For more information on this product, please contact us by phone on +353 1776 9990 or via our website www.pimco.com.

This document was produced on 28 April 2023.

What is this product?

Type

This product is a UCITS sub-fund of a variable capital umbrella investment company with segregated liability between sub-funds authorised by the Central Bank of Ireland pursuant to the European Communities (Undertakings for Collective Investment in Transferable Securities) Regulations 2011, as amended.

Subject to the conditions set down in the prospectus, shareholders may exchange all or part of their shares of this fund for shares of another fund of the company. Please refer to the section entitled "How To Exchange Shares" in the prospectus for further details.

Term

This product has no fixed term.

Objectives

The fund aims to maximise the total return of your investment through investing in a diversified portfolio of equity and equity-related securities, which are primarily focussed on the energy infrastructure sector, using prudent investment management principles.

Investment Policy

The fund will invest at least two-thirds of its net assets and may invest without limit in equity and equity-related securities of mid-stream energy infrastructure entities (i.e. transportation through pipeline, rail and oil tankers), including master limited partnerships ("MLPs"), publicly traded partnerships and related entities (including general partners of MLPs, as well as corporations operating in the mid-stream energy sector) and securities that are convertible into equity securities issued by these entities.

The fund may invest up to one-third of its assets in a range of fixed income securities

and instruments, which are similar to loans that pay a fixed or variable rate of interest. The fixed income securities will be focused on the energy infrastructure sector and will be both "investment grade" and "non-investment grade". Non-investment grade securities are considered to be more risky, but typically produce a higher level of income.

The fund may invest up to 20% of its net assets in emerging markets, which in investment terms are those economies that are not as developed.

The fund is considered to be actively managed in reference to the Alerian MLP Index (the "Index") by virtue of the fact that the Index is used for calculating the global exposure of the fund using the relative VaR methodology and for performance comparison purposes. Certain of the fund's securities may be components of and may have similar weightings to the Index. However, the Index is not used to define the portfolio composition of the fund or as a performance target and the fund may be wholly invested in securities which are not constituents of the Index. The fund may invest in derivative instruments (such as futures, options and swaps) rather than directly in the underlying securities themselves. The derivatives return is linked to movements in the underlying assets.

The assets held by the fund may be denominated in a variety of currencies. Non-USD net currency exposure limited to 5% of the fund's net assets. The investment advisor may use foreign exchange and related derivative instruments to hedge or implement currency positions.

Dealing Day Shares in the fund can normally be redeemed on a daily basis. Please refer to the section entitled "How to Redeem Shares" in the prospectus.

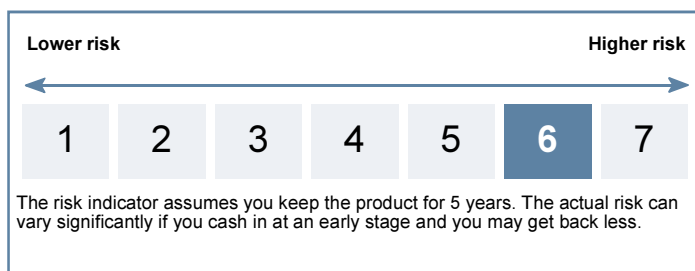

Distribution Policy This share class pays out a distribution of any investment income generated by the fund. You may elect for this to be reinvested into the fund.

Intended retail investor

Typical investors in the Fund will be investors looking for income and long term capital appreciation who are willing to accept the risks and volatility associated with investing in global stock markets.

What are the risks and what could I get in return?

Risk Indicator

The summary risk indicator is a guide to the level of risk of this product compared to other products. It shows how likely it is that the product will lose money because of movements in the markets or because we are not able to pay you.

This classification is subject to change over time.

We have classified this product as 6 out of 7, which is the second-highest risk class. This rates the potential losses from future performance at a high level and poor market conditions are very likely to impact the value of your investment.

Be aware of currency risk. In some circumstances, you may receive payments in a different currency, so the final return you will get may depend on the exchange rate between the two currencies. This risk is not considered in the indicator shown above.

Other risks not covered by the risk indicator include Commodities Risk, Equity Risk and MLP Tax Risk. For a full list of risks, please refer to the fund's prospectus.

This product does not include any protection from future market performance so you could lose some or all of your investment.

Performance scenarios

The figures shown include all the costs of the product itself, but may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back. What you will get from this product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted. The unfavourable, moderate, and favourable scenarios shown are illustrations using the worst, average, and best performance of the fund or benchmark over the last 10 years. The stress scenario shows what you might get back in extreme market circumstances.

Recommended Holding Period: 5 years			
Investment: USD 10,000			
Scenarios		If you exit after 1 year	If you exit after 5 years (recommended holding period)
Minimum: There is no minimum guaranteed return if you exit before 5 years. You could lose some or all of your investment.			
Stress	What you might get back after costs Average return each year	120 USD -98.77%	120 USD -58.51%
Unfavourable	What you might get back after costs Average return each year	4,010 USD -59.86%	3,520 USD¹ -18.87% ¹
Moderate	What you might get back after costs Average return each year	9,750 USD -2.49%	8,560 USD² -3.07% ²
Favourable	What you might get back after costs Average return each year	17,820 USD 78.20%	12,070 USD³ 3.83% ³

¹ This type of scenario occurred for an investment between March 2015 and March 2020.

² This type of scenario occurred for an investment between July 2016 and July 2021.

³ This type of scenario occurred for an investment between November 2017 and November 2022.

What happens if PIMCO Global Advisors (Ireland) Limited is unable to pay out?

As a collective investment scheme that has engaged an independent depository to perform safekeeping and ownership verification duties on its assets in accordance with EU law, your investment is not exposed to the credit risk of PIMCO Global Advisors (Ireland) Limited. Nonetheless you may face financial loss should PIMCO Global Advisors (Ireland) Limited or the depository, State Street Custodial Services (Ireland) Limited default on their obligations. There is no compensation or guarantee scheme in place which may offset, all or any of, this loss.

What are the costs?

The person advising on or selling you this product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.

Costs over time

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the product and how well the product does. The amounts shown here are illustrations based on an example investment amount and different possible investment periods. We have assumed, in the first year you would get back the amount that you invested (0 % annual return). For the other holding period, we have assumed the fund performs as shown in the moderate scenario.

Investment: USD 10,000	If you exit after 1 year	If you exit after 5 years
Total costs	690 USD	1,221 USD
Annual cost impact (*)	6.9%	2.9%

(*) This illustrates how costs reduce your return each year over the holding period. For example it shows that if you exit at the recommended holding period your average return per year is projected to be -0.1% before costs and -3.1% after costs.

Composition of costs

One-off costs upon entry or exit		If you exit after 1 year
Entry costs	The impact of the costs you pay when entering your investment. This is the most you will pay, and you could pay less.	490 USD
Exit costs	We do not charge an exit fee for this product but, the person selling you the product may do so.	0 USD
Ongoing costs taken each year		If you exit after 1 year
Management fees and other administrative or operating costs	The management fee figure is based on expenses for the year ending 2022. This figure may vary from year to year.	189 USD
Transaction costs	The impact of the costs of us buying and selling underlying investments for the product. This amount will vary depending on how much the fund buys and sells underlying investments.	11 USD
Incidental costs taken under specific conditions		If you exit after 1 year
Performance fees	This product does not have any performance fees.	0 USD

How long should I hold it and can I take money out early?**Recommended holding period: 5 years**

This product has no required minimum holding period but is designed for long term investment; you should be prepared to stay invested for at least 5 years. You may sell your shares in the product, without penalty, on any day on which the banks are normally open for business in the United States.

How can I complain?

If you have any complaints about the product or conduct of the manufacturer or the person advising on, or selling the product, you may lodge your complaint in one of three ways:

- You can contact us on + 353 1776 9990 and we will log your complaint and explain what to do.
- You may log your complaint via our website www.pimco.com or via email PIMCOEMteam@statestreet.com.
- You may send your complaint in writing to PIMCO Shareholder Services State Street Fund Services (Ireland) Limited 78 Sir John Rogerson's Quay, Dublin 2, D02 HD32 Ireland.
