What is this product?

Type

The product is a share class of the sub-fund Franklin K2 Bardin Hill Arbitrage UCITS Fund (the "Fund") which is part of Franklin Templeton Alternative Funds, an open-ended investment company with variable capital (SICAV), qualifying as a UCITS.

Term

The Fund has no maturity date. The Fund could be closed under the conditions laid down in the current prospectus of the Fund.

Objectives

Investment Objective

The Fund aims to maximise its investment return over the long term with smaller declines than and lower correlation with equity markets.

Investment Policy

The Fund pursues an actively managed investment strategy and invests primarily in securities of companies involved in mergers, acquisitions, restructurings, spinoffs and liquidations and may participate in such transactions. The Fund intends to obtain direct or indirect exposure (essentially through the use of derivatives) in a wide range of securities, such as equities and equity-related securities (including convertible securities) as well as debt securities of any maturity or quality (including investment-grade, below investment-grade, low-rated and/or unrated securities) issued by governments, government-related entities and corporations located primarily in North America and Europe. The Fund may obtain exposure to high yield ("junk") bonds, distressed debt securities (securities of companies that are, or are about to be, involved in reorganisations, financial restructurings, or bankruptcy) and up to 5% in defaulted debt securities.

The Fund uses derivatives for hedging, efficient portfolio management and investment purposes. The Fund may engage in active and frequent trading as part of its investment strategies.

The investment team uses merger arbitrage strategies to seek to profit from company events such as mergers, acquisitions, restructurings and spinoffs.

Benchmarks: HFRX Event Driven: Merger Arbitrage Index and HFRX Event Driven Index. The benchmarks are used solely as a reference for Investors to compare against the Fund's performance. The Fund is not obliged to hold any of the benchmarks constituents and may indeed invest up to 100% of its net assets outside these benchmarks.

Share Class Policy

The income received from the Fund's investments is accumulated with the result of increasing the value of the shares.

For this share class, the manager applies a portfolio hedge that is intended to minimize the currency risk between the currency of the share class (which is in a non-base currency) and the base currency of the Fund.

Processing of subscription and redemption orders

You may request the sale of your shares on any Luxembourg business day.

Intended retail Investor

The Fund may appeal to investors looking to capital appreciation by investing in a wide range of equity, debt and financial derivative instruments benefiting primarily from merger arbitrage and related strategies and willing to hold their investment over the long term for a minimum period of 3 to 5 years. The Fund is suitable for investors who have an informed knowledge and/or experience of financial markets with the understanding that they may not get back the full amount invested in the Fund.

What are the risks and what could I get in return?

Risk Indicator

The summary risk indicator is a guide to the level of risk of this product compared to other products. It shows how likely it is that the product will lose money because of movements in the markets.

We have classified this product as 4 out of 7, which is a medium risk class. This rates the potential losses from future performance at a medium level, and poor market conditions could impact the capacity to pay you.

Be aware of currency risk. In some circumstances, you may receive payment in a different currency, so that the final return you get may depend on the exchange rate between the two currencies. This risk is not considered in the indicator shown above.

Other risks materially relevant to the product not included in the summary risk indicator:

- Credit risk
- Counterparty risk

For a full discussion of all the risks applicable to this Fund, please refer to the "Risk Considerations" section of the current prospectus of the Fund.

This product does not include any protection from future market performance so you could lose some or all of your investment.

Performance Scenarios

The figures shown include all the costs of the product itself, but may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back. What you will get from this product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted.

The unfavourable, moderate, and favourable scenarios shown are illustrations using the worst, average, and best performance of the product and the suitable benchmark over the last 10 years. Markets could develop very differently in the future.

Recommended holding period:

5 years

Example Investment:

10,000 EUR

If you exit after 1 year

If you exit after 5 years

What happens if Franklin Templeton International Services S.à r.l. is unable to pay out?

Franklin Templeton International Services S.à r.l. ("FTIS") is the management company of the Fund, but the assets of the Fund are held separately from FTIS by the depositary. J.P. Morgan SE, Luxembourg branch, as the appointed depositary, is liable to the Fund or its shareholders for losses caused by its negligent or intentional failure to fulfill its safekeeping or record-keeping obligations (cash could however be lost in case of default of the depositary or its delegates).

There is no compensation or guarantee scheme protecting you from a default of the Fund's depositary.

What are the costs?

The person advising on or selling you this product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.

Costs over Time

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the product and how well the product does. The amounts shown here are illustrations based on an example investment amount and different possible investment periods.

We have assumed:

- In the first year you would get back the amount that you invested (0% annual return). For the other holding periods we have assumed the product performs as shown in the moderate scenario
- EUR 10,000 is invested

	If you exit after 1 year	If you exit after 5 years
Total costs	198 EUR	981 EUR
Annual cost impact (*)	2.0%	2.0% each year

(*) This illustrates how costs reduce your return each year over the holding period. For example it shows that if you exit at the recommended holding period your average return per year is projected to be 0.8% before costs and -1.2% after costs.

We may share part of the costs with the person selling you the product to cover the services they provide to you. They will inform you of the amount.

Please note that the figures shown here do not include any additional fees that may be charged by your distributor, advisor or any insurance wrapper in which the fund may be placed.

Composition of Costs

Performance fees (and carried interest)	20.00% a year of any returns the Fund achieves, subject to a High Water Mark principle.	61 EUR

How long should I hold it and can I take money out early?

Recommended holding period: 5 year(s)

This Fund has no minimum required holding period. We consider that the 5 year recommended holding period is appropriate because the Fund is designed for long-term investment. You may sell your shares on any dealing day. The value of your investments may go down as well as up irrespective of the period you are holding your investments, depending on such factors as the performance of the Fund, movements in stock and bond prices, and conditions in financial markets generally. Please contact your broker, financial adviser or distributor for information on any costs and charges relating to the sale of the shares.

How can I complain?

Investors who would like to receive the procedures relating to complaints handling or wish to make a complaint about the Fund, the operation of FTIS or the person advising on or selling the Fund, should go on the website www.franklintempleton.lu, contact Franklin Templeton International Services, S.à r.l., 8A, rue Albert Borschette L-1246 Luxembourg, or send an e-mail to the client service department at lucs@franklintempleton.com.
