

# **Key Investor Information**

This document (KIID) provides key information about this Sub-fund. It is not marketing material. The information is required by law to help you understand the nature and the risks of investing in the Sub-fund. We recommend you read this KIID carefully so that you can make an informed decision about whether to invest.

### CB - ACCENT LUX - Darwin Selection Euro

## **A CHF Hedged** (LU0681572425), **Class B CHF Hedged** (LU0681572771), **Class C CHF Hedged** (LU0681572938)

Higher rick

a Sub-Fund of CB-ACCENT LUX SICAV

The management company of the SICAV is ADEPA Asset Management S.A. The Sub-fund is managed by SWM Swiss Wealth Management S.A.

## **Objectives and Investment Policy**

#### Objective

The company CB-ACCENT LUX offers easy access to the different financial markets, while providing risk diversification.

#### **Investment Policy**

CB-ACCENT LUX – Darwin Selection Euro invests up to 60% of its assets in international equities mainly traded on OECD Member States markets and up to 90% in bonds and convertible bonds issued by borrowers from an OECD Member State. The residual portion of the portfolio is invested in money market instruments, liquidity and comparable securities. Up to 35% of assets may be invested through other collective investments.

Bonds should be rated at least as Investment Grade, but the Sub-fund may invest up to 20% of its assets in lower-quality securities.

Investments in currencies other than the reference currency of the Subfund are generally hedged against foreign exchange risk. However, the Sub-fund may invest up to 30% of its net assets in other currencies without hedging.

The Sub-fund may also use derivative instruments for risk hedging or efficient portfolio management.

As with all vehicles that invest in transferable securities, the value of the Sub-fund may change. Therefore, net asset value per share may increase or decrease depending on market performance.

#### **Hedged Class**

The class described herein is hedged against foreign exchange risk, as its shares are not denominated in the Sub-fund's reference currency. Such hedging implies additional risks and may not serve its purpose. More details are to be found under the heading "Hedged Share Classes" in "The Shares" section of the Prospectus.

#### **Dividend Policy**

Investment returns are not distributed to Sub-fund shareholders, but reinvested.

#### **Subscriptions and Redemptions**

Shareholders may request redemption of the shares held in the Subfund on any business day (cut-off time 15.30 CET). The shares are redeemed at a price to be determined. For more detailed information on subscription and redemption procedures, please refer to the "Issuance and Delivery of the Shares" and "Share Redemption" sections in the Prospectus.

### Risk/Return Profile

Lower rick

Potentially lower reward					Potentially higher reward		
A CHF Hedged	1	2	3	4	5	6	7
B CHF Hedged	1	2	3	4	5	6	7
C CHF Hedged	1	2	3	4	5	6	7

Exposure to certain risks in the financial markets provides the opportunity to gain higher returns than those offered by a risk-free investment. In the scale above, Category 1 indicates a low risk of losing the invested capital, but also limited return potential. Conversely, Category 7 indicates a much higher risk of loss, and an equally higher return potential. Please note that the lowest category does not mean risk-free.

The synthetic risk/return indicator is calculated on historical data. However, past performance may not be a reliable indicator of the Subfund's future risk profile.

The indicated risk/return category cannot be guaranteed and may vary from time to time.

The Sub-fund falls within category 5 as it invests in assets with a certain degree of risk.

However, the Sub-fund may be exposed to risks other than those considered to determine the risk category using the synthetic indicator. Some of those risks are listed below.

Credit risk: The risk that the security issuer will not be able to repay its debt

**Liquidity risk:** The risk that a position cannot be sold at a reasonable price within the desired time.

**Counterparty risk:** The risk that a counterparty is no longer able to honour its contractual obligations.

**Operational risk:** The risk associated with Sub-fund management, arising essentially from potential misjudgments or misoperation.

**Derivative risk:** The impact of derivative instruments on the Sub-fund's risk profile, when such instruments are used to achieve, strengthen or reduce exposure to the underlying assets.

This Sub-fund is not necessarily exposed to all the risks listed above.

## **Expenses**

#### One-off charges taken before or after you invest

Entry charge	None
Exit charge	None

This is the maximum that might be taken out of your money before it is invested and before the proceeds of your investment are paid out.

	-						
	A CHF Hedged	B CHF Hedged	C CHF Hedged				
Charges taken from the fund over a year							
Ongoing charge	2.55%	2.61%	2.15%				

Charges taken from the fund under certain specific conditions

Performance fee: None

These charges are intended to cover the Sub-fund's running costs, including share marketing and distribution expenses. They reduce potential investment performance.

Entry and exit fees match the maximum rates applicable to the capital invested in the Sub-fund. In some cases, a lower rate can be applied. For more detailed information, investors should contact their financial advisor.

Entry fees are equal to 0% for shares of class A and B; for class C shares the rate is 0%.

Current expenses are based on the costs for the last 12-month period ended in December 2021 and may vary from year to year. They do not include portfolio transaction costs, except for entry or exit fees paid at the time of purchasing or selling the shares of another collective investment undertaking.

For more detailed information on expenses, please refer to the "Charges and Expenses" section of the Prospectus of the open-ended investment company (SICAV).

### **Past Performance**

Historical performance is not indicative of future returns.

The reported performance takes into account current expenses but not entry and exit fees charged at the time of purchasing and redeeming SICAV's shares.

Returns may increase or decrease depending on positive or negative performance of the markets.

Inception date: April 2, 2009

## **Practical Information**

Custodian Bank: State Street Bank International GmbH, Luxembourg Branch.

Representative and Paying agent in Switzerland: Cornèr Banca S.A., Via Canova 16, CH-6901 Lugano.
