## What happens if Capital International Management Company Sàrl is unable to pay out?

For your protection, the fund's assets are held in safekeeping by its depositary, J.P. Morgan SE, Luxembourg Branch (the 'Depositary'). In the event of the Depositary's insolvency, the fund may suffer a financial loss. However, this risk is mitigated to some extent by the fact the Depositary is required by law and regulation to segregate its own assets from the assets of the fund. If the fund is terminated or wound up, the assets will be liquidated and you shall receive a share of any proceeds, but you may lose part or all of your investment. Your investment is not covered by the Luxembourg compensation scheme.
