

Any distributions paid out to sub-fund shareholders will be deducted from the net assets of the sub-fund.

- 6. The net asset value per share is calculated separately for each sub-fund pursuant to the aforementioned criteria. However, if a sub-fund contains different share classes, the share value will be calculated separately for each share class within the sub-fund pursuant to the aforementioned criteria.

The tables published in this report may, for arithmetical reasons, contain rounding up differences which are higher or lower than a unit (currency, percentage, etc.).

3.) TAXATION

Taxation of the Investment Company and its sub-funds

The Company's assets are not subject to taxation on its income and profits in the Grand Duchy of Luxembourg. The Company's assets in the Grand Duchy of Luxembourg are only subject to the *"taxe d'abonnement"* which is currently 0.05% p.a. A reduced *"taxe d'abonnement"* of 0.01% p.a. is applicable to (i) sub-funds or share classes whose shares are only issued to institutional shareholders within the meaning of Article 174 of the Law of 17 December 2010, (ii) sub-funds whose sole purpose is to invest in money market instruments, time deposits with credit institutions or both. The *"taxe d'abonnement"* is payable quarterly, based on the Company's net assets reported at the end of each quarter. The amount of the *"taxe d'abonnement"* is specified for each sub-fund or share class in the relevant Annex to the Sales Prospectus. An exemption from the *"taxe d'abonnement"* applies, inter alia, to the extent that the Fund's assets are invested in other Luxembourg investment funds, which in turn are already subject to *"taxe d'abonnement"*.

Income received by the Fund (especially interest and dividends) may be subject to withholding tax or assessed tax in the countries in which the respective sub-fund's assets are invested. The Fund may also be taxed on realised or unrealised capital gains of its investments in the source country. Neither the Depository nor the Management Company are obliged to collect tax certificates.

Taxation of income from shares in the Investment Company held by the shareholder

Shareholders who are or were not tax resident in the Grand Duchy of Luxembourg and who do not maintain a permanent establishment there or have a permanent representative there are not subject to Luxembourg corporation tax in respect of their income or capital gains on their shares in the Fund.

Natural persons who are resident in the Grand Duchy of Luxembourg are subject to progressive Luxembourg income tax. Companies that are tax resident in the Grand Duchy of Luxembourg are subject to corporation tax on the income from the fund units.

EXPLANATORY NOTES TO THE SEMI-ANNUAL REPORT AS AT 30 JUNE 2023 (CONTINUED)

Interested parties and shareholders are recommended to find out about laws and regulations which are applied to the taxation of corporate assets, the subscription, the purchase, the ownership, the redemption or the transfer of shares and to call on the advice of external third parties, especially a tax adviser.

4.) USE OF INCOME

Please refer to the current Sales Prospectus for details regarding use of income.

5.) INFORMATION ON FEES AND EXPENSES

Please refer to the current Sales Prospectus for information regarding the flat fee.

6.) CURRENT ACCOUNTS (BANK BALANCES AND LIABILITIES) OF THE SUB-FUNDS

All current accounts of each sub-fund (including in different currencies), which effectively and legally form only a part of a single current account, will be reported as a single current account in the composition of the net assets of each sub-fund. Current accounts in foreign currencies, where available, will be converted into the respective sub-fund currency. The conditions of the respective individual account serve as the basis for the interest calculation.

7.) STATEMENT OF CHANGES IN THE SECURITIES PORTFOLIO

A statement detailing all purchases and sales made during the financial year is available free of charge on request at the registered office of the Management Company.

8.) SIGNIFICANT EVENTS DURING THE REPORTING PERIOD

Russia/Ukraine conflict

As a result of the measures adopted worldwide due to the invasion of Ukraine by Russian troops at the end of February 2022, European stock exchanges, in particular, recorded significant price losses. In the medium term, the financial markets and the global economy are facing a future characterised above all by uncertainty. The impact on the assets of the Fund and its sub-funds resulting from the ongoing conflict in Ukraine cannot be anticipated. As of the date of this report, the Management Company is of the opinion that there are neither indications that speak against the continuation of the Fund and of its sub-funds, nor have any valuation or liquidity problems arisen for them. The Management Company has established appropriate monitoring measures and controls – to assess the impact on the Fund and its sub-funds in a timely manner.

There were no other major changes or other significant events during the reporting period.

9.) SIGNIFICANT EVENTS AFTER THE REPORTING PERIOD

There were no major changes or significant events after the reporting period.

10.) TRANSPARENCY OF SECURITIES FINANCING TRANSACTIONS AND REUSE

IPConcept (Luxemburg) S.A., as a Management Company of undertakings for collective investment in transferable securities (UCITS) and as a Manager of Alternative Investment Funds ("AIFM"), falls by definition within the scope of Regulation (EU) 2015/2365 of the European Parliament and the Council of 25 November 2015 on the transparency of securities financing transactions and of reuse and amending Regulation (EU) no. 648/2012 ("SFTR").

In the investment fund's reporting period no use was made of securities financing transactions or total return swaps within the meaning of this regulation. Consequently, this report must provide no details for investors pursuant to Article 13 of said regulation.

Details of the investment strategy and financial instruments used within the investment fund can be found in the current Sales Prospectus or downloaded free of charge from the Management Company's website www.ipconcept.com under the heading "Investor Information".

C) TOTAL EXPENSE RATIO (TER) ACCORDING TO THE GUIDELINE OF THE ASSET MANAGEMENT ASSOCIATION SWITZERLAND OF 16 MAY 2008 (VERSION OF 5 AUGUST 2021)

The commissions and expenses incurred in managing the undertaking for collective investment must be disclosed under the internationally recognised heading "Total Expense Ratio (TER)". This ratio expresses the total commissions and expenses charged on a regular basis to the assets of the undertaking for collective investment (operating expenses); this is calculated retrospectively as a percentage of the average net fund assets, using the following formula:

$$\text{TER \%} = \frac{\text{Total operating expenses in UA}^*}{\text{Average net sub-fund assets in UA}^*} \times 100$$

* UA = Units in the accounting currency of the collective capital investment

The following TER was calculated as a percentage in accordance with the Guideline of the Asset Management Association Switzerland of 16 May 2008 (version of 5 August 2021) for the period from 1 July 2022 to 30 June 2023:
