A sub-fund (hereafter referred to as the fund) of ING (L)

This fund is managed by ING Investment Management Luxembourg S.A.

Objectives and Investment Policy

The fund invests in a broad range of companies within the Euro zone region. Measured over a period of several years we aim to beat the performance of our benchmark MSCI EMU NR. We try to identify the best investments by focussing on a thorough analysis of companies. We make our decision based on the growth possibilities we see for the share price of a company, weighed against the risks involved. We

use tools to minimize risks related to market and economic developments. You can sell your participation in this fund on each (working) day on which the value of the units is calculated, which for this fund occurs daily. The fund does not aim to provide you with a dividend. It will reinvest all earnings.
