ING (L) Invest First Class Protection - P Cap EUR

ISIN: LU0546913194

A sub-fund (hereafter referred to as the fund) of ING (L)

This fund is managed by ING Investment Management Luxembourg S.A.

Objectives and Investment Policy

The objective of this fund is to partially participate in the upside potential of a well known European equity index, while trying to maintain on a daily basis 90% of the highest Net Asset Value reached in the preceding 365 calendar days. However this does not constitute a guarantee of capital preservation. The manager aims to achieve this objective through a dynamic allocation between equity and fixed income and / or money market instruments. Also other

financial instruments can be used to achieve the investment objective. The allocation to equities or equity related instruments will vary over time and depend on market circumstances. You can sell your participation in this fund on each (business) day on which the value of the units is calculated, which for this fund occurs daily. The fund does not aim to provide you with a dividend. It will reinvest all earnings.

This fund is in category 3 because of the behaviour of the product during the measuring period. The overall market risk, taking into account past performances and future potential evolution of the markets, associated with financial instruments used to reach the

investment objective is considered medium. These financial instruments are impacted by various factors.
