Details about the SICAV

The net asset value per share and the subscription, redemption and conversion prices are published each valuation day at the SICAV's registered office. The financial year begins on October 1, each year and ends on September 30, of the following year.

The SICAV publishes a detailed annual report on its activities and the management of its assets which includes the statement of net assets and the statement of changes in net assets expressed in EUR, a detailed listing of the fund's assets and the audit report.

In addition, it publishes a semi-annual report, detailing, with regard to each sub-fund, the statement of net assets, the composition of the securities portfolio, the number of outstanding shares and the net asset value per share.

The shares are only available in registered form.

The prospectus, the SICAV's Articles of Incorporation and financial reports are available free of charge at the SICAV registered office. Statements of movements in the securities portfolios are available free of charge upon request from the SICAV's registered office.

An Annual General Meeting of Shareholders is held each year at the registered office of Candriam World Alternative (the "SICAV"), or at any other place in Luxembourg which will be specified on the convocation.

It is held within six months of the end of the financial year.

Notices of all General Meetings are sent by letter to all the registered Shareholders at their address shown in the register of Shareholders at least eight days prior to the General Meeting.

These notices state the time and place of the General Meeting and the conditions of admission, the agenda and the requirements under Luxembourg law regarding quorums and necessary majorities.

Financial notices or all other information are sent to the shareholders at their address recorded in the register of shareholders, in accordance with the legislation currently in force. They are also published in the press of the countries in which the SICAV is marketed, if the legislation of those countries so requires.

Other notes to the financial statements

Note 1 - General Information

Candriam World Alternative (hereafter the "SICAV") is an open-ended investment company subject to Luxembourg law, established in Luxembourg on July 6, 2001 for an indefinite period pursuant to the provisions of Part II of the law of December 17, 2010 relating to undertakings for collective investment as amended, and the Law of August 10, 1915 on commercial undertakings, as amended. The SICAV is described as an alternative investment fund within the meaning of the law of July 12, 2013 relating to alternative fund managers and its implementing regulations (hereinafter the "AIFM Law"). The AIFM of the SICAV is Candriam Luxembourg since December 17, 2010.

The SICAV's Articles of Association were published in the "Mémorial, Recueil des Sociétés et Associations" (the "Mémorial") dated August 13, 2001. They were last amended on October 1, 2020 and the amendments were published in the "RESA, Recueil Electronique des Sociétés et Associations" (the "RESA"). The Articles of Association have been filed with the Luxembourg Trade and Company Registry.

The SICAV is registered of and in the Luxembourg Trade Register under number B-82737.

The main characteristic of the SICAV is that it is a Fund of Funds established under Luxembourg law; assets will be invested primarily in alternative funds, also known as Hedge Funds (hereinafter called "Target Funds"). The chief characteristic of hedge funds is that they can use investment techniques that are not available to traditional investment managers, such as short selling, the use of derivatives for speculative purposes and financial leverage.

The SICAV is a UCI with multiple sub-funds. It consists of several sub-funds each of which represent a specific pool of assets and liabilities and adhere to a specific investment policy.

Each sub-fund will invest at least 20% of its net assets in open-ended UCIs (SICAVs, UCIs, FCPs, limited partnerships, limited companies, or any other collective investment vehicle).

The following sub-funds are currently available to investors for subscription:

<u>Sub-funds</u>	<u>Reference currency</u>
Candriam World Alternative C Absolute Return	EUR
Candriam World Alternative Alphamax	EUR

Each sub-fund may offer several classes of shares that differ in their distribution policy (either capitalization or income distribution) or by the concerned investors and/or their entry or management commissions, or their currencies of expression.

The issued share classes are the following:

- The **C Class**, which is reserved for individuals and companies with a minimum initial subscription of one share or EUR 1,000 (or, by a decision of the Board of Directors, the equivalent in any other currency) or the equivalent in a foreign currency for the classes denominated in foreign currencies (the Board of Directors may adjust this minimum at its discretion provided all shareholders are treated equally on a given valuation date);
- The **I Class** is reserved for institutional investors;
- The **R2 Class** is reserved for:
Distributors and/or intermediaries approved by the AIFM which do not receive, for investments in this Class, any form of remuneration from an entity of the Candriam Group, when the final investments in the shares are made in the context of a mandate.
UCIs approved by the AIFM.
- The **V Class**, which is reserved solely for institutional investors with a minimum initial subscription of EUR 10,000,000 (or, by a decision of the Board of Directors, the equivalent in any other currency) or the equivalent in a foreign currency for the Classes denominated in foreign currencies (the Board of Directors may adjust this minimum at its discretion provided all shareholders are treated equally on a given valuation day);
- The **Z class** reserved for:
Institutional/professional investors approved by the Asset Manager. The portfolio management activity for this class is directly remunerated through the contract concluded with the investor, so no portfolio management fee is payable for the assets of this class.
UCIs approved by the Asset Manager and managed by an entity of the Candriam group.

Hedging against fluctuations in the reference currency: the aim of such hedging is to attenuate the effect of exchange-rate fluctuations between the reference currency of the sub-fund and the currency in which the share class is denominated. The aim of this type of hedging is to attain a performance (adjusted in particular for the interest-rate differential between the two currencies) that is reasonably comparable between the hedged class and the (equivalent) class denominated in the reference currency of the sub-fund. This type of hedging will be identified by the addition of the suffix H in the name of the class.

Hedging against the exchange-rate exposure of the assets that make up the portfolio: the aim of such hedging is to attenuate the effect of exchange-rate fluctuations between the currencies in which the sub-fund's assets are held and the currency in which the share class is denominated. This type of hedging will be identified by the addition of the suffix AH in the name of the class.

The aim of these two types of hedging is to attenuate the exchange-rate risk.

The shares issued are described in detail in the section Statistics of the various sub-funds.

Other notes to the financial statements

Note 2 - Principal accounting policies

The financial statements of the SICAV are prepared in accordance with Luxembourg regulations relating to Undertakings for Collective Investment. For the sub-fund Candriam World Alternative C Absolute Return, the financial statements are prepared on non-going concern basis to the extent that Management has decided to close the Sub-Fund in 2022. Some small discrepancies might appear in some totals or sub-totals in the financial statements due to rounding rules.

The net asset values used for the purpose of the financial statements are dated March 31, 2023. The net asset value of each sub-fund has been calculated on April 03, 2023 on the basis of the last known prices at the time of the valuation.

a) Valuation of each sub-fund's portfolio

Transferable securities listed on a stock exchange or traded on another normally operating regulated market which is recognised and open to the public are valued on the basis of the last known price in Luxembourg on the valuation day. If any security is traded on several markets, the valuation is based on the last known price in its main market.

Securities not listed on a stock exchange or not traded in a normally operating regulated market which is recognised and open to the public, and securities listed on a stock exchange or traded on another normally operating regulated market which is recognised and open to the public but for which the last known price is not representative of their real value, are valued on the basis of their probable realisable value estimated by the Board of Directors with prudence and in all good faith.

Fund shares are valued on the basis of their official net asset value at the end of the corresponding month; if no official net asset value is available at the end of the corresponding month, an estimated net asset value is used. A haircut can be applied for illiquid positions.

b) Net realised profits or losses on sales of investments

The realised profits or losses realised on sales of investments from each sub-fund are calculated based on the average cost of the investments sold.

c) Foreign currency translation

The values expressed in a currency other than the reference currency of each sub-fund are translated into that currency at the exchange rate prevailing at closing date.

Income and expenses in a currency other than the reference currency of each sub-fund are translated into that currency at the exchange rates prevailing at the transaction date.

The acquisition cost of securities in each sub-fund expressed in a currency other than the reference currency of the sub-fund is translated into that currency at the exchange rates prevailing at the day of purchase.

Exchange rates used as at March 31, 2023:

1 EUR = 1.08645 USD

d) Combined financial statements of the SICAV

The combined statement of the SICAV's net assets and the combined statement of changes in net assets which are expressed in EUR are the sum of the statement of net assets and the statement of changes in net assets of each sub-fund.

e) Valuation of forward foreign exchange contracts

The forward foreign exchange contracts are valued on the basis of forward exchange rates prevailing at the closing date and applicable to the remaining period until the expiration date. The unrealised appreciation / (depreciation) on forward foreign exchange contracts is disclosed in the statement of net assets under "Net unrealised appreciation / (depreciation) on forward foreign exchange contracts".

Realised gains / (losses) and change in unrealised appreciation / depreciation resulting there from are included in the statement of changes in net assets respectively under "Net realised gain / (loss) on forward foreign exchanges contracts" and "Change in net unrealised appreciation / depreciation on forward foreign exchange contracts".

For the details of outstanding forward foreign exchange contracts, if any, please refer to the section "Notes to the financial statements - Schedule of derivative instruments".

f) Transaction costs

For the period ended March 31, 2023, the SICAV incurred transaction costs and broker's charges related to the purchase and sale of transferable securities, money market instruments, other eligible assets and derivatives instruments. Those charges are disclosed in the statement of changes in net assets under the heading "Transaction costs".

g) Income

Interest income is accrued pursuant to the terms of the underlying investment. Income is recorded net of respective withholding taxes, if any. Dividends are recognised on ex-date.

Note 3 - Management fees

Candriam Luxembourg (hereinafter referred to as the "Alternative Investment Fund Manager" or "AIFM"), a partnership limited by shares under Luxembourg law established in Luxembourg on July 10, 1991, has been appointed AIFM of the SICAV. Candriam Luxembourg, having its registered office at SERENITY - Bloc B, 19-21, Route d'Arlon, L-8009 Strassen, is a subsidiary of Candriam Group (previously New York Life Investment Management Global Holdings S.à r.l.), an entity of the New York Life Insurance Company Group.

It has been approved as a Management Company pursuant to Chapter 15 of the amended Law of 2010 on UCIs and as Alternative Investment Fund Manager in the meaning of the chapter 2 of the AIFM Law. Therefore, it is authorized to engage in collective investment portfolio management, alternative investment portfolio management, portfolio management and investment advisory activities.

In connection with its portfolio management of the SICAV's sub-funds, the AIFM has signed with its French subsidiary Candriam France, a public limited company, an investment advisory contract dated April 7, 2009. In return for the advice provided, the AIFM pays to Candriam France, fees expressed as an annual percentage of the management and performance fees charged by the AIFM for the sub-funds concerned.

For each sub-fund activated, the AIFM shall receive a management fee, paid on a monthly basis, calculated according to the average net assets of the share class during the month.

The rates applicable as at March 31, 2023 are as follows

Sub-funds	Share class	Share type	ISIN	Management fee

Note 4 - Distribution fees

The sub-fund Candriam World Alternative Alphamax will pay, for the C Class only, a distribution fee to the principal distributor, which is registered with the SICAV.

This fee is currently set at 0.25% of the C Class of the sub-fund Candriam World Alternative Alphamax on the basis of the average assets contributed to the sub-fund by the principal distributor. This fee is payable every quarter.

Note 5 - Administration fees

Central Administration's fees

Under the terms of a Central Administration Agreement, the AIFM has appointed, at its own expense and under its control and responsibility, CACEIS Bank, Luxembourg Branch, with its registered office at 5, Allée Scheffer, L-2520 Luxembourg as registrar and transfer agent and administrative agent. The Central Administration Agreement is concluded for an indefinite period of time and may be terminated by either party with three months' written notice.

CACEIS Bank, Luxembourg Branch operates as the Luxembourg branch of CACEIS Bank, a société anonyme under French law whose registered office is at sis 1-3, place Valhubert, 75013 Paris, France, Trade Register number RCS Paris 692 024 722. It is a credit institution approved and supervised by the European Central Bank (ECB) and the French Prudential Supervision and Resolution Authority (ACPR). The institution is also authorised to perform banking activities and central administration activities in Luxembourg through its Luxembourg branch.

Legal Fund Engineering fees

Pursuant to the SICAV Appointment Contract, as payment for its legal fund engineering activities, the AIFM receives handling fees expressed as an annual percentage of the average net asset value of each sub-fund of the SICAV. These fees are payable by the SICAV at the end of every quarter, during the following month at the latest, and according to the breakdown below.

The maximum rates applicable for administration's fees and legal fund engineering fees as at March 31, 2023 are as follows:

Note 6 - Depositary fees

CACEIS Bank, Luxembourg Branch (the "Depositary") was appointed depositary of the SICAV's assets.

In payment for its services the Depositary receives a depositary commission representing an annual percentage of the average net asset value and payable by the SICAV at the end of each quarter.

The Depositary also acts as Paying Agent for the SICAV in accordance with the Depositary and Paying Agent contract. The Paying Agent is responsible for receiving the payments of the share subscriptions and for depositing these payments on the bank accounts of the SICAV opened with the Depositary and for distributing the income and dividends to the shareholders. The Paying Agent is also in charge of payments relating to reimbursements and redemptions of shares.

The maximum rates applicable as at March 31, 2023 are as follows:

Sub-funds	Share class	Share type	ISIN	Maximum rate
Candriam World Alternative C Absolute Return	I	Capitalisation	LU1062026569	0.03%

Note 7 - Performance fees

Candriam World Alternative C Absolute Return:

The AIFM will receive a performance fee which shall apply to the assets of the I Class.

This performance fee will correspond to 10% of the outperformance of the class, as defined below. Each time the class is valued, a reference asset is determined by assuming a theoretical investment corresponding to a performance of 10% in excess of the Eonia index +4% ("the benchmark index") of all the subscriptions received over the period (the net book assets at the end of the previous financial year being treated as a subscription at the beginning of the period).

If the value of the benchmark index were to be negative, then the value of the benchmark index used for the calculation would be 0.

When the class is valued, if the shares in circulation - defined as the net book assets after performance fees on redemptions but excluding provision for performance fees corresponding to the shares still in circulation- are worth more than the reference asset, then an outperformance is ascertained (an underperformance in the opposite case). The provision for the performance fee on the shares in circulation is adjusted to 10% of the amount of this new outperformance by allocation or writeback of the provision, before calculating the net asset value. Provision writebacks are capped at the amount of the allocations.

In the event of redemption, the last reference asset calculated and the cumulative total of the subscriptions received as at the last valuation are first reduced in proportion to the number of shares redeemed. Similarly, a share of the provision for the performance fee on the shares in circulation as recorded in the accounts at the last valuation is definitively allocated, in proportion to the number of shares redeemed, to a specific personal account. This share of performance fees is payable to the AIFM as of redemption.

The provision for performance fees on the shares in circulation is payable to the AIFM for the amount existing at the end of the financial year. The reference period shall be the financial year.

Candriam World Alternative Alphamax:

The AIFM is entitled to a performance fee, for each share class :

- for the C Class denominated in EUR, 15% in excess of Eonia (benchmark index);
- for the C USD H Class denominated in USD, 15% in excess of the capitalised rate of the US Federal Reserve (benchmark index);
- for the I Class denominated in EUR, 15% in excess of Eonia (benchmark index);
- for the I USD H Class denominated in USD, 15% in excess of the capitalised rate of the US Federal Reserve (benchmark index);
- for the R2 Class denominated in EUR, 15% in excess of Eonia (benchmark index);
- for the R2 USD H Class denominated in USD, 15% in excess of the capitalised US Federal Reserve rate (benchmark index);
- for the V Class denominated in EUR, 15% in excess of Eonia (benchmark index);
- for the Z Class denominated in EUR, 15% in excess of Eonia (benchmark index);

Each time the class is valued, a reference asset is determined by assuming a theoretical investment at an annual rate of the benchmark index of all the subscriptions received over the period (the net book assets at the end of the previous financial year being treated as a subscription at the beginning of the period).

Note 7 - Performance fees (Continued)

In the event of redemption, the last reference asset calculated and the cumulative total of subscriptions received as at the last valuation are first reduced in proportion to the number of shares redeemed. Similarly, a share of the possible provision for performance fees on shares in circulation as recorded in the accounts at the last valuation is definitively allocated, in proportion to the number of shares redeemed, to a specific personal account. This share of performance fees is payable to the AIFM as of redemption.

If the shares in circulation - defined as the net book assets after performance fees on redemptions but excluding provision for performance fees corresponding to the shares still in circulation - are worth more than the reference asset, then an outperformance is ascertained (an underperformance in the opposite case). The provision for performance fees on the shares in circulation is adjusted to 15% of the amount of this new outperformance by allocation or writeback of the provision, before calculating the net asset value. Provision writebacks are capped at the amount of the allocations. The provision for performance fees on the shares in circulation is payable to the AIFM for the amount existing at the end of the calendar year.

The reference period will be the calendar year.

Subscribers may at any time obtain from the AIFM the notification of the modalities of calculating the performance fees.

As from October 1, 2021, the following changes were applied:

- Modification of benchmark index from EONIA to €STR (Euro Short Term Rate) for the sub-fund Candriam World Alternative Alphamax
- Modification of method for calculating the performance fees of the sub-fund Candriam World Alternative Alphamax based on high-water mark and hurdle reference indicator.
- Removal of performance fees for the sub-fund Candriam World Alternative C Absolute Return.

Note 8 - Subscription tax

The SICAV is subject to a subscription tax (taxe d'abonnement) in Luxembourg equal to either 0.05% of the net asset value; either 0.01% of the net asset value of the I Class. This tax is payable quarterly based on the net assets of the SICAV at the end of the quarter to which the tax applies.

No subscription tax is due on assets held by the SICAV in the shares of other UCITS that are themselves subject to the subscription tax in Luxembourg.

Note 9 – Changes in portfolio composition

A list including the transactions (sales and purchases) in the investment portfolios is available free of charge at the SICAV's registered office.
