Directors' Report

The Company

Schroder Alternative Solutions (the 'Company') is an open ended investment company organised as a 'société anonyme' under the laws of the Grand Duchy of Luxembourg. The Company was incorporated on 6 October 2005 and exists for an indefinite period.

The Company constitutes a single legal entity, but the assets of the Sub-Funds are invested for the exclusive benefit of the shareholders of the corresponding Sub-Funds and are solely accountable for the liabilities, commitments and obligations of the Sub-Funds. The Directors may at any time resolve to set up new Funds and/or create within each Sub-Fund one or more classes of shares. The Directors may decide to make an application to list the shares on any other recognised stock exchange.

Schroders is a FATCA compliant organisation. The FATCA classification of this entity and its GIIN is as follows: FATCA entity classification: FFI; Sponsoring entity: Schroder Investment Management (Europe) S.A. (the 'Management Company'); Sponsoring entity GIIN: 4RIMT7.00000.SP.442. Hereafter, the names of the Sub-Funds will be preceded by Schroder AS, e.g., Schroder AS Commodity Fund.

Financial Statements

The directors of the Company submit their report and the audited financial statements for the year ended 30 September 2023.

At the date of this report, 2 Sub-Funds were available for investment within Schroder Alternative Solutions. The details of investment objectives and investment restrictions for the Sub-Funds can be found in the Company's current prospectus.

This report covers the year from 1 October 2022 up to 30 September 2023. The last day on which prices were calculated was 29 September 2023, the last working day of the year under review. The financial statements are prepared in accordance with Luxembourg regulations related to undertakings for collective investment.

On 30 September 2023, the total net assets of the Company were USD 529,449,516 compared to USD 656,151,074 on 30 September 2022, representing a decrease of 19.31%.

Directors' Responsibilities

The responsibility of the Board is governed by Luxembourg law. With respect to the financial statements of the Company, the Board of Directors are required to prepare financial statements for each financial year which give a true and fair view of the assets, liabilities and financial position of the Funds as at the financial year end and of the profit or loss of the Funds for the financial year.

The Directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgments and estimates that are reasonable and prudent;
- state whether they have been prepared in accordance with the applicable accounting standards, identify those standards, and note the effect and the reasons for any material departure from those standards; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Funds will continue in business.

The Directors are responsible for ensuring the maintenance of adequate accounting records. They have responsibility for taking such steps as are reasonably open to them to safeguard the assets of the Funds. In this regard, they have entrusted the assets of the Funds to J.P. Morgan SE, Luxembourg Branch (the "Depository") for safe-keeping. The Directors have responsibility for taking such steps as are reasonably open to them to prevent and detect fraud and other irregularities.

Board Meetings

During the year to 30 September 2023, there were 6 board meetings held.

Corporate Governance

The Company is subject to corporate governance based on:

1. Its obligations as defined by Part II of the Luxembourg law of 17 December 2010, as amended, on undertakings for collective investment and the Alternative Investment Fund Managers Directive 2011/61/EU, as implemented in Luxembourg law, which are available for inspection at the registered office of the Company at 5, rue Höhenhof, L-1736 Senningerberg, Grand Duchy of Luxembourg.
2. Its Articles of Incorporation which are available for inspection at the registered office of the Company and at the Luxembourg corporate and trade register, Registre de Commerce et des Sociétés ('RCSL').
3. The obligations in respect of the management of the Company, for which the Company has appointed Schroder Investment Management (Europe) S.A., which is subject to the requirements of the Management Company Directive 2010/43/EC and the Alternative Investment Fund Managers Directive 2011/61/EU, as implemented in Luxembourg law.
4. The Association of the Luxembourg Fund Industry ('ALFI') Code of Conduct for Luxembourg Investment Funds, the principles of which the Company has voluntarily adopted.

Internal Control and Risk Management Systems

The Board of Directors is responsible for establishing and maintaining adequate internal control and risk management systems of the Company in relation to the financial reporting process. Such systems are designed to manage rather than eliminate the risk of error or fraud in achieving the Company's financial reporting objectives and can only provide reasonable and not absolute assurance against material misstatement or loss.

The Board of Directors has contracted with the Management Company to put procedures in place to ensure all relevant accounting records are properly maintained and are readily available, including the production of annual and semi-annual reports. The annual and semi-annual reports of the Company are required to be approved by the Board of Directors of the Company and filed with the Commission de Surveillance du Secteur Financier ('CSSF') and, in the case of annual reports, with the Registre de Commerce et des Sociétés ('RCSL'). The annual statutory financial statements are required to be audited by independent auditors who report to the Board of Directors on their findings.

The Board meets at least four times a year and ensures that the Company maintains high standards of integrity and control in its operations and that it possesses adequate governance and means of control as law and regulation demand.

Sustainable Finance Disclosure Regulation

Information about the environmental or social characteristics and sustainable investment objective, as applicable, is available in Appendix III – Sustainable Finance Disclosure (Unaudited).

Directors' Report (continued)

Activities during the year

The Alternative Investment Fund Manager has a remuneration policy in place as required by the Law of 12 July 2013 on Alternative Investment Fund Managers. Details of the amounts of remuneration are shown in Appendix I - AIFM Disclosures (Unaudited). They may also be obtained upon request and free of charge from the Management Company.

Significant Events During the Year

On **1 November 2022**, the HSBC Continental Europe has changed address to:

HSBC Continental Europe, Luxembourg, 18, Boulevard de Kockelscheuer, L-1821 Luxembourg, Grand Duchy of Luxembourg.

Previous address: 16, boulevard d'Avranches, 1160 Luxembourg, Grand Duchy of Luxembourg.

For the year ended **30 September 2023**, the Independent Auditor of the Company was changed from PricewaterhouseCoopers Société cooperative to KPMG Audit S.à.r.l.

Ukraine/Russia sanctions

The invasion of Ukraine by Russia which began on **24 February 2022** has increased valuation, liquidity and market risk for securities issued by Ukraine, Belarus and Russia, and to a certain extent, most global markets. As of the date of this report the resolution of this event, and the potential impact on the funds, continues to be uncertain. The board are closely monitoring the situation with respect to all securities held in our funds.

Investment Manager's Report

Economic review

During the 12-month period, investor focus was primarily on rising inflation and the policy responses from major central banks. There were growing fears that rising interest rates could lead to a recession.

In Europe, the ongoing war in Ukraine was a further negative factor, and concerns grew going into winter 2022 that the region could experience gas shortages. Ongoing COVID-19 related lockdowns in China also weighed on economic activity and stock market returns in late 2022.

In the UK, the period started on a volatile note amid the short-lived government of Liz Truss, who became prime minister in September 2022. The new government announced a fiscal package, which was poorly received by markets. UK bond yields soared, and sterling fell to an all-time low versus the US dollar. However, markets stabilised after Liz Truss stepped down in October 2022 and a new government was formed under Rishi Sunak.

The picture for markets turned more positive at the start of 2023. Global economic growth generally remained resilient, despite further interest rate rises from major central banks. In Europe, warmer weather helped limit the impact of high gas prices.

China's decision to abandon its strict lockdown measures at the end of 2022 also enabled mobility and economic activity to pick up. However, as 2023 progressed, Chinese data showed that the economic recovery was weaker than many had hoped, with the property sector coming under pressure.

Volatility was heightened in March 2023 as several regional US banks, including Silicon Valley Bank, collapsed due to a lack of liquidity. In Europe, this was followed by the takeover of Credit Suisse by UBS.

Further uncertainty emerged amid concerns that the US would breach its debt ceiling. However, a deal to extend the debt ceiling was reached in early June 2023.

Towards the end of the period, inflation readings in major economies began to soften. But resilient growth raised fears that this might not mean the end of the interest rate hiking cycle.

UK equity market review and outlook

UK equities gained over the period. The FTSE All-Shares returned 13.8% in sterling terms (source: DataStream). Gains in the early part of the period were helped by the country emerging from its September crisis following Liz Truss's short-lived tenure as the country's prime minister. Many of the policies announced in the now notorious September 'mini-budget' were reversed, and the new chancellor Jeremy Hunt used the Autumn Statement in November to promise the country would tighten its belt in the future.

Economically sensitive areas outperformed. This occurred amid hopes that central banks might be in a position to 'pivot' to cutting interest rates in late 2023, although that became less likely as the period progressed. Industrials outperformed, as did the consumer discretionary sector. The latter reflected a very strong recovery in many domestically focused areas. The energy sector also performed strongly, with oil prices rising towards the end of the period as some exporting nations cut production.

Economic data from the Office for National Statistics revealed that the UK economy grew by 0.2% in the second quarter, beating consensus expectations of zero growth. Although this is a low growth rate by historic standards, it shows that the economy has been more resilient than expected.

The Bank of England slowed the pace of rate hikes with rates standing at 5.25% at the end of the period under review. However, the resilience of the economy suggests more monetary tightening may be required to slow domestic demand and alleviate domestic inflation pressures.

The Schroders economics team thinks UK interest rates may peak at 6.0% before falling back in 2024. UK GDP growth is forecast at 0.6% for 2023 and 0.3% for 2024.

Commodity market review and outlook

Commodities, as measured by the S&P GSCI Index, returned 10.9% (total return, FactSet, US dollars) for the 12-month period. Livestock and energy were the strongest subcomponents, while agriculture was the weakest. Wheat prices fell back as Ukrainian crops re-entered international markets. In energy, oil prices were supported by some oil-exporting nations announcing production cuts towards the end of the period.

The supply cuts from Saudi Arabia and Russia are still feeding into the market, but impact is largely priced in, and the outlook for 2024 is for more muted demand growth. Despite this, the energy sector is diversifying, particularly in the context of a tense geopolitical situation. For industrial metals, supply remains tight. However, amid a muted growth outlook, it remains unclear as to where an increase in demand could originate from.

REPORT OF THE REVISEUR D'ENTREPRISES AGREE

Report on the audit of the financial statements

Opinion

We have audited the financial statements of Schroder Alternative Solutions and each of its sub-funds ("the Fund"), which comprise the Combined Statement of Net Assets and the Schedule of Investments as at September 30, 2023, and the Combined Statement of Operations and Changes in Net Assets for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of Schroder Alternative Solutions and each of its sub-funds as at September 30, 2023, and of the results of their operations and changes in their net assets for the year then ended in accordance with Luxembourg legal and regulatory requirements relating to the preparation and presentation of the financial statements.

Basis for opinion

We conducted our audit in accordance with the Law of 23 July 2016 on the audit profession ("Law of 23 July 2016") and with International Standards on Auditing ("ISAs") as adopted for Luxembourg by the Commission de Surveillance du Secteur Financier ("CSSF"). Our responsibilities under the Law of 23 July 2016 and ISAs as adopted for Luxembourg by the CSSF are further described in the « Responsibilities of the "réviseur d'entreprises agréé" for the audit of the financial statements » section of our report. We are also independent of the Fund in accordance with the International Code of Ethics for Professional Accountants, including International Independence Standards, issued by the International Ethics Standards Board for Accountants ("IESBA Code") as adopted for Luxembourg by the CSSF together with the ethical requirements that are relevant to our audit of the financial statements, and have fulfilled our other ethical responsibilities under those ethical requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other information

The Board of Directors of the Fund is responsible for the other information. The other information comprises the information stated in the annual report but does not include the financial statements and our report of the “réviseur d’entreprises agréé” thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report this fact. We have nothing to report in this regard.

Responsibilities of the Board of Directors of the Fund for the financial statements

The Board of Directors of the Fund is responsible for the preparation and fair presentation of these financial statements in accordance with Luxembourg legal and regulatory requirements relating to the preparation and presentation of the financial statements, and for such internal control as the Board of Directors of the Fund determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors of the Fund is responsible for assessing the Fund’s and each of its sub-funds’ ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors of the Fund either intends to liquidate the Fund or any of its sub-funds or to cease operations, or has no realistic alternative but to do so.

Responsibilities of the “réviseur d’entreprises agréé” for the audit of the financial statements

The objectives of our audit are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue a report of the “réviseur d’entreprises agréé” that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Law of 23 July 2016 and with ISAs as adopted for Luxembourg by the CSSF will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with the Law of 23 July 2016 and with ISAs as adopted for Luxembourg by the CSSF, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Board of Directors of the Fund.
- Conclude on the appropriateness of the Board of Directors of the Fund's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's or any of its sub-funds' ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our report of the "réviseur d'entreprises agréé" to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our report of the "réviseur d'entreprises agréé". However, future events or conditions may cause the Fund or any of its sub-funds to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Accounting Policies

Summary of Significant Accounting Policies

The financial statements are prepared and presented in accordance with generally accepted accounting principles in Luxembourg for investment funds on a going concern basis.

Net Asset Value

Calculation of Net Asset Value per Share

The Net Asset Value ('NAV') per Share of each class is calculated on each Dealing Day in the currency of the relevant class. It is calculated by dividing the NAV attributable to each class, being the proportionate value of its assets less its liabilities, by the number of Shares of such class then in issue. The resulting sum is rounded to the nearest up to four decimal places. Further details on rules that apply in valuing total assets can be found in the current prospectus.

The financial statements are prepared on the basis of the last NAV calculated during the year (29 September 2023 for all sub-fund).

Valuation of the Assets of the Fund

The value of securities, derivative instruments and assets is determined on the last day on which prices were calculated. The basis for this value uses the available price at the valuation point for each fund on the stock exchange or any other regulated market on which those securities or assets are traded or admitted for trading. Where such securities or other assets are quoted or dealt in on more than one stock exchange or any other regulated market, the Directors shall make regulations for the order of priority in which stock exchanges or other regulated markets shall be used for the provision of prices of securities or other assets.

If a security or derivative instrument is not traded or admitted on any official stock exchange or any Regulated Market, or in the case of securities and derivative instruments so traded or admitted the last available price of which does not reflect their true value, the Directors are required to proceed on the basis of their expected sales price, which shall be valued with prudence and in good faith.

Liquid assets and money market instruments held within the liquidity Funds are usually valued on an amortised cost basis.

Each share or unit in an open-ended undertaking for collective investment is valued at the last available Net Asset Value (or bid price for dual priced undertakings for collective investment) whether estimated or final, which is computed for such units or shares on the same Dealing Day, failing which, it is the last Net Asset Value (or bid price for dual priced undertakings for collective investment) computed prior to the Dealing Day on which the Net Asset Value of the shares in the Company is determined.

The value of any cash in hand or on deposit, bills and demand notes and accounts receivable, prepaid expenses, cash dividends and interest declared or accrued as aforesaid and not yet received are deemed to be the full amount thereof, unless in any case the same is unlikely to be paid or received in full, in which case the value thereof is arrived at after making such discount as the Company may consider appropriate in such case to reflect the true value thereof. Money Market instruments are valued on an amortised cost basis.

Any assets or liabilities in currencies other than the base currency of the Funds are converted using the relevant spot rate quoted by a bank or other responsible financial institution.

The financial statements for each sub-fund are disclosed in the base currency of the sub-fund. The combined total in USD is calculated using the relevant exchange rate on the last working day of the year under review.

Realised gains and losses on sales of investments in securities

Realised gains and losses on sales of investments in securities are determined on the average cost basis and include transaction costs.

Income

Dividends are credited to income on their ex-dividend date. Interest income is accrued on a daily basis and includes the amortisation of premiums and accretion of discounts, where applicable. Bank interest is credited to the funds upon receipt.

* Some charges for example redemption or administration charges may be deducted by the Distributor from the redemption proceeds as agreed separately between the shareholders and the Distributor. Shareholders should check with the respective Distributors for details of the arrangement.

Notes to the Financial Statements as at 30 September 2023 (continued)

Forward Currency Exchange Contracts

Outstanding forward currency exchange contracts are valued at the last available price at NAV calculation day by reference to the forward rate of exchange applicable to the maturity of the contracts. The unrealised gain/(loss) is shown in the Combined Statement of Net Assets under 'Unrealised gain/(loss) on forward currency exchange contracts'.

Futures Contracts

Futures contracts were valued at the last available price on 29 September 2023. The unrealised gain/(loss) is shown in the Combined Statement of Net Assets under 'Unrealised gain/(loss) on financial futures contracts'.

Fees and Expenses

Depository and Administration fees

The Depository and Sub-Fund Administrator are entitled to fees for related services rendered in accordance with common practice in Luxembourg, payable monthly, out of the net assets of the Sub-Fund.

Director's Fee

Each of the following directors received the remuneration shown below for the year under review: Richard Mountford received EUR 18,433. Eric Bertrand and Bernard Herman received EUR 17,646 each. Marie-Jeanne Chevrement-Lorenzini received EUR 20,167. Hugh Mullan received EUR 16,000.

The remaining directors have waived their remuneration.

Management Fees

The Investment Managers are entitled to receive management fees for their services, which are calculated and accrued daily by reference to the Net Asset Value of the Sub-funds and are paid monthly. The actual rates payable as at 30 September 2023, which vary from Sub-Fund to Sub-Fund and from share class to share class are set out in the table on page 27.

Operating Expenses

The Sub-Funds pays other Operating expenses incurred in the operation of the Company which are composed of statutory fees and are mainly audit, legal and publication fees, please refer to the 'Operating Expenses' shown in the Combined Statement of Operations and Change in Net Assets.

Performance Fees

In accordance with the provisions of the current prospectus, the Investment Manager is entitled to receive performance fees, in addition to management fees, as follows:

Sub-Funds	Investment Manager	Performance Fee Methodology*	Share Classes
Schroder AS Commodity Fund	Schroder Investment Management Limited	10% (the multiplier) of the absolute outperformance over a High Water Mark, as per the methodology in section 3.1, sub-section "Performance Fees" (C) of the prospectus.	All share classes except for the I and J classes
Schroder AS Commodity Total Return Fund	Schroder Investment Management Limited	10% (the multiplier) of the absolute outperformance over a High Water Mark, as per the methodology in section 3.1, sub-section "Performance Fees" (C) of the prospectus.	All share classes except for the I class

The actual amounts payable for the year ended 30 September 2023, which vary from Sub-Fund to Sub-Fund and from share class to share class are set out in the table on page 28.

Taxation

The Company is not subject to any taxes in Luxembourg on income or capital gains. The only tax to which the Company is subject in Luxembourg is the 'taxe d'abonnement' at a rate of 0.05% per annum based on the Net Asset Value of each Fund at the end of the relevant quarter, calculated and paid quarterly. In respect of I, J and X shares, which comprise only institutional investors, the tax levied is at 0.01% per annum.

Cash Collateral Reinvestment

For the purpose of counterparty risk mitigation, Sub-Funds with currency hedging transactions related to hedged share classes will pay or receive cash collateral on a daily basis from the counterparty, thus reducing their exposure over the duration of the forward contract.

Investment Manager may reinvest the cash collateral received from the counterparty in connection with currency hedging, in line with the investment objectives of the Fund. Collateral receivable or payable at the maturity date of the forward contracts are shown in the Statement of Net Assets as 'Collateral Receivable/Payable'.

Disclosure of Transaction Costs

The transaction costs are broker commission fees and taxes related to the purchase and sale of transferable securities. Custodian transaction costs are not included in this table, please refer to the Depository Fees' shown in the Combined Statement of Operations and Change in Net Assets which includes custody transaction costs that represent fixed rate charges per market levied by the custodian for the servicing of portfolio transactions. Bond Sub-Funds will generally show the figure of zero as the broker commission fees are included in the spread, which is excluded from the calculation pursuant to Annex I, Schedule B, Chapter V of Directive 2009/65/EC of the European Parliament. Net realised gain/loss on Financial futures contracts include transaction costs. The transaction costs for the year under review are as follows:

* For further details please refer to section 3.1, sub-section "Performance Fees", of the Prospectus.

Notes to the Financial Statements as at 30 September 2023 (continued)

Sub-Funds	Sub-Funds Currency	Total Transaction Costs
Schroder AS Commodity Fund	USD	2,471
Schroder AS Commodity Total Return Fund	USD	-

Changes in the Funds

A list, specifying the total purchases and sales for each sub-fund, which took place during the year under review may be obtained free of charge upon request at the registered office of the Company.

Cross Sub-Fund Investments

As at 30 September 2023, the total cross Sub-Fund investments amount to USD 17,752,411 and therefore, the total combined NAV at the year end without cross Sub-Funds' investments would amount to USD 511,697,105. The details of the cross Sub-Fund investments are disclosed in the following table:

Investment	Sub-Funds Currency	Market Value	% of net assets
Schroder AS Commodity Fund			
Schroder AS Commodity Total Return Fund - Class I Acc	USD	17,752,411	4.38
	USD	17,752,411	4.38

* The total expense ratio expresses the sum of all fees (excluding performance fees) and incidental costs charged on an ongoing basis to the collective investment scheme's assets (operating expenses) taken retrospectively as a percentage of the net assets.

Appendix I - AIFM Disclosures (Unaudited)

1. Risk Profile and Leverage

The Fund uses a risk management process that allows monitoring the risks of the Sub-funds and ensuring they are being managed in line with their investment policy and risk profile.

Leverage ratios are important risk metrics to represent the current risk profile of the sub-funds and are monitored on a daily basis.

Leverage is a way for the Fund to increase its exposure through the use of financial derivative instruments and/or borrowing of cash or securities where applicable it is expressed as a ratio ('leverage ratio') between the exposure of the Fund and its Net Asset Value.

The leverage ratio is calculated in accordance with two methodologies for calculating the exposure of the Fund, the gross method and the commitment method.

There were no new arrangements for managing the liquidity. There has been no change in the maximum level of leverage during the year under review.

As required by AIFM rules, the following information is provided to Shareholders:

Sub-Funds	Commitment Leverage Limit	Commitment Leverage Level	Commitment Leverage Utilisation	Gross Leverage Limit	Gross Leverage Level	Gross Leverage Utilisation
Schroder AS Commodity Fund	1.05	1.01	96.08%	1.05	0.87	83.13%
Schroder AS Commodity Total Return Fund	1.50	1.00	66.60%	1.50	0.75	49.87%

2. AIFMD remuneration disclosures for Schroder Investment Management Europe S.A. ('SIM Europe') for the year to 31 December 2022

These disclosures form part of the non-audited section of this annual report and accounts and should be read in conjunction with the Schroders plc Remuneration Report on pages 76 to 107 of the 2022 Annual Report & Accounts (available on the Group's website - <https://www.schroders.com/en/investor-relations/results-and-reports/annual-report-and-accounts-2022/>), which provides more information on the activities of our Remuneration Committee and our remuneration principles and policies.

The AIF Material Risk Takers ('AIF MRTs') of SIM Europe are individuals whose roles within the Schroders Group can materially affect the risk of SIM Europe or any AIF fund that it manages. These roles are identified in line with the requirements of the AIFMD Directive and guidance issued by the European Securities and Markets Authority.

The Remuneration Committee of Schroders plc has established a remuneration policy to ensure the requirements of the AIFMD Directive are met for all AIF MRTs. The Remuneration Committee and the Board of Schroders plc review remuneration strategy at least annually. The directors of SIM Europe are responsible for the adoption of the remuneration policy, for reviewing its general principles at least annually, and for overseeing its implementation and for ensuring compliance with relevant local legislation and regulation. During 2022 the Remuneration Policy was reviewed to ensure compliance with the UCITS/AIFMD remuneration requirements and no significant changes were made.

The implementation of the remuneration policy is, at least annually, subject to independent internal review for compliance with the policies and procedures for remuneration adopted by the Board of SIM Europe and the Remuneration Committee. The most recent review found no fundamental issues but resulted in a range of more minor recommendations, principally improvements to process and policy documentation.

The ratio of total costs to net income through the market cycle guides the total spend on remuneration each year. This is recommended by the Remuneration Committee to the Board of Schroders plc. This approach aligns remuneration with Schroders financial performance. In determining the remuneration spend each year, the underlying strength and sustainability of the business is taken into account, along with reports on risk, legal, compliance and internal audit matters from the heads of those areas.

The remuneration data that follows reflects amounts paid in respect of performance during 2022.

- The total amount of remuneration paid by SIM Europe to its 326 staff was €60.53 million of which €37.29 million was fixed remuneration (e.g. salaries, benefits in kind) and €23.24 million was variable remuneration (e.g. annual bonus awards or deferred bonus awards). Employees of other Schroders Group entities who serve as Directors of SIM Europe receive no additional fees in respect of their role on the Board of SIM Europe.
- The following disclosures relate to AIF MRTs of SIM Europe. Most of those AIF MRTs were employed by other Schroders group companies, including as a result of delegation by SIM Europe of investment management or other responsibilities to other Schroders group entities or third parties. Many of those AIF MRTs provide services to other Schroders group companies and other clients. In the interests of transparency, the aggregate remuneration figures that follow reflect the full remuneration for each SIM Europe AIF MRT. The aggregate total remuneration paid to the 124 AIF MRTs of SIM Europe in respect of the financial year ended 31 December 2022 is €111.61 million, of which €42.81 million was paid to senior management, €61.05 million was paid to MRTs deemed to be taking risk on behalf of SIM Europe or the AIF funds that it manages and €7.75 million was paid to other AIF MRTs including control function MRTs. Those total remuneration values include amounts paid by delegates where available.

For additional qualitative information on remuneration policies and practices see www.schroders.com/rem-disclosures.

* All fund performance data are on a NAV to NAV basis (Bid to Bid), adjusted for dividends, net of expenses and gross of taxes. Past performance is not a reliable indicator of future results, prices of shares and the income from them may fall as well as rise and investors may not get back the amount originally invested.

Appendix III - Sustainable Finance Disclosure (Unaudited)

As at 30 September 2023 all Sub-Funds were categorised as Article 6 in respect of the Sustainable Finance Disclosure Regulation.
The investments underlying this financial product do not take into account the EU criteria for environmentally sustainable economic activities.
