

Key Investor Information

This document provides you with key investor information about this fund. It is not marketing material. The information is required by law to help you understand the nature and the risks of investing in this fund. You are advised to read it so you can make an informed decision about whether to invest.

Global Sustain Fund - A

ISIN: LU1842711845, Base Currency: USD

A fund of Morgan Stanley Investment Funds

The fund is managed by MSIM Fund Management (Ireland) Limited, part of the Morgan Stanley group.

OBJECTIVES AND INVESTMENT POLICY

Objective

- Long term growth of your investment while integrating ESG characteristics

Main Investments

- At least 70% of the Fund's investments will be in company shares.

Investment Policy

- The Fund will invest in a concentrated portfolio of high quality, dominant franchises characterized by sustainable and high returns on operating capital, powerful intangible assets including brands, networks, licences and patents, and pricing power.
- As an essential and integrated part of the investment process, the Investment Adviser assesses relevant factors material to long- term sustainably high returns including ESG factors and seeks to engage with company management teams as part of this.
- Investments shall not knowingly include any company involved in the manufacturing or production of: tobacco; adult entertainment; civilian firearms; controversial weapons; coal; oil sands; Arctic oil; and gambling. The details of the above exclusions can be found in the Fund's exclusion policy which is available on the Company's website (www.morganstanleyinvestmentfunds.com and on www.msim.com).
- The Fund will measure its performance against the MSCI World Net Index (the "Benchmark"). The Fund is actively managed and is not designed to track the Benchmark. Therefore, the management of the Fund is not constrained by the composition of the Benchmark.

Other Information

- The Fund may invest up to 30% of its assets in investments that do not meet the above criteria.
- The Fund may also invest part of its assets in shares of companies from emerging market countries and other investments, which seek to generate a similar return to company shares without direct ownership of the company.
- The Fund may invest in derivatives, financial instruments which take their value indirectly from other assets. They rely on other companies to fulfil contractual obligations and carry more risk. Refer to the prospectus ('Use of Derivatives' section) for more details.
- Income will be included in the value of your shares.

Buying and selling shares

- Investors may buy and sell shares on any Luxembourg business day.

RISK AND REWARD PROFILE

The risk and reward category shown is based on historic data.

- Historic figures are only a guide and may not be a reliable indicator of what may happen in the future.
- As such this category may change in the future.
- The higher the category, the greater the potential reward, but also the greater the risk of losing the investment. Category 1 does not indicate a risk free investment.
- The fund is in this category because it invests in company shares and the fund's simulated and/or realised return has experienced high rises and falls historically.
- The fund may be impacted by movements in the exchange rates between the fund's currency and the currencies of the fund's investments.

This rating does not take into account other risk factors which should be considered before investing, these include:

- The fund relies on other parties to fulfill certain services, investments or transactions. If these parties become insolvent, it may expose the fund to financial loss.
- Sustainability factors can pose risks to investments, for example: impact asset values, increased operational costs.
- There may be an insufficient number of buyers or sellers which may affect the funds ability to buy or sell securities.
- Investment in China A-Shares via Shanghai-Hong Kong and Shenzhen-Hong Kong Stock Connect programs may also entail additional risks, such as risks linked to the ownership of shares.

CHARGES

The charges you pay are used to pay the costs of running the fund, including the costs of marketing and distributing it. These charges reduce the potential growth of your investment.

One-off charges taken before or after you invest

Entry charge	5.75%
Exit charge	0.00%

This is the maximum that might be taken out of your money before it is invested / before the proceeds of your investment are paid out.

Charges taken from the fund over a year

Ongoing charges	1.74%
------------------------	-------

Charges taken from the fund under certain specific conditions

Performance fee	Not applicable
------------------------	----------------

The entry and exit charges shown are maximum figures. In some cases you might pay less, you can find this out from your financial adviser.

The ongoing charges figure is based on expenses for the year ending 31st December, 2021. This figure may vary from year to year. It excludes almost all costs of dealing in the fund's underlying investments.

The fund may charge a fee on purchases, sales or switches if it feels other shareholders will suffer as a result of the cost of the transaction. This fee will be retained by the fund for the benefit of all shareholders.

For more information about charges, please see the Charges and Expenses section of the prospectus.

PAST PERFORMANCE

- Past performance is only a guide and does not guarantee future performance.
- Past performance has been calculated after the deduction of ongoing charges, as described above, but not the deduction of entry or exit charges.
- The fund was launched in 2018.
- Past performance has been calculated in USD.
- The Fund measures its performance against the MSCI World Net Index.
