

Key Investor Information

This document provides you with key investor information about this Sub-Fund. It is not a marketing material. The information is required by law to help you understand the nature and the risks of investing in this Sub-Fund. You are advised to read it so you can make an informed decision about whether to invest.

BOND

A Sub-Fund of Diversified Growth Company (abbreviated as D.G.C.). (the "Fund")

Share Class: A CHF - ISIN: LU0864887798

The Management Company of the Fund is NS Partners Europe SA

Objectives and Investment Policy

Objectives

- The Sub-Fund is aiming for a steady capital appreciation over the medium term by investing in a balanced mix of sovereign and corporate bonds.

Investment policy

- The Sub-Fund invests its assets on the main debt markets and primarily invests in bonds and in negotiable debt securities issued by States, supranational organizations and investment grade companies (with a minimum rating of BBB-Standard & Poor's or equivalent). The Sub-Fund may invest up to 20% of its net assets in sovereign and corporate bonds which are not investment grade rated.
- The credit and default risk of investments in debt securities which are not rated investment grade may be more significant than for investments in debt securities which are rated investment grade. The higher risks and volatility related to these investments are compensated by a higher yield. In addition, the investments will be broadly diversified by issuers.
- To achieve its investment policy, the Sub-Fund will speculate on the evolution and/or volatility of the markets and may also take credit risks on different issuers.
- The Sub-Fund may also invest in structured financial instruments such as, but not limited to, bonds and other transferrable securities whose performance is linked to the evolution of an index, of transferable securities or a basket of transferable securities or a UCI.
- The Sub-Fund exposure into UCITS and other UCIs collectively in line with Article 41 (1) (e) of the Investment Fund Law, will not exceed 10% of the net assets of the Sub-Fund.
- Derivatives may be used to a limited extent if there are significant subscriptions or if the Investment Manager would like to hedge the portfolio. In such cases, the Sub-Fund may use derivatives with a commitment exposure of approximately 20% and in any case no more than 100% according to Article 42 (3) of the Investment Fund Law.
- The Sub-Fund is actively managed with no reference to a benchmark.

Risk and Reward Profile

The above indicator shows the risk and reward characteristics of the Sub-Fund based on the Sub-Fund's historical performance over the last 5 years. Where a 5-year performance history is not available, the history has been simulated on the basis of an appropriate benchmark index.

The indicator above is based on historical data and thus may not be a reliable indication for the future.

The indicated risk category is not guaranteed and may change over time.

The indicator helps investors have a better understanding of the potential gains and losses of the Sub-Fund. Even the lowest category does not mean a risk-free investment.

The Sub-Fund is classified in the category indicated above due to the fluctuations of its simulated past performance.

Other risks not captured by the risk indicator:

- Concentration Risk:** To the extent that the Sub-Fund's investments are concentrated in a particular company, the Sub-Fund may be susceptible to losses due to adverse occurrences affecting that company.
- Counterparty Risk:** The Sub-Fund may realise losses should a counterparty fail to meet its contractual obligation, especially in the case of derivatives traded Over-The-Counter (OTC).
- Credit Risk:** The risk that the borrower or a counterparty may fail to repay or otherwise withstand contractual obligations to the Sub-Fund.
- Liquidity Risk:** The Sub-Fund is invested in markets that may be affected by a decrease of liquidity. Such market conditions would impact the prices at which the Fund Manager opens and closes positions.
- Operational Risk:** The Sub-Fund is exposed to operational risks whereby losses can occur as a result of inadequate or failed internal processes and systems, human factors or external events.

For full disclosure of risks, please refer to the Prospectus.

Charges

The charges are used to pay costs of running and managing the Fund, including marketing and distribution costs. These charges reduce the potential growth of your investment.

One-off charges taken before or after you invest

Entry charge	3.00%
Exit charge	None

This is the maximum that might be taken out of your money before it is invested or before the proceeds of your investment are paid out.

Charges taken from the Sub-Fund over a year

Ongoing charges	1.03%
Performance fee	None

The ongoing charges figure is based on the last year's expenses, for the year ending December 2021. It includes almost all costs of dealing in the Sub-Fund's underlying investments. The Fund's annual report for each financial year will include details on the exact charges made. This figure may vary from year to year. In some cases you might pay less - you can find this out from your financial advisor.

For more information about charges, please refer to the Prospectus.

Past Performance

The chart shows the Share Class' annual performance for each full calendar year since launch on 02/05/2017, it is expressed as a percentage change of the Share Class' net asset value at each year-end.

Performance is shown after deduction of ongoing charges.

Any indication of past performance is not a reliable indicator of future performance.

The currency of this share class is CHF.
