

Pictet – Clean Energy

Simplified Prospectus (April 2010)

Important information

This prospectus contains the basic information relating to the Pictet – Clean Energy compartment (the “Compartment”). For more detailed information, please consult the most recent version of the full prospectus of the Pictet (the “Fund”). The full prospectus, as well as the latest annual and semi-annual reports, may be obtained free of charge from the Fund or the Custodian Bank.

1. Legal structure

Pictet (the “Fund”) is a an open-ended investment company (SICAV) with multiple compartments incorporated under Luxembourg law in accordance with the provisions of Part I of the Law of 20 December 2002 relating to undertakings for collective investment. The Fund was incorporated for an indefinite period on 20 September 1991 under the name of Pictet Umbrella Fund. Its Articles of Association were last amended by notarial act dated 9 April 2010. The Fund has designated Pictet Funds (Europe) S.A. (the “Management Company”) to act as management company in compliance with Section 13 of the Law of 20 December 2002.

2. Investment policy and objectives

This Compartment applies a capital growth strategy by investing at least two-thirds of its total assets or wealth in shares issued by companies that contribute to the reduction of carbon emissions (by encouraging the production and use of clean energy, for example). The investment universe is not limited to a specific geographic region.

The targeted companies will be in particular, but not exclusively, companies active in the following domains: cleaner resources and infrastructures; equipment and technologies that reduce carbon emissions; the generation, transmission and distribution of cleaner energy; and cleaner and more energy-efficient transportation and fuels.

This compartment will hold a diversified portfolio composed, within the limits of the investment restrictions, of securities in listed companies. These securities may be ordinary or preferred shares, convertible bonds and, to a lesser extent, warrants on transferable securities or options. In addition, the Compartment may also invest up to 10% of its net assets in UCIs.

Investments in debt instruments as defined by the European Directive 2003/48/EC will not exceed 15%.

The Compartment may also invest in structured products, such as bonds or other transferable securities whose returns are linked to the performance of an index, transferable securities or a basket of transferable securities, or an undertaking for collective investment, for example.

The Compartment may use derivative techniques and instruments for the purpose of efficient management within the limits defined in the investment restrictions.

3. Risk profile of the Compartment

The Compartment is subject to certain risks inherent in any investment, such as the following:

- risks specific to a given market
- variations in exchange rates
- variations in interest rates.

Invested capital may fluctuate downwards as well as upwards, and investors may not recuperate the entire value of the capital initially invested.

Investors should be aware that the use of derivative instruments involves certain risks that could have a negative effect on the performance of the Compartment. In addition, due to their volatility, warrants present an above-average economic risk.

For further information regarding the risks associated with the investment policy, please refer to the full prospectus.

Low risk Lower than average risk Average risk Higher than average risk High risk

4. Typical investor profile

The Compartment is an investment vehicle for investors:

- who wish to invest in securities of companies worldwide that produce clean energy and encourage its use;
- who are willing to bear significant variations in market value and thus have a low aversion to risk.
