This fund is managed by DNCA FINANCE

### Objectives and Investment Policy

#### Essential management characteristics:

European Equities Fund

The Sub-Fund seeks to outperform of the following index denominated in Euro: Euro Stoxx NR (Bloomberg ticker: SXXT Index) calculated with dividends net of withholding taxes reinvested, over the recommend investment term.

The sub-funds philosophy is particularly to focus on companies that have a strong social and/or environmental impact. This impact is evaluated through their exposure (in terms of turnover, R&D expenses or capex) via the proprietary model of the Investment Manager. The impacts are based on five long term transitions: economic transition, life style transition, medical transition, demographic transition and energy transition. The Sub-Fund is managed taking into consideration Responsible and Sustainable principles. Additional information on SRI strategy may be obtained in the prospectus of the Sub-fund. In this way, the investment process and resulting stock and bond picking take into account internal scoring with respect to both corporate responsibility and sustainability of the companies. Corporate Responsibility is astounding information's pool used to anticipate companies' risk especially looking at the interplay with their stakeholders: employees, supply chains, clients, local communities, and shareholders..., regardless of the sector of activities. Besides, the Investment Manager's conviction is to finance the economy based on a long term perspective which results in the identification of sustainability related thematic.

The Sub-Fund may at any time invest in:

- Equities of issuers having their registered office in the Euro zone: from 65% to 100% of its net assets;
- Equities outside the Euro zone: from 0% to 35% of its net assets;
- Equities with total market capitalisation below 200 million euros up to 10% of its net assets;
- Fixed income securities and money market instruments or deposits if market conditions are unfavourable: from 0% to 25% of its net assets;
- Other financial instruments up to 10% of its net assets.

Exposure to exchange risk may reach 35% of the Sub-Fund's net assets.

The Sub-Fund may invest up to 10% of its net assets in units and/or shares of UCITS and/or AIFs.

Investment in "speculative grade" or non-rated debt securities (i.e. which have a Standard & Poor's rating below A-3 short term rating or BBB- long-term rating or equivalent with a minimum rating of CCC) may not exceed 25 % of its net assets.

The Sub-Fund may invest in securities denominated in any currency. However non-base currency exposure may be hedged back to the base currency to moderate currency exchange risks. More specifically, futures and currency forwards may be used for that purposes.

The Sub-Fund may use exchange traded or OTC derivatives up to 25% of the Sub-Fund's net assets, including but not limited to, futures contracts and non-complex options negotiated on regulated markets for the purpose of hedging or increasing equity exposure without seeking overexposure.

The Sub-Fund is eligible to the PEA (french equity savings plan).

**Benchmark Information :** The Sub-Fund is actively managed and uses the benchmark for the calculation of the performance fee and performance comparison purposes. This means the Investment Manager is taking investment decisions with the intention of achieving the Sub-Fund's investment objective; this may include decisions regarding asset selection and overall level of exposure to the market. The Investment Manager is not in any way constrained by the benchmark in its portfolio positioning. The deviation from the benchmark may be complete or significant.

1	2	3	4	5	6	7
---	---	---	---	---	---	---

The historical data used to calculate the synthetic indicator may not be a reliable indication of the future risk profile of the UCITS. The risk category associated with this sub-fund is not guaranteed and may change over time. The weakest category does not mean no risk. The risk level of this UCITS is due to exposure to equity and/or fixed income markets. The fund does not benefit from any capital protection or guarantee.

#### Material risks not taken into account in this indicator:

**Credit risk:** in the event that an issuer is downgraded, the value of the bonds in the portfolio may fall, thus decreasing the sub-fund's net asset value.

**Risk of using derivative products:** the use of derivative instruments may reduce the net asset value in case of exposure in a direction opposite to that of the market trend.

The occurrence of one of these risks may lead to a reduction in the net asset value.
