Greater China

a sub-fund of Schroder International Selection Fund SICAV

Class I Accumulation EUR (LU0890606212)

This fund is managed by Schroder Investment Management (Luxembourg) S.A., which is a member of the Schroders Group.

Objectives and Investment Policy

Objectives

The fund aims to provide capital growth.

Investment Policy

At least two-thirds of the fund (excluding cash) will be invested in shares of companies in People's Republic of China, Hong Kong and Taiwan. The fund has no bias to any particular industry or size of company.

China's economic growth is creating many investment opportunities across a broad range of sectors in Greater China (China, Hong Kong and Taiwan). We believe that this fund is strongly positioned to capture this investment potential through our rigorous research, supported by one of the best resourced teams in the region. We focus exclusively on identifying the most compelling investment stories in Greater China, which should result in the most promising returns over the longer term.

The fund may also invest in other financial instruments and hold cash on deposit. Derivatives may be used to achieve the investment objective and to reduce risk or manage the fund more efficiently.

Benchmark

The fund is not managed with reference to a financial index.

Dealing Frequency

You may redeem your investment upon demand. This fund deals daily.

Distribution Policy

This share class accumulates income received from the fund's investments, meaning it is kept in the fund and its value is reflected in the price of the share class.

Risk and Reward Profile

The risk and reward indicator

The risk category was calculated using historical performance data and may not be a reliable indicator of the fund's future risk profile.

The fund's risk category is not guaranteed to remain fixed and may change over time.

A fund in the lowest category does not mean a risk-free investment.

The fund is in this category because it can take higher risks in search of higher rewards and its price may rise and fall accordingly.

The category also reflects that this share class is in a different currency than the fund currency.

Other particular risks

Credit risk / structured products: In order to access restricted markets, the fund may invest in structured products. Should the counterparty default, the value of these structured products may be nil.

Market risk / emerging markets & frontier: Emerging markets will generally be subject to greater political, legal, counterparty and operational risk.

Tax risk / Chinese market: The fund may invest in the China and be subject to local taxes which may change without notice and/or have a retrospective effect, and this may have an affect upon the value of the fund.

Operational risk / third parties: The fund's operations depend on third parties and it may suffer disruption or loss in the event of their failure.

Charges

One-off charges taken before or after you invest	
Entry charge	None
Exit charge	None

This is the maximum that might be taken out of your money before it is invested.

Charges taken from the fund over a year	
Ongoing Charge	0.08%
Charges taken from the fund under certain specific conditions	
Performance fee	None

The charges you pay are used to pay the costs of running the fund, including the costs of marketing and distributing it. These charges reduce the potential growth of your investment.

The entry and exit charges shown are maximum figures and in some cases you might pay less. You can find out the actual entry and exit charges from your financial advisor.

The ongoing charges figure is based on the last year's expenses for the year ending December 2012 and may vary from year to year.

You can find more information about the charges in Section 3 of the fund's prospectus.

Past Performance

1 Performance shown during this period predates the launch of this share class and has been simulated using the history of a similar share class within the fund.

Past performance is not a guide to future performance and may not be repeated. The value of investments may go down as well as up and you may not get back the amount you originally invested.

The chart shows performance in euro after the ongoing charges and the portfolio transaction costs have been paid. Entry and exit charges are excluded from calculations of past performance.

The fund was launched on 28 March 2002.
