Invesco Global Equity Income Fund

31 March 2011

Simplified Prospectus

This Simplified Prospectus contains key information about Invesco Global Equity Income Fund (the "Fund") which is a sub-fund of Invesco Funds (the "SICAV") a "société anonyme" incorporated on 31 July 1990 for an unlimited duration, qualifying as a "société d'investissement à capital variable" and organised as an umbrella fund under part I of the Luxembourg law of 20 December 2002 on undertakings for collective investment, as amended. The other sub-funds of the SICAV are detailed in the SICAV's current full prospectus, incorporating Appendices A, B and C (the "Full Prospectus").

Potential investors are advised to consult the Full Prospectus before making an investment decision. The rights and duties of the investor as well as the legal relationship with the Fund are laid down in the Full Prospectus. Words and terms defined in the Full Prospectus have the same meaning in this Simplified Prospectus unless otherwise stated herein. The Full Prospectus and the periodical reports may be obtained free of charge from the registered office of the SICAV, the Global Distributor and from all the distributors.

The base currency of the Fund is US Dollar.

Investment Objective and Policy

The Fund aims to generate a rising level of income, together with long-term capital growth, investing primarily in global equities. In pursuing this objective, the Investment Adviser may include investments that they consider appropriate which include transferable securities, money market instruments, warrants, undertakings for collective investment, deposits and other permitted investments.

Risk Profile

The value of investments and income from them can go down as well as up (this may partly be the result of exchange rate fluctuations in investments which have an exposure to foreign currencies) and investors may not get back the full amount invested.

Although the Fund invests mainly in established markets, it can invest in emerging and developing markets, where difficulties in dealing, settlement and custody could arise. The Fund may invest in warrants, which often involve a high degree of gearing so that a relatively small movement in the price of the security to which the warrant relates may result in a disproportionately large movement, both favourably and unfavourably, in the price of the warrants.

A more detailed description of the relevant risk factors is set out under "Risk Warnings" in the Full Prospectus.

Performance Data

This Fund will launch on 30 June 2011, or such earlier or later date as the Directors may at their absolute discretion decide. In accordance with CSSF circular 03/122, performance information may only be published after the completion of a full accounting year. Performance information for the Fund will therefore be available after the accounting year ending 28 February 2013.

Notice

Past performance is not necessarily an indicator to future performance.

Profile of a Typical Investor

This Fund is suitable for investors who are seeking capital appreciation over a 5 to 10 year timeframe and who are prepared to accept risk to their capital and at least a moderate volatility in the value of their investments.

Distribution Policy

Distribution Shares (A (Dist) Shares only)

The Directors intend to distribute all of the available income attributable to the Fund's Distribution Shares and to maintain an equalisation account in respect of those Shares in order to avoid any dilution of distributable income.

Payments will be made on the 21st of the month following the distribution date and if such day is not a Business Day, payments will be made at the next Business Day. Unless investors elect otherwise in jurisdictions where this is possible, all distributions will be applied in the purchase of further A Distribution Shares.

Investors holding Accumulation Shares will not receive any distributions. Instead, the income due to them will be rolled up to enhance the value of the Accumulation Shares.

Taxation

Subject to the provisions contained in the Full Prospectus in the section "Taxation in Luxembourg", the SICAV is not liable to any Luxembourg income tax. The SICAV is, however, liable in Luxembourg to a tax at a rate of 0.05% per annum of its net assets, except for the Reserve sub-funds and "I" Share classes where the tax rate is 0.01% per annum, such tax being payable quarterly on the basis of the net asset value of the sub-funds at the end of the relevant quarter. No stamp or other tax will be payable in Luxembourg on the issue of the Shares of the SICAV, except a once and for all tax of 1,239.47 Euro which was paid upon incorporation. No Luxembourg capital gains tax is payable on the realised capital appreciation of the assets of the SICAV. Income received by the SICAV from its investments may be subject to withholding tax at varying rates. Such withholding taxes are usually not recoverable.

On 3 June 2003 the Council of the EU adopted Council Directive 2003/48/EC on taxation of savings income in the form of interest payments (the "EU Savings Directive"). The EU Savings Directive was implemented in Luxembourg by a law of 21 June 2005 (the "EU Savings Directive Law"). Under the EU Savings Directive Law, dividend and/or redemption proceeds from shares of the Fund paid to individuals may be subject to withholding tax or give rise to exchange of information with tax authorities. Whether the EU Savings Directive Law will be applicable in any particular case and the implications arising therefrom depend on various factors, such as the asset class of the Fund, the location of the paying agent used and the tax residence of the shareholders concerned. Although more details on the implications of the EU Savings Directive and the EU Savings Directive Law are contained in the Full Prospectus, investors should also seek advice from their financial or tax legal adviser.

Further details and information on taxation of certain shareholders are provided in the Full Prospectus.

Share prices will be available at the registered office of the SICAV and the Administration Agent and on the Invesco Internet Site www.invesco.com. For shareholders in Hong Kong please refer to www.invesco.com.hk

If required locally, the Share prices will also be published as disclosed in Appendix A of the Full Prospectus.

Telephone dealing is not currently available through the Hong Kong Sub-Distributor and Representative.

Settlement for subscriptions is due in cleared funds for receipt by the SICAV/Global Distributor on the fourth Business Day after the date of acceptance of the application. With effect from 25 July 2011, or such earlier or later date as may be determined by the Directors and notified to Shareholders, the settlement date in the case of subscriptions and redemptions will be on the third Business Day rather than the fourth Business Day referred to above. Investors should note that while receipt and acceptance by the Global Distributor and/or the Registrar & Transfer Agent of verification documents required under AML/CTF Laws and Regulations are pending all transactions may be rejected or delayed.
