Mirabaud - Equities Asia ex Japan

(the "Sub-Fund") is a sub-fund of Mirabaud SICAV ("the Fund")

Class A USD (the "Class") – ISIN: LU0187024954

This Fund is managed by Mirabaud Asset Management (Europe) SA (the "Management Company"). The Fund is authorised in Luxembourg and regulated by the Commission de Surveillance du Secteur Financier.

Objectives and Investment Policy

- "The Sub-Fund will invest, directly or indirectly (for example through derivatives, structured products or investment funds), at least two-thirds of its total assets in Asian, excluding Japanese, equities and/or other equity-type transferable securities of issuers that have their registered office or carrying out the majority of their business in Asia.
- The Sub-Fund offers daily liquidity, whereby you can subscribe to the Sub-Fund or redeem your assets on any business day in Luxembourg.
- This Class is not entitled to any dividend distribution.

Risk and Reward Profile

- This synthetic risk and reward indicator is a risk indicator based on historical volatility and may not be a reliable indication of the future risk profile of the Class.
- The Risk and Reward Category shown is not a target or a guarantee and may shift over time.
- The lowest category does not mean a risk-free investment.
- The Risk and Reward Category shown indicates that the Sub-Fund invests mainly in securities which may experience sharp rises and falls in value, resulting from the evolution of the issuers' financial situation, but also from politic and economic developments in the countries where the issuers are located or have significant activities.

Risks to which the Sub-Fund may be exposed and which may not be reflected in the indicator:

- Emerging markets instability risk: Emerging markets may be more subject to political, fiscal and/or economic instability that may imply opportunities for investors but also greater risks.
- Debt instruments and deposits credit risk: The fund may invest in debt instruments and deposits. They are subject to the risk that their issuer may not be able to meet its obligations.
- Structured products credit risk: The value of a structured product may become nil, if its issuer defaults and is unable to meet its contractual obligations.
- Liquidity risk: The fund may invest in securities that are less liquid because active buyers or sellers are not always in sufficient numbers to trade these securities readily. These securities will be more strongly affected by market conditions and may cause delays when facing redemptions in stressed market situations.
- Safekeeping risk: The fund's operations may depend on third parties that are located in countries where securities oversight standards are less developed.
- Third parties risk: The failure of the third parties on which the fund's operations depend may cause disruptions and losses.
- Shanghai Hong Kong Stock Connect risk: Investments in China A Shares in Mainland China are performed through the Shanghai-Hong Kong Stock Connect which may entail additional quota limitation, clearing and settlement, regulatory, operational and counterparty risks.

For more details about other risks associated with the investments of this Sub-Fund, please refer to the "Risk Factors" section of the Fund's prospectus.
