**Pan European Property Equities Fund**

**Simplified Prospectus**

15 February 2012

The Company has appointed HENDERSON FUND MANAGEMENT (LUXEMBOURG) S.A. as its management company.

For further details, the current full prospectus of the Company should be consulted. Terms in capitals where not defined in this document are defined in the full prospectus. The full prospectus, the latest annual and semi-annual reports may be obtained at the registered office of the Company on request free of charge.

## Investment objective and policy

### **Pan European Property Equities Fund**

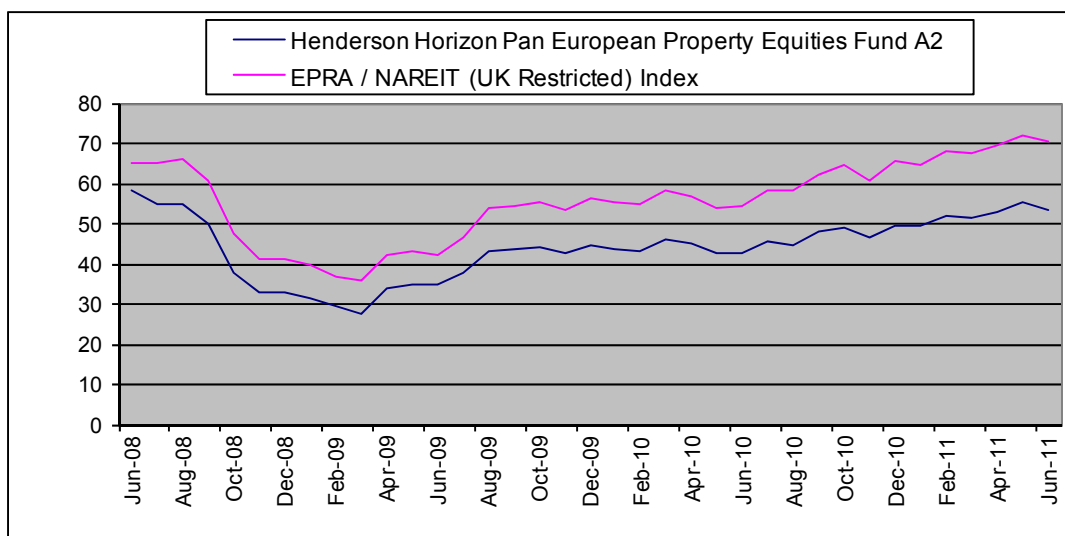

The investment objective of the Pan European Property Equities Fund is to seek long-term capital appreciation by investing at least 75% of its total assets in quoted equity securities of companies or Real Estate Investment Trusts (or their equivalents) having their registered offices in the EEA and listed or traded on a regulated market, which derive the main part of their revenue from the ownership, management and/or development of real estate in Europe. The Fund is denominated in €. Please refer to the HENDERSON HORIZON FUND SHARE CLASS DETAIL page in the Full Prospectus for information regarding the Share Classes available.

### **Risk profile**

- There is no guarantee that investors will get back the invested amount given that the value of investments is subject to market conditions and therefore may go down as well as up.
- The performance of the value of the Company and its Funds is primarily a comparison of the net asset values per Share at the beginning and the end of a particular period of time. Hence, an investor in order to assess the actual performance of his investment in the Company must deduct from the performance declared at a certain time any subscription fee paid by him when making his investment in the Company.
- The value of an investment in the Company will be affected by fluctuations in the value of the currency of denomination of the relevant Fund’s Shares against the value of the currency of denomination of that Fund’s underlying investments. Adverse fluctuations in currency exchange rates can result in a decrease in return and in a loss of capital.
- The Pan European Property Equities Fund may use techniques and instruments for hedging purposes only to protect portfolios against currency fluctuation, market movements and interest rates risks. The use of any of these derivative instruments will not reach a volume which could endanger the spirit of the investment policy.
- There are special risks associated with investment in securities of companies engaged in property markets. These include the cyclical nature of property values, increases in property taxes, changes in zoning laws, regulatory limits on rents, environmental risks, depreciation in the value of buildings over time, and increases in interest rates.
- Investors should note that in certain market conditions, securities held by the Pan European Property Equities Fund may not be as liquid as they would be in normal circumstances. If a security cannot be sold in a timely manner then it may be harder to attain a reasonable price and there is a risk that the price at which the security is valued may not be realisable in the event of sale. The Pan European Property Equities Fund may therefore be unable to readily sell such securities.
- Information relating to the risk management of the Pan European Property Equities Fund will be provided to investors upon request.

## Profile of the typical investor

A typical investor will invest into this Fund to seek long-term capital appreciation through the Pan European equity markets. The Fund aims to provide income and medium-level capital growth through exposure to property related securities. For the purposes of French investors, this Fund is PEA Eligible.

### Classes of Shares / Treatment of income

Within the Pan European Property Equities Fund, five Classes of Shares are available - namely Class A and Class X Shares which are available to retail investors and Class I, Class C and Class Z Shares which are available to institutional investors within the meaning of article 174 of the law of 17 December 2010 relating to undertakings for collective investment. For all Classes of the Pan European Property Equities Fund, except Class C and X Shares, there are two types of Shares available: Distribution Shares, which are entitled to dividends, and Accumulation Shares, which are not entitled to dividends. Gross income and net realised and unrealised capital gains will be distributed on an annual basis. Class C and Class X Shares are only available as Accumulation Shares. All Shares participate in the same way in all of the assets of the Pan European Property Equities Fund.

### Taxation

The following is based on advice received by the Company regarding law and practice in force at the date of this Prospectus in the Grand Duchy of Luxembourg and the United Kingdom.

The following discussion is intended as a general guide only. Certain categories of Shareholders may be subject to special rules and this summary does not apply to such Shareholders. Potential investors are urged to consult their own professional advisers regarding the possible tax, exchange control or other consequences of buying, holding, selling or redeeming Shares under the laws of the jurisdictions to which they are subject.

### Luxembourg

Under Luxembourg tax law, there are no Luxembourg income, withholding or capital gains taxes payable by the Company. The Company will, however, be subject to an annual tax, calculated and payable quarterly, on the aggregate net asset value of each Fund at the end of each quarter being 0.05% per annum on the Regional, Specialist and Bond Funds (except Class I, Class C and Class Z Shares) and 0.01% per annum on Class I, Class C and Class Z Shares of the Funds. No such tax is due on the portion of the Company's assets invested in other Luxembourg undertakings for collective investment.

Capital gains and dividends and interest on securities issued in other countries may be subject to withholding or capital gains taxes imposed by such countries.

Under current legislation in Luxembourg, Shareholders are not subject to any capital gains, income, inheritance or other taxes in Luxembourg (except for Shareholders domiciled, resident or having a permanent establishment in Luxembourg).

The above mentioned benefit of the 0.01% tax is available to Class I, Class C and Class Z Shares on the basis of the Luxembourg legal, regulatory and tax provisions as these are known to the Company at the date of this Simplified Prospectus and at the time of admission of subsequent investors. However such assessment is, for the past and for the future, subject to such interpretations on the status of an institutional investor by any competent authorities as will exist from time to time. Any reclassification made by an authority as to the status of an investor may submit the entire Class I, Class C and Class Z to a tax of 0.05%.

In accordance with the provisions of the European Union Savings Directive ("EUSD") that came into force on 1 July 2005, withholding tax will apply when a Luxembourg paying agent makes distributions from and redemptions of Shares in certain funds and where the beneficiary of these proceeds is an individual or a residual entity residing in another Member State or in certain EU dependent or associated territories. Distributions made by a Fund will be subject to the EUSD if more than 15% of such Fund's assets are invested in debt claims and proceeds realised by Shareholders on the redemption of Shares will be subject to the EUSD if more than 25% of such Fund's assets are invested in debt claims. Unless the individual or the residual entity specifically requests to be brought within the EUSD exchange of information regime, such distributions and redemptions will be subject to withholding tax at the rate of 35%.

## **United Kingdom**

### **The Company**

The Directors intend to conduct the affairs of the Company so that it does not become resident in the United Kingdom for taxation purposes. Accordingly, and provided that the Company does not carry on a trade in the UK (whether or not through a permanent establishment situated therein), the Company will not be subject to UK income tax or corporation tax other than on UK source income and will not be subject to UK capital gains tax.

### **Shareholders**

The Funds fall within the offshore fund rules for the purposes of UK taxation. Each sub-class of Shares in the Company is treated as a separate offshore fund (an "Offshore Fund") for the purposes of this Prospectus.

Any United Kingdom resident investor who realises a gain on the disposal of his investment in an offshore fund (which is not certified as a distributing offshore fund or a Reporting Fund during the investor's entire period of ownership) will normally be charged to United Kingdom Income Tax (or Corporation Tax) on the gain, rather than to United Kingdom Capital Gains Tax (or Corporation Tax on chargeable gains in the case of corporate investors).

The Directors have made a successful application for Reporting Fund status in relation to Funds which previously had Distributor Status. The Directors have also made a successful application for Reporting Fund status in respect of Funds which did not have Distributor Status under the regime that applied for periods prior to 1 July 2011.

The Company intends to meet the reporting requirements under the Reporting Fund status regime by making available to Shareholders the information required in The Offshore Funds (Tax) Regulations 2009. However, Shareholders and potential shareholders should note that whether Reporting Fund status is obtained and retained for a particular Fund may be subject to changes in HM Revenue and Customs' practice or other matters outside of the Company's control.

Details of which Funds have UK reporting fund status can be found on HM Revenue & Customs' website at <http://www.hmrc.gov.uk>.

Shareholders in Reporting Funds will be subject to tax each year on the share of the Reporting Fund's income attributable to their holding in the Fund, whether or not that income is distributed to them. Save as provided below, any capital gains arising on disposal of their holding in a Reporting Fund should normally be subject to UK capital gains tax (or Corporation Tax on chargeable gains in the case of corporate investors) provided that the Shareholder is not regarded as trading in securities.

The intention is that Shareholder reports providing details on the reportable income will be made available within six months of the end of each reporting period at <http://www.henderson.com>. Shareholders may, if they so require, request a hard copy of the reporting fund data for any given year. Such requests must be made in writing to Henderson Global Investors, Sales Support, 201 Bishopsgate, London EC2M 3AE.

Each such request must be received within three months of the end of the reporting period. Unless Henderson Global Investors is notified to the contrary in the manner described above, it is understood that investors do not require their report to be made available other than by accessing the Henderson website.

It should be noted that for Shareholders in Funds that did not have Distributor Status for periods prior to 1 July 2011 but where the Fund is a Reporting Fund in respect of subsequent periods, gains realised on the disposal of the Shares in the Reporting Fund will continue to be taxable as income (notwithstanding the current status as Shares in a Reporting Fund) unless the Shareholder makes an election for a deemed disposal of his Shares to arise at the time of conversion from a non-distributor status fund (or non-reporting fund) to a Reporting Fund.

Dividends paid by the Funds will comprise foreign dividends for UK tax purposes. For individuals, the dividends will carry a tax credit equivalent to one ninth of the gross dividend payment by the Fund, unless the dividends are treated as interest for UK tax purposes as described below.

If any Fund has more than 60% by market value of its investments in debt securities, money placed at interest (other than cash awaiting investment), building society shares or in holdings in unit trusts, open-ended investment companies or other offshore funds with, broadly, more than 60% of their investments similarly invested, then individual investors must treat the dividends as if they are gross interest payments (that is, interest paid without any income tax deducted) for UK tax purposes.

If the 60% test described in the previous paragraph is satisfied then, under the rules for the taxation of corporate and government debt, corporate investors will be taxed to income on all profits and gains arising from any fluctuations in the fair value of their interest, calculated at the end of each accounting period and at the date of disposal of their interest. It is expected that the Bond Funds will fall within the scope of these provisions.

Special rules may apply to certain classes of investor within the charge to UK corporation tax, such as authorised unit trusts, open-ended investment companies, investment trusts, life insurance companies and corporate investors deemed to be interested in at least 25% of the profits of the Company. Such investors may be subject to UK tax on undistributed profits under "controlled foreign company" rules.

Attention is also drawn to the provisions of section 13 Taxation of Chargeable Gains Act 1992. These provisions operate to apportion to Shareholders resident or ordinarily resident in the UK chargeable gains realised within the Company as if it would be a close company if it were UK resident. Gains so apportioned are taxed on such a Shareholder whose share of the apportioned gain alone or with connected persons is greater than 10%. (In the case of individuals domiciled for UK tax purposes outside the UK to whom the remittance basis of taxation applies, any gain will only be subject to UK tax to the extent that the assets disposed of in realising the gains were situated in the UK).

The attention of individuals ordinarily resident in the UK for taxation purposes is drawn to Chapter II of Part XIII of the Income Tax Act 2007. These provisions are aimed at preventing the avoidance of income tax by individuals through the transfer of assets resulting in income becoming payable to persons (including companies) resident or domiciled outside the UK and may render such individuals liable to income tax in respect of the undistributed income or profits of the Company on an annual basis, where the individual has not already been taxed on such income under a separate provision. A non-UK domiciled individual to whom the remittance basis of taxation applies will only be liable to income tax in respect of the undistributed profits or income of the Company if, had the profits/income been profits/income of the individual, they would have been treated as remitted to the UK. Further, the provisions will not apply to any investor if he can satisfy the UK's HM Revenue & Customs ("HMRC") that it would not be reasonable to draw the conclusion, from all the circumstances, that avoiding liability to UK taxation was the purpose or one of the purposes of his investment in the Company or other related transactions, or if he can satisfy HMRC that all the relevant transactions were genuine commercial transactions carried out for the purposes of a trade or business and on arm's length terms and that it would not be reasonable to draw the conclusion, from all the circumstances, that any one or more of the relevant transactions was more than incidentally designed for the purpose of avoiding liability to taxation.

#### **How to buy / sell / convert Shares**

##### **1. Subscriptions of Shares**

The minimum initial subscription for Class A and Class X Shares is US\$2,500, €2,500, GBP1,500, Yen350,000, SGD2,500, CHF2,500 and SEK15,000 and for Class I Shares US\$1,000,000, €1,000,000, GBP600,000, Yen150,000,000, SGD1,000,000, CHF1,000,000 and SEK6,000,000 and €25,000,000 for Class C Shares and GBP25,000,000 and €25,000,000 for Class Z Shares per Fund. Subsequent subscriptions should be for a minimum of US\$500, €500, GBP300, Yen75,000, SGD500, CHF500 and SEK3,000 for Class A and Class X Shares and US\$100,000, €100,000, GBP60,000, Yen15,000,000, SGD100,000, CHF100,000 and SEK600,000 for Class I Shares and €250,000 for Class C Shares and GBP250,000 and €250,000 for Class Z Shares per Fund (or foreign currency equivalent). These minima may be waived for reasons such as facilitating investments in regular savings schemes. Shares will be issued to two or more decimal places.

Prior to placing their initial purchase of Shares, investors must open an account by completing an application form. The application form and the relevant documents to support the application form should be sent by fax or by post to the Transfer Agent. The original documents should follow by post. Know your Customer (KYC) and Anti Money Laundering (AML) documents may be requested by the Transfer Agent on a case by case basis as part of AML procedures and checks imposed on the financial sector under Luxembourg law which are designed to prevent money laundering (the cleaning of money obtained from illegal activities and disguising its origins so that it appears to originate from a legitimate source).

Once the account is opened, applications for initial purchases of Shares may be sent by post or fax to the Registrar and Transfer Agent in Luxembourg on any Business Day on the dealing form circulated with this Prospectus. Applications for subsequent purchases may also be made by telephone, or through any other communication medium allowed by the Company in the future, on any Business Day to the Registrar and Transfer Agent between 9.00 a.m. and 6.00 p.m. Luxembourg time, by existing investors who have previously been issued with a Register Number by the Registrar and Transfer Agent. The main dealing desk can be contacted by telephone in Luxembourg on number +352 2696 2050 or by fax on number +352 2696 9747. **Applications may also be made through the Authorised Distributors in the countries in which the Company is authorised to offer Shares to the public, although the application will only be effective, and the relevant settlement time limits commence, once the Registrar and Transfer Agent itself has received the application.**

Applications received by the Registrar and Transfer Agent by the Dealing Cut-Off (being 1.00 p.m. Luxembourg time on any Business Day) will, if accepted, be dealt with at the price calculated on the same Business Day and applications received after the Dealing Cut-Off will, if accepted, be dealt with at the price calculated on the next Business Day.

Applicants should also note that the issue of the Shares subscribed for is conditional upon the Company's receipt of the due payment for such by the due settlement date and that, should payment for the Shares subscribed for not be received in cleared funds by the due settlement date, the Company reserves the right to cancel the subscription and rescind the allotment of the Shares applied for.

In the future the Company may allow applications to be made through any other communication medium.

Italian investors may subscribe to Shares of the Pan European Property Equities Fund by adhering to a share accumulation plan (PAC) which allows subscribers to spread out the investment over time by making a series of payments.

## **2. Redemptions and Conversions of Shares**

Shareholders may switch all or part of their shareholdings from one or more of the Funds into the same Class of one or more of the other Funds on any Business Day. Switches will be carried out in accordance with the formula described in the full Prospectus and Shares will be issued and rounded to two or more decimal places. Switches into Class I, Class C and Class Z Shares are not permitted, unless the investor switching into Class I, Class C and Class Z Shares is an institutional investor within the meaning of article 174 of the law of 17 December 2010 relating to undertakings for collective investment. Orders may be placed in the same manner as applications for subscription of Shares.

**Switching instructions may also in certain circumstances be given through the Authorised Distributors in the countries in which the Company is authorised to offer Shares to the public, although the instructions will only be effective, and the relevant time limits commence, once the Registrar and Transfer Agent itself has received all relevant details.**

The applicable Dealing Day for a switch order will be determined in the same manner as for applications for subscription of Shares.

The minimum amount that may be switched is US\$2,500, €2,500, GBP1,500, Yen350,000, SGD2,500, CHF2,500 and SEK15,000 or 250 Shares, whichever value is the smaller, for Class A and Class X Shares and US\$1,000,000, €1,000,000, GBP600,000, Yen150,000,000, SGD1,000,000, CHF1,000,000 and SEK6,000,000 for Class I Shares, €25,000,000 for Class C Shares and GBP25,000,000 and €25,000,000 for Class Z Shares. If an order relates to only a part of a Shareholder's holding in a Fund, the minimum amount of that Shareholder's holding in that Fund following the switch must be US\$2,500, €2,500, GBP1,500, Yen350,000, SGD2,500, CHF2,500 and SEK15,000 for Class A and Class X Shares and US\$1,000,000, €1,000,000, GBP600,000, Yen150,000,000, SGD1,000,000, CHF1,000,000 and SEK6,000,000 for Class I Shares and €25,000,000 for Class C Shares and GBP25,000,000 and €25,000,000 for Class Z Shares.

If, as a result of a partial switch of Shares, the value of the Shareholder's balance of Shares falls below the relevant minimum level for that Fund, the Company may require that these Shares be switched or redeemed.

Redemption orders may be sent to the Registrar and Transfer Agent in Luxembourg by fax or in writing or by other means electronically as agreed by the Company. Redemption orders may be made by telephone on any Business Day to the Registrar and Transfer Agent between 9.00 a.m. and 6.00 p.m. Luxembourg time. Telephone orders should be confirmed in writing. In the future the Company may allow redemptions to be effected through any other communication medium. Only registered Shareholders may submit redemption orders directly to the Company. Investors whose Shares are held in the name of a nominee must submit a redemption order through that nominee since it is the nominee that is recognised by the Company as the record owner of the Shares.

**Redemption instructions may also be given through the Authorised Distributors in the countries in which the Company is authorised to offer Shares to the public, although the instructions will only be effective, and the relevant time limits commence, once the Registrar and Transfer Agent itself has received the instructions.**

Redemption orders received by the Registrar and Transfer Agent by the Dealing Cut-Off will, if accepted, be dealt with at the price calculated on the same Business Day. Redemption orders received by the Registrar and Transfer Agent after the Dealing Cut-Off will, if accepted, be dealt with at the price calculated on the next Business Day. Settlement for redemptions will normally be made in accordance with the standing instructions held by the Registrar and Transfer Agent within four

Business Days of the Dealing Day, subject to receipt by the Registrar and Transfer Agent of correct and duly executed renunciation documentation (together with the certificate to be cancelled if one has been issued).

Payment of the redemption proceeds will not be made until the AML procedures described under the “How to Buy” section of the prospectus have been satisfactorily completed.

Shareholders may redeem all or part of their holding, provided that, if the request would reduce a holding to a value of less than US\$2,500, €2,500, GBP1,500, Yen350,000, SGD2,500, CHF2,500 and SEK15,000 for Class A and Class X Shares or US\$1,000,000, €1,000,000, GBP600,000, Yen150,000,000, SGD1,000,000, CHF1,000,000 and SEK6,000,000 for Class I Shares and €25,000,000 for Class C Shares and GBP25,000,000 and €25,000,000 for Class Z Shares in the case of any Fund such request will be treated as a request to redeem the entire Shareholding, unless the Company otherwise determines.
