What is this product?

Type: This investment fund is a sub-Fund of Legal & General UCITS ETF Plc (the "Company"), an umbrella investment company with variable capital and segregated liability between Funds. The Fund is authorised in Ireland and regulated by the Central Bank of Ireland.

Term: There is no fixed maturity date.

Objectives: The Fund is a passively managed exchange traded Fund that aims to track the performance of the J.P. Morgan ESG CEMBI Broad Diversified Custom Maturity Index (the "Index") subject to the deduction of the ongoing charges and other costs associated with operating the Fund. The Fund promotes a range of environmental and social characteristics which are met by tracking the Index. Shares in this Share Class (the "Shares") are denominated in CHF and can be bought and sold on stock exchanges by ordinary investors using an intermediary (e.g. a stockbroker). In normal circumstances, only Authorised Participants may buy and sell Shares directly with the Company. Authorised Participants may redeem their Shares on demand in accordance with the "Dealing Timetable" published on <http://www.lgim.com>. The Index measures the performance of certain US dollar denominated emerging market fixed and floating rate bonds issued by corporate entities from emerging market countries. The Index offers exposure to bonds which have at least USD500 million in outstanding issuance. The bonds must have at least 2.5 years to maturity to be eligible for inclusion in the Index and must have greater than 6 months to maturity to remain eligible at each month-end rebalancing. There is no credit rating criteria for inclusion in the Index. The Index is rebalanced on a monthly basis, on the last US business day of the month. The Index is designed to provide exposure to securities of issuers that satisfy certain environmental, social and governance ("ESG") requirements, as defined by the index provider. An ESG scoring and screening methodology is applied by the Index to tilt towards issuers ranked higher on ESG criteria and green bond issues, and to underweight and exclude issuers that rank lower. The Index excludes issuers with revenue from the following industries: (a) thermal coal; (b) tobacco; and (c) weapons. The Fund will primarily invest in a representative sample of the bonds contained in the Index whose risk and performance characteristics closely resemble that of the Index as a whole. The Fund may also invest in (1) bonds and similar securities that are not constituents of the Index that have similar risk and performance characteristics to the bonds contained in the Index and (2) financial derivative instruments ("FDIs") (i.e. investments the prices of which are based on the bonds contained in the Index and/or such other bonds or similar securities). This Share Class does not intend to pay dividends. Any income which may result from the Fund's investments will be reinvested into the Fund. The depositary of the Fund is the Bank of New York Mellon SA/NV, Dublin Branch. Further information about the Fund and the share class can be obtained from the Company's prospectus and the annual and semi-annual reports, which are available, in addition to the latest prices for the unit class and details of any other unit classes, free of charge at: www.lgim.com.

Intended retail investor: The ETF is designed for investors looking for growth from an investment in eligible liquid, US Dollar-denominated, emerging market, fixed and floating-rate corporate bonds which can form part of their existing savings portfolio. Although investors can take their money out at any time, the Fund may not be appropriate for those who plan to withdraw their money within five years. The Fund is not designed for investors who cannot afford more than a minimal loss of their investment

What is the risk and what could I get in return?

The summary risk indicator is a guide to the level of risk of this product compared to other products. It shows how likely it is that the product will lose money because of movements in the markets or because we are not able to pay you.

We have classified this product as class 2 out of 7, which is a low risk class.

Investing in emerging market corporate bonds will expose the Fund to any political, social and economic instability in the relevant countries. Investing in the Chinese Interbank Bond Market via Bond Connect is subject to regulatory risk.

The value of the Fund may be affected by risks not in the SRI, including failure of a counterparty, custodian, issuer or index provider and derivative use.

Favourable scenario: 01/2016 to 01/2021

This table shows the money you could get back over the next 5 year(s), under different scenarios, assuming that you invest 10,000.00 CHF.

The unfavourable, moderate, and favourable scenarios shown are illustrations using the worst, average, and best performance of the product with input from benchmark(s)/proxy over the last 10 years. Markets could develop very differently in the future.

The figures shown include all the costs of the product itself, but may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back.

Market developments in the future cannot be accurately predicted. The scenarios shown are only an indication of some of the possible outcomes based on recent returns. Actual returns could be lower.

What happens if LGIM Managers (Europe) Limited is unable to pay out?

If LGIM Managers (Europe) Limited defaults, investors in the Fund would not face any financial losses. However, the value of an investment and any income taken from it is not guaranteed and can go down as well as up, you may not get back the amount you originally invested. The fund is not covered by an investor compensation scheme.

What are the costs?

The Reduction in Yield (RIY) shows what impact the total costs you pay will have on the investment return you might get. The total costs take into account one-off, ongoing and incidental costs.

The amounts shown here are the cumulative costs of the product itself, for the holding period(s). They include potential early exit penalties. The figures assume you invest 10,000.00 CHF. The figures are estimates and may change in the future.

Costs over time

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest and how long you hold the product. The amounts shown here are illustrations based on an example investment amount and different possible investment periods.

We may share part of the costs with the person selling you the product to cover the services they provide to you. They will inform you of the amount.

These figures include the maximum distribution fee that the person selling you the product may charge. This person will inform you of the actual distribution fee.

We have assumed:

- In the first year you would get back the amount that you invested (0 % annual return). For the other holding periods we have assumed the product performs as shown in the moderate scenario.
- CHF 10,000/1,000 per year is invested.

Investment CHF 10,000	If you cash in after 1 year	If you cash in after 5 years
Total costs	38.00 CHF	241.00 CHF
Impact on return (RIY) per year	0.38%	0.40%

Composition of costs

The table below shows:

- The impact each year of the different types of costs on the investment return you might get at the end of the recommended holding period.

How long should I hold it and can I take my money out early?

An investor can hold their investment for any time period but 5 year(s) is recommended.

The recommended holding period of 5 years has been selected for illustrative purposes only. Fixed income investments should be seen as long-term investments however there is no minimum (or maximum) holding period for the Shares. The Shares can be sold by ordinary investors using an intermediary (e.g. a stockbroker) when the markets on which they trade are open. An intermediary is likely to apply a commission to purchases and sales.

The above mentioned period has been defined in accordance to the product characteristics.

How can I complain?

Complaints can be made in writing to complaints@lgim.com or to LGIM Managers (Europe) Ltd, 70 Sir John Rogerson's Quay, Dublin 2, DO2 R296, Ireland.
