## Background to the Company (*continued*)

### Russia/Ukraine conflict

The conflict that started on 24 February 2022 between Russia and Ukraine has resulted in extensive restrictions and disruptions relating to the Russian securities and markets. The effects of those restrictions have and may continue to adversely affect the funds that have exposure to the Russian markets. Sanctions threatened or already imposed against Russia, Russian entities or Russian individuals may result in disruption of the Russian economy, cause volatility in other regional and global markets and negatively impact the performance of various sectors and industries, as well as companies in other countries, which could have a negative effect on the performance of a fund, even if a fund does not have direct exposure to securities of Russian issuers. As a collective result of the imposition of sanctions, Russian government countermeasures and the impact that they have had on the trading markets for Russian securities, certain funds used fair valuation procedures approved by the board of the Company to value certain Russian securities, which resulted in such securities being deemed to have a zero value. The funds hold insignificant positions in Russian securities. Sanctions, or the threat of new or modified sanctions, could also impair the ability of a fund to buy, sell, hold, receive, deliver or otherwise transact in certain affected securities or other investment instruments. As of 31 March 2023, SPDR MSCI ACWI UCITS ETF, SPDR MSCI ACWI IMI UCITS ETF, SPDR MSCI Emerging Markets UCITS ETF and SPDR MSCI Emerging Markets Small Cap UCITS ETF held Russian securities and were impacted by the fair value decision taken.

The investment policy of the Fund is to track the performance of the STOXX Global Low Risk Weighted Diversified 200 Index (or any other index determined by the Directors from time to time to track substantially the same market as the STOXX Global Low Risk Weighted Diversified 200 Index and which is considered by the Directors to be an appropriate index for the Fund to track, in accordance with the Prospectus) (the "Index") as closely as possible, while seeking to minimise as far as possible the tracking difference between the Fund's performance and that of the Index.

## Directors' Report

The Directors present herewith their annual report and Financial Statements for the financial year ended 31 March 2023.

### Statement of Directors' Responsibilities

The Directors are responsible for preparing the Directors' Report and the financial statements in accordance with Irish law.

Irish law requires the Directors to prepare financial statements giving a true and fair view of the Company's assets, liabilities and financial position at the end of the financial year and the profit or loss of the Company for the financial year. Under that law the Directors have prepared the financial statements in accordance with International Financial Reporting Standards ("IFRS") as adopted by the European Union ("EU").

Under Irish law the Directors shall not approve the financial statements unless they are satisfied that they give a true and fair view of the Company's assets, liabilities and financial position as at the end of the financial year and of the profit or loss of the Company for the financial year.

In preparing these financial statements, the Directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- state whether the financial statements have been prepared in accordance with IFRS and ensure that they contain the additional information required by the Companies Act 2014; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The Directors confirm that they have complied with the above requirements in preparing the financial statements.

The financial statements have been prepared on a going concern basis as the Directors are of the view that the Company can continue in operational existence for period of at least twelve months from the date of approval of these financial statements (the period of assessment). The Directors anticipate the financial assets will continue to generate enough cash flows on an ongoing basis to meet the Company's liabilities as they fall due. In making this assessment, the Directors considered the potential impact of the Russia/Ukraine conflict on the Company's business over the period of assessment.

The Directors are responsible for keeping adequate accounting records that are sufficient to:

- correctly record and explain the transactions of the Company;
- enable, at any time, the assets, liabilities, financial position and profit or loss of the Company to be determined with reasonable accuracy; and

- enable the Directors to ensure that the financial statements and Directors' report comply with the Companies Act 2014 and enable those financial statements to be audited.

The Directors are responsible for safeguarding the assets of the Company. In this regard they have entrusted the assets of the Company to State Street Custodial Services (Ireland) Limited ("the Depository") who has been appointed as Depository to the Company pursuant to the terms of a Depository Agreement. The Directors have a general responsibility for taking such steps as are reasonably open to them to prevent and detect fraud and other irregularities.

The financial statements are published on the [ssga.com](https://www.ssga.com) website. The Directors, together with the Investment Manager are responsible for the maintenance and integrity of the financial information included on this website. Legislation in the Republic of Ireland governing the preparation and dissemination of financial statements may differ from legislation in other jurisdictions.

This Annual Report and Audited Financial Statements (the "Reports and Accounts") may be translated into other languages. Any such translation shall only contain the same information and have the same meaning as the English language Report and Accounts. To the extent that there is any inconsistency between the English language Report and Accounts and the Report and Accounts in another language, the English language Report and Accounts will prevail, except to the extent (and only to the extent) that it is required by law of any jurisdiction where the shares are sold, that in an action based upon disclosure in a Report and Accounts in a language other than English, the language of the Report and Accounts on which such action is based shall prevail. Any disputes as to the terms of the Report and Accounts, regardless of the language of the Report and Accounts, shall be governed by and construed in accordance with the laws of Ireland.

### Relevant Audit Information

Insofar as the Directors are aware, there is no relevant audit information of which the Company's auditors are unaware and the Directors have taken all the steps that should have been taken as Directors in order to make themselves aware of any relevant audit information and to establish that the Company's auditors are aware of that information.

### Accounting Records

The Directors ensure compliance with the Company's obligation to maintain adequate accounting records by appointing competent persons to be responsible for them. The accounting records are kept by State Street Fund Services (Ireland) Limited, at 78 Sir John Rogerson's Quay, Dublin D02 HD32, Ireland.

### Review of Business and Future Developments

The Company is an open-ended investment company with variable capital which has been authorised by the Central Bank under the UCITS Regulations. The principal activities and investment objectives of the Funds are outlined in the Background to the Company. A market summary and Fund performance are included under the Investment Managers' Reports.

## Directors' Report (continued)

### Accounting Records (continued)

#### Review of Business and Future Developments (continued)

Details of Net Asset Value and Net Asset Value per share are set out in each Fund's Statement of Financial Position and the Total Expense Ratio is set out in Note 3.

There was no change in the nature of the Company's business during the financial year.

#### Risk Management Objectives and Policies

The main risks arising from the Company's financial instruments are market risk, interest risk, liquidity risk and credit risk. Non financial risks would include management risk, market disruption/geopolitical risk, commodities risk, concentration risk, conflicts of interest risk and the Russia/Ukraine conflict. For further information on risk management objectives and policies, please see Note 11 of these financial statements and the Prospectus and Supplements of the Company. For the impact of the Russian/Ukraine conflict please see the Background to the Company section of these financial statements and Note 17.

### Corporate Governance Statement

#### General Principles

The Company is subject to the requirements of the Companies Act 2014 and the UCITS Regulations as applicable to the Company.

The European Communities (Directive 2006/46/EC) Regulations (S.I. 450 of 2009 and S.I. 83 of 2010) (the "Regulations") requires the inclusion of a corporate governance statement in the Directors' Report.

Although there is no specific statutory corporate governance code applicable to Irish collective investment schemes whose shares are admitted to trading on an exchange, the Company is subject to corporate governance practices imposed by:

- (i) The Companies Act 2014 which are available for inspection at the registered office of the Company; and may also be obtained at <http://www.irishstatutebook.ie/>;
- (ii) The Articles of Association of the Company which are available for inspection at the registered office of the Company and at the Companies Registration Office in Ireland; and
- (iii) The Central Bank in their UCITS Notices and Guidance Notes which can be obtained from the Central Bank's website at: <https://www.centralbank.ie/regulation/industry-market-sectors/funds/ucits> and are available for inspection at the registered office of the Company.

On 14 December 2011, Irish Funds ("IF"), published a corporate governance code (the "IF Code") that may be adopted on a voluntary basis by Irish authorised collective investment schemes. The Board of Directors (the "Board") voluntarily agreed to adopt the IF Code on 25 July 2013, and was effective from that date. It should be noted that the IF Code reflects existing corporate governance practices imposed on Irish authorised collective

investment schemes, as noted above. If the IF Code is adopted on a voluntary basis, it can be referred to in the disclosures made in the Directors' Report in compliance with the provisions of the European Communities (Directive 2006/46/EC) Regulations (i.e. S.I. 450 of 2009 and S.I. 83 of 2010).

#### Internal Control and Risk Management Systems in Relation to Financial Reporting

The Board is responsible for establishing and maintaining adequate internal control and risk management systems of the Company in relation to the financial reporting process. Such systems are designed to manage rather than eliminate the risk of error or fraud in achieving the Company's financial reporting objectives and can only provide reasonable and not absolute assurance against material misstatement or loss.

The Board has procedures in place to ensure that all relevant accounting records are properly maintained and are readily available, including production of annual and half yearly financial statements. The Management Company has appointed State Street Fund Services (Ireland) Limited (the "Administrator") on the Company's behalf to maintain the books and records of the Company. The Administrator is authorised and regulated by the Central Bank and must comply with the rules imposed by the Central Bank. From time to time, the Management Company examines and evaluates the Administrator's financial accounting and reporting routines. The annual financial statements of the Company are produced by the Administrator and reviewed by the Investment Manager. They are required to be approved by the Board, and the annual and half yearly financial statements of the Company are required to be filed with the Central Bank.

During the financial year of these financial statements, the Board was responsible for the review and approval of the financial statements as set out in the Statement of Directors' Responsibilities. The statutory financial statements are required to be audited by independent auditors who report annually to the Board on their findings. The Board monitors and evaluates the independent auditors' performance, qualifications and independence. As part of its review procedures, the Board receives presentations from relevant parties including consideration of IFRS accounting standards and their impact on the annual financial statements, and presentations and reports on the audit process. The Board evaluates and discusses significant accounting and reporting issues as the need arises.

#### Dealings with Shareholders

The convening and conduct of Shareholders' meetings are governed by the Articles of Association of the Company and the Companies Act 2014. Although the Directors may convene an extraordinary general meeting of the Company at any time, the Directors were required to convene the first annual general meeting ("AGM") of the Company within eighteen months of incorporation and fifteen months of the date of the previous AGM thereafter, provided that an AGM is held within six months of the end of each financial year of the Company.

## Directors' Report (*continued*)

### Dealings with Shareholders (*continued*)

At least twenty-one clear day's notice of every AGM and any meeting convened for the passing of a special resolution must be given to Shareholders and fourteen days notice must be given in the case of any other general meeting, unless the auditors and all the Shareholders of the Company entitled to attend and vote, agree to shorter notice. Two Shareholders present either in person or by proxy, constitutes a quorum at a general meeting. The share capital of the Company is divided into different classes of shares. The rights attached to any Class or Fund (unless otherwise provided by the terms of issue of the Shares of that Class or Fund or unless otherwise provided herein) may, whether or not the Company is being wound up, be varied with the consent in writing of the holders of three-fourths of the issued Shares of that Class or Fund, or with the sanction of an Extraordinary Resolution passed at a separate general meeting of the holders of the Shares of that Class or Fund, to which the provisions of the Articles relating to general meetings shall mutatis mutandis apply, save that, where a Class or Fund has only one Shareholder holding voting Shares, the quorum at any such general meeting shall be one Shareholder holding voting Shares in such Class or Fund or one Subscriber Shareholder, present either in person or by proxy. Notwithstanding anything to the contrary contained in the Articles, a Subscriber Shareholder shall be entitled to receive notice, in accordance with the provision of article 19 of the Articles, of any general meeting of a Class or Fund. However, the Subscriber Shareholders shall only be entitled to vote at an adjourned general meeting of a Class or Fund which has been adjourned in accordance with the provisions of the Articles.

Every holder of participating shares or non-participating shares present, in person or by proxy, who votes on a show of hands is entitled to one vote. On a poll, every holder of participating shares present, in person or by proxy, is entitled to one vote in respect of each share held by him, and every holder of non-participating shares is entitled to one vote in respect of all non-participating shares held by him. At any general meeting, a resolution put to the vote of the meeting shall be decided on a show of hands unless a poll is (before or on the declaration of the result of the show of hands) demanded by the Chairperson or by any Shareholder present in person or by proxy.

Shareholders may resolve to sanction an ordinary resolution or special resolution at a Shareholders' meeting. Alternatively, a resolution in writing signed by all of the Shareholders and holders of non-participating shares for the time being entitled to attend and vote on such resolution at a general meeting of the Company, will be valid and effective for all purposes as if the resolution had been passed at a general meeting of the Company, duly convened and held.

An ordinary resolution of the Company (or of the Shareholders of a particular Fund or class of shares) requires a simple majority of the votes cast by the Shareholders voting, in person or by proxy, at the meeting at which the resolution is proposed. A special resolution of the Company (or of the Shareholders of a particular Fund or class of shares) requires a majority of not

less than 75% of Shareholders present, in person or by proxy, and voting in a general meeting in order to pass a special resolution including a resolution to amend the Articles of Association of the Company.

### Board Composition and Activities

In accordance with the Companies Act 2014 and the Articles of Association, unless otherwise determined by an ordinary resolution of the Company in a general meeting, the number of Directors may not be less than two or more than twelve. As at 31 March 2023, the Board is comprised of four non-executive Directors of whom two are independent. Details of the current Directors are set out below, under the heading "Directors".

The business of the Company is managed by the Directors, who exercise all such powers of the Company as set out by the Companies Act 2014 or by the Articles of Association of the Company required to be exercised by the Company in a general meeting.

The Board is responsible for the Company's overall direction and strategy, and to this end it reserves the decision making power on issues such as the determination of medium and long term goals, review of managerial performance, organisational structure and capital needs and commitments to achieve the Company's strategic goals. To achieve these responsibilities, the Board meets four times a year to review the operations of the Company, address matters of strategic importance and to receive reports from the Management Company, Administrator and Depositary. However, a Director may, and the Company Secretary on the request of a Director will, at any time summon a meeting of the Directors and ad hoc meetings in addition to the four meetings as required.

Questions arising at any meetings of the Directors shall be decided by a majority of votes. In the case of an equality of votes, the Chairperson of the meeting at which the show of hands takes place or at which the poll is demanded shall be entitled to a second or casting vote. The quorum necessary for the transaction of business at a meeting of the Directors is two.

The board meetings have been well attended during the financial year ended 31 March 2023.

### Diversity Report

With respect to diversity, the Company has no employees and the only individuals engaged directly by it are its Directors. When there is a vacancy on the Company's Board of Directors, the objective is to ensure that the Board is diversified with an appropriate mix as regards age, gender and educational/professional backgrounds, while achieving compliance by all individuals with regulatory requirements and an overall composition with the requisite experience and skills. The implementation of the Board's diversity policy includes reviews of the balance of skills, knowledge, experience and diversity on the Board as detailed in the Board's Succession Plan. Selection decisions taken by the Board in the period have been based on merit and followed a recruitment process that was fair and non-discriminatory.

## Directors' Report (*continued*)

### Directors' Compliance Statement

In accordance with Section 225 of the Companies Act 2014, the Directors:

- acknowledge that they are responsible for securing the Company's compliance with its relevant obligations; and
- confirm that:
  - A compliance policy statement has been prepared setting out the Company's policies (that, in the Directors' opinion, are appropriate to the Company) for ensuring compliance by the Company with its relevant obligations;
  - An adequate structure is in place, that in the Directors' opinion, is designed to secure material compliance with the Company's relevant obligations; and
  - An annual review procedure has been put in place to review the Company's relevant obligations and ensure a structure is in place to comply with these obligations.

### Results and Dividends

The results and dividends for the financial year are set out in the Statement of Comprehensive Income.

## Report of the Depositary to the Shareholders

We have enquired into the conduct of State Street Global Advisors Europe Limited as the Manager of the SSGA SPDR ETFs Europe I plc ('the Company') and into conduct of the Company itself for the financial year ended 31 March 2023, in our capacity as Depositary to the Company.

This report including the opinion has been prepared for and solely for the Shareholders in the Company as a body, in accordance with Regulation 34, (1), (3) and (4) in Part 5 of the European Communities (Undertakings for Collective Investment in Transferable Securities) Regulations 2011, as amended, ('the UCITS Regulations'), and for no other purpose. We do not, in giving this opinion, accept or assume responsibility for any other purpose or to any other person to whom this report is shown.

### Responsibilities of the Depositary

Our duties and responsibilities are outlined in Regulation 34, (1), (3) and (4) in Part 5 of the UCITS Regulations. One of those duties is to enquire into the conduct of the Company in each annual accounting period and report thereon to the Shareholders.

Our report shall state whether, in our opinion, the Company has been managed in that financial year in accordance with the provisions of the Company's Constitution (the "Constitution") and the UCITS Regulations. It is the overall responsibility of the Company to comply with these provisions. If the Company has not so complied, we as Depositary must state why this is the case and outline the steps which we have taken to rectify the situation.

### Basis of Depositary Opinion

The Depositary conducts such reviews as it, in its reasonable opinion, considers necessary in order to comply with its duties as outlined in Regulation 34, (1), (3) and (4) in Part 5 of the UCITS Regulations and to ensure that, in all material respects, the Company has been managed (i) in accordance with the limitations imposed on its investment and borrowing powers by the provisions of the Constitution and the UCITS Regulations and (ii) otherwise in accordance with the Company's constitutional documentation and the appropriate regulations.

### Opinion

In our opinion, the Company has been managed during the financial year, in all material respects:

(i) in accordance with the limitations imposed on the investment and borrowing powers of the Company by the Constitution, the UCITS Regulations and the Central Bank (Supervision and Enforcement) Act 2013 (Section 48(1)) (Undertakings for Collective Investment in Transferable Securities) Regulations 2019 ('the Central Bank UCITS Regulations'); and

(ii) otherwise in accordance with the provisions of the Constitution, the UCITS Regulations and the Central Bank UCITS Regulations.

## Investment Managers' Report

### Passive Fixed Income and Passive Equity Funds

#### Fund Performance

##### Passive Fixed Income Funds

Overall the SSGA SPDR ETFs Europe I Plc Fixed Income funds performed in line with their respective benchmark indices over the year ended 31 March 2023. The funds where performance tracking was wider than would normally be anticipated are explained below, wherever applicable.

##### Developed Market Government

Developed Market Government bond funds consist of both Sovereign/Treasury and government-related exposures across Eurozone, US and UK bond markets. All the funds delivered results within +/- 3 bps, which is well within their respective risk and performance tolerances, with the exception of the SPDR Bloomberg 10+ Year Euro Government Bond UCITS ETF (Dist), which had a marginally higher tracking difference of +5.0 bps relative to its benchmark. The majority of the tracking difference (+4 bps) came in second quarter 2022, owing to elevated market volatility. Even though risk alignment was kept within tight tolerance levels to the benchmark, the significant market volatility in the second quarter 2023 period caused the performance deviation. The Fund is invested in long term European government bonds that have very high sensitivity to yield movements.

##### Investment Grade (IG) Corporates

Investment grade (IG) corporate bond funds, covering exposures across US, euro and sterling markets, all tracked their benchmark performances closely within +/-15 bps, except for the SPDR Bloomberg 10+ Year U.S. Corporate Bond UCITS ETF (Dist) and SPDR Bloomberg Euro Corporate Bond UCITS ETF.

Bond market conditions from both a volatility and liquidity perspective throughout 2022 were challenging, given the backdrop of rate increases, high inflation, weaker growth and the war in Ukraine. These factors weighed on investor sentiment causing high dispersion in bond returns across corporate bond issuers and also elevated trading costs.

SPDR Bloomberg 10+ Year U.S. Corporate Bond UCITS ETF (Dist) had a tracking difference of -18.0 bps relative to its benchmark. The Fund, given its long maturity profile, has high sensitivity to yield and spread movements. Also, its relatively small size requires it have a higher degree of sampling of bonds, versus the very broad benchmark which it tracks. During volatile periods this can lead to an increase in performance tracking relative to the benchmark. The majority of the tracking difference was driven by security selection (-25.9 bps), predominantly within the industrial sector. Specifically, security selection impact from bonds issued by Comcast Corporation contributed -8.7 bps, due to substantial buy-back activity that led to elevated bond specific return differences.

The SPDR Bloomberg Euro Corporate Bond UCITS ETF had a tracking difference of -32.0 bps relative to its benchmark. The Fund had to contend with relatively high turnover from flow activity during the period after the Russian invasion of Ukraine, when trading conditions were difficult. The elevated market volatility

had a higher impact on the performance during the first six months (April to September 2022) of the period, driven by sampling effects primarily from security selection which detracted -20 bps.

##### Aggregates

Aggregate funds consist of multi-sector bond exposures covering Treasury, Government-related, Corporate and Securitized. All of the Aggregate funds delivered performance results within +/-10 bps, well within their respective risk and performance tolerances for such funds.

##### High Yield

The sub-investment grade (or high yield) funds invest in corporate bonds that have high credit risk. Performance tracking tolerances are therefore wider for these funds as they have higher inherent volatility and also lower liquidity than other sectors of the bond market. Higher trading costs in high yield also require more sampling in the portfolio management process to reduce performance drag from transaction costs.

The SPDR Bloomberg Euro High Yield Bond UCITS ETF (Dist) underperformed its benchmark by -46.0 bps in the twelve month period under review. The majority of the tracking difference (-32 bps) came from security selection given the elevated market volatility sparked but the Russian invasion of Ukraine and compounded thereafter by the aggressive rate hiking cycle of the Federal Reserve (the "Fed") and followed upon by the European Central Bank (the "ECB"). The Fund also had to contend with funding and then the subsequent rebalancing costs of outflows in difficult market conditions in the first half of the period as markets sold off. The high yield markets then staged a recovery from the lows in September 2022 and prices rose quickly. Overall additional rebalancing costs amounted to approximately 13 bps for the twelve month period under review.

##### Emerging Markets

Emerging market funds also have wider risk and tracking tolerances, due to the higher volatility and lower liquidity inherent in that sector. Local currency debt funds also experience a structural performance drag due to tax charges applied in certain local markets that are not reflected in the returns of the benchmark. Most funds within the sector delivered results within +/- 15 bps, well within their respective risk and performance tolerances, with the exception of SPDR Bloomberg Emerging Markets Local Bond UCITS ETF (Acc) and SPDR Bloomberg EM Inflation Linked Local Bond UCITS ETF (Dist).

SPDR Bloomberg Emerging Markets Local Bond UCITS ETF (Acc) had a tracking difference of -27.0 bps relative to its benchmark, with taxes detracting -19bps, substantially from Brazil (-14.5 bps) and also Indonesia (-8.4 bps). Sampling effects across the whole portfolio totalled just -6.2 bps, a good result given market conditions, while trading costs amounted to just -4 bps for the whole twelve month period.

## Investment Managers' Report (*continued*)

### Passive Fixed Income and Passive Equity Funds (*continued*)

#### Emerging Markets (*continued*)

SPDR Bloomberg EM Inflation Linked Local Bond UCITS ETF (Dist) had a tracking difference of -43.0 bps relative to its benchmark. Again the tracking difference during the period under review was primarily driven by taxes, and principally from Brazil (-35.7 bps).

#### Market Review

The global bond market sell-off that commenced at the beginning of 2022 continued throughout most of the first half of the reporting period (April to September 2022). Yields marched higher in the second quarter of 2022 due to the elevated inflation backdrop globally with policy makers playing catch-up with interest rate increases. It wasn't until the fourth quarter of 2022 after multiple rate increases that bond markets began to stabilise as inflation had turned and the terminal level for rates began to peak. Central banks reiterated their resolve to bringing inflation down which remained elevated despite the improvements from its peak.

Bond yields staged a recovery at the start of 2023 driven initially by growth concerns and then sparked further by the turmoil in the US regional banking sector. Despite considerable fluctuations in asset prices, the strong reopening of the Chinese economy and declining commodity prices helped to stabilise the macro outlook somewhat. While headline inflation had cooled, pockets of core inflation remained a concern for investors and policy makers. The global tightening cycle of major central banks was now quite advanced, however central banks remained keen to keep interest rates high and financial conditions tight, to ensure that inflation continued to decline. During the last six months of the period under review, the Fed raised US policy rates by a total of 1.75%, while the ECB raised their key policy rate by 2.25% to 3.5%.

The collapse of Silicon Valley Bank and forced takeover of Credit Suisse by its Swiss rival UBS, demonstrated how fragile investor confidence had become and this resulted in significant market turbulence. However, despite these events, financial sector contagion was relatively contained in Europe, primarily due to the far stricter regulatory environment in which European banks operate, from both a liquidity and capital reserves perspective. Investor sentiment stabilised and broader contagion did not materialise. In China, manufacturing activity rebounded and both the services sector and the housing market also recovered strongly.

Despite this challenging backdrop into 2023, bond returns remained quite resilient, as investors anticipated the potential ending of the tightening cycle. Yields also benefitted from safe-haven buying of government bonds in March, as the regional banking crisis began to unfold in the US. The 10-year US Treasury Note ended the period at a yield of 3.47%, increasing from 2.34% at the start of the period. Meanwhile in Europe, inflation declined to a one year low in March 2023, but core inflation continued to rise. European Government bond yields also began to decline from their highs in early March 2023. The United Kingdom saw a shorter bond rally at the end of the reporting period with yields for the 10 year Government bonds settling at 3.49%.

In Emerging Markets, returns for the 12 months ending March 2023 were negative for both local and hard currency debt. During the reporting period, Emerging Market (EM) local currency debt returned -0.72% (in USD terms), as measured by the JP Morgan GBI-EM Global Diversified Index. EM hard currency sovereign debt returned -6.92% (in USD terms), as measured by the JP Morgan EMBI Global Diversified Index. EM inflation also showed signs of peaking and yields started to decline with markets pricing in the potential for monetary easing later in 2023.

#### Passive Equity Funds

There were no new ETFs launched over the reporting period.

Most of the Equity funds were within the anticipated deviation bands of their respective indices, on an annual and since inception basis.

All the funds were within the anticipated 1 year annual ex-post tracking error number. However, it should be noted that 1-year ex-post tracking error is a short period to understand whether a fund is within acceptable tolerance, a 3-year figure is more in line with industry standards.

Additional information is provided on funds where the tracking difference was +/- 0.10% on a gross-of-fees basis or where the one-year tracking error may be perceived to be high. Over the annual reporting period:

- The SPDR MSCI ACWI IMI UCITS ETF's outperformance (0.87%) was mainly attributed to security misweights.
- The SPDR S&P Euro Dividend Aristocrats UCITS ETF's outperformance (0.51%) was mainly attributed to withholding tax.

## **INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF SSGA SPDR ETFs EUROPE I PLC**

### ***Report on the audit of the financial statements***

#### **Opinion**

We have audited the financial statements of SSGA SPDR ETFs Europe I plc ('the Company') for the year ended 31 March 2023, which comprise the Company Statement of Financial Position, Company Statement of Comprehensive Income, Company Statement of Changes in Net Assets Attributable to Holders of Redeemable Participating Shares, Company Statement of Cashflows and notes to the financial statements, including the summary of significant accounting policies set out in note 1. The financial reporting framework that has been applied in their preparation is Irish Law and International Financial Reporting Standards (IFRS) as adopted by the European Union.

In our opinion the financial statements:

- give a true and fair view of the assets, liabilities and financial position of the Company as at 31 March 2023 and of its loss for the year then ended;
- have been properly prepared in accordance with IFRS as adopted by the European Union; and
- have been properly prepared in accordance with the requirements of the Companies Act 2014, the European Communities (Undertakings for Collective Investment in Transferable Securities) Regulations, 2011, and the Central Bank (Supervision and Enforcement) Act 2013 (Section 48(1)) (Undertakings for Collective Investment in Transferable Securities) Regulations 2019.

#### **Basis for opinion**

We conducted our audit in accordance with International Standards on Auditing (Ireland) (ISAs (Ireland)) and applicable law. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with ethical requirements that are relevant to our audit of financial statements in Ireland, including the Ethical Standard as applied to public interest entities issued by the Irish Auditing and Accounting Supervisory Authority (IAASA), and we have fulfilled our other ethical responsibilities in accordance with these requirements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### **Conclusions relating to going concern**

In auditing the financial statements, we have concluded that the directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate. Our evaluation of the directors' assessment of the Company's ability to continue to adopt the going concern basis of accounting included:

- Confirming our understanding of management's Going Concern assessment process and also engaged with management to understand the key factors which were considered in their assessment;
- Obtaining management's going concern assessment, which covers a year from the date of approval of the financial statements;

**Building a better  
working world**

#### **INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF SSGA SPDR ETFS EUROPE I PLC (CONTINUED)**

- Reviewing and evaluating the reasonability of the key factors considered by management in making their assessment of going concern including consideration of the availability of liquid assets to meet ongoing operational costs and known future capital activity in the Company. In assessing these, we obtained and reviewed the liquidity terms which the Company offers to investors together with reviewing post year-end capital activity and corroborated through enquiry of management as to whether there are any subsequent events, including Company performance, that might give rise to conditions which could lead management to discontinue the operations of the Company.
- Reviewing the Company's going concern disclosures included in the annual report in order to assess that the disclosures were appropriate and in conformity with the reporting standards.

#### **Conclusion**

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the Company's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the directors with respect to going concern are described in the relevant sections of this report. However, because not all future events or conditions can be predicted, this statement is not a guarantee as to the Company's ability to continue as a going concern.

**Key audit matters**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period and include the most significant assessed risks of material misstatement (whether or not due to fraud) that we identified, including those which had the greatest effect on: the overall audit strategy, the allocation of resources in the audit; and directing the efforts of the engagement team. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

## **INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF SSGA SPDR ETFS EUROPE I PLC (CONTINUED)**

### **Our application of materiality**

We apply the concept of materiality in planning and performing the audit, in evaluating the effect of identified misstatements on the audit and in forming our audit opinion.

#### **Materiality**

The magnitude of an omission or misstatement that, individually or in the aggregate, could reasonably be expected to influence the economic decisions of the users of the financial statements. Materiality provides a basis for determining the nature and extent of our audit procedures.

We determined materiality for the Company to be 0.5% (2022: 0.5%) of each of the Company's fund's Net Asset Value. We believe that Net Asset Value provides us with appropriate measurement basis since the users of the financial statements may focus more on this than on earnings.

During the course of our audit, we reassessed initial materiality and made no changes to it.

#### **Performance materiality**

The application of materiality at the individual account or balance level. It is set at an amount to reduce to an appropriately low level the probability that the aggregate of uncorrected and undetected misstatements exceeds materiality.

On the basis of our risk assessments, together with our assessment of the Company's overall control environment, our judgement was that performance materiality was 75% (2022: 50%) of our planning materiality. We have set performance materiality at this percentage based on our assessment of the risk of misstatements, both corrected and uncorrected. Due to the completion of the first-year financial statement audit and our knowledge of the Company's operations and control environment in the current year, we have re-assessed the level we have set our performance materiality. We have set performance materiality at this percentage due to no longer being a first-year audit and our knowledge of the company's industry.

#### **Reporting threshold**

An amount below which identified misstatements are considered as being clearly trivial.

We agreed with the Board of Directors that we would report to them all uncorrected audit differences in excess of 5% of our defined materiality, as well as differences below that threshold that, in our view, warranted reporting on qualitative grounds.

We evaluate any uncorrected misstatements against both the quantitative measures of materiality discussed above and in light of other relevant qualitative considerations in forming our opinion.

### **An overview of the scope of our audit report**

#### **Tailoring the scope**

Our assessment of audit risk, our evaluation of materiality and our allocation of performance materiality determine our audit scope for the Company. This enables us to form an opinion on the financial statements. We take into account size, risk profile, the organisation of the Company and effectiveness of controls, including controls and changes in the business environment when assessing the level of work to be performed. All audit work was performed directly by the audit engagement team.

### ***Other information***

The directors are responsible for the other information. The other information comprises the information included in the annual report other than the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

### ***Opinions on other matters prescribed by the Companies Act 2014***

In our opinion, based solely on the work undertaken in the course of the audit, we report that:

- the information given in the directors' report for the financial year ended for which the financial statements are prepared is consistent with the financial statements; and
- the directors' report has been prepared in accordance with applicable legal requirements.

We have obtained all the information and explanations which, to the best of our knowledge and belief, are necessary for the purposes of our audit.

In our opinion the accounting records of the Company were sufficient to permit the financial statements to be readily and properly audited and the financial statements are in agreement with the accounting records.

### ***Matters on which we are required to report by exception***

Based on the knowledge and understanding of the Company and its environment obtained in the course of the audit, we have not identified material misstatements in the directors' report.

The Companies Act 2014 requires us to report to you if, in our opinion, the disclosures required by sections 305 to 312 of the Act, which relate to disclosures of directors' remuneration and transactions are not complied with by the Company. We have nothing to report in this regard.

## **INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF SSGA SPDR ETFS EUROPE I PLC (CONTINUED)**

### ***Respective responsibilities***

#### ***Responsibilities of directors for the financial statements***

As explained more fully in the directors' responsibilities statement set out on page 14, the directors are responsible for the preparation of the financial statements in accordance with the applicable financial reporting framework that give a true and fair view, and for such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the Company's ability to continue as going concerns, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

#### ***Auditor's responsibilities for the audit of the financial statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (Ireland) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

#### ***Explanation to what extent the audit was considered capable of detecting irregularities, including fraud***

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect irregularities, including fraud, that could reasonably be expected to have a material effect on the financial statements. The risk of not detecting a material misstatement due to fraud is higher than the risk of not detecting one resulting from error, as fraud may involve deliberate concealment by, for example, forgery or intentional misrepresentations, or through collusion. In addition, the further removed any non-compliance is from the events and transactions reflected in the financial statements, the less likely it is that our procedures will identify such non-compliance. The extent to which our procedures are capable of detecting irregularities, including fraud is detailed below. However, the primary responsibility for the prevention and detection of fraud rests with both those charged with governance of the Company and management.

Our approach was as follows:

We obtained an understanding of the legal and regulatory frameworks that are applicable to the Company and determined that the most significant are the Companies Act 2014, the Undertaking for Collective Investment in Transferable Securities pursuant to the provisions of the European Communities (Undertakings for Collective Investment in Transferable Securities) Regulations 2011 and the Central Bank (Supervision And Enforcement) Act 2013 (Section 48(1)) (Undertakings for Collective Investment in Transferable Securities) Regulations 2019 .

We understood how the Company is complying with those frameworks by updating our understanding of the adequate system of internal control in place. We also considered the existence of independent service providers, proper segregation of duties and the regulated environment in which the Company operates, which may reduce opportunities for fraud to take place.

We assessed the susceptibility of the Company's financial statements to material misstatement, including how fraud might occur by management override of controls.

## **INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF SSGA SPDR ETFS EUROPE I PLC (CONTINUED)**

Based on this understanding we designed our audit procedures to identify non-compliance with such laws and regulations. Our procedures involved inquiries to those charged with governance into possible instances of non-compliance with laws and regulations, review of board meeting minutes during the year and obtaining representation from the management.

A further description of our responsibilities for the audit of the financial statements is located on the IAASA's website at: [http://www.iaasa.ie/getmedia/b2389013-1cf6-458b-9b8f-a98202dc9c3a/Description\\_of\\_auditors\\_responsibilities\\_for\\_audit.pdf](http://www.iaasa.ie/getmedia/b2389013-1cf6-458b-9b8f-a98202dc9c3a/Description_of_auditors_responsibilities_for_audit.pdf).

This description forms part of our auditor's report.

### ***Other matters which we are required to address***

We were appointed by the Directors on 23 September 2021 to audit the financial statements for the year ended 31 March 2022 and subsequent financial periods. The period of total uninterrupted engagement including previous renewals and reappointments of the firm is 2 years.

The non-audit services prohibited by IAASA's Ethical Standard were not provided to the Company and we remain independent of the Company in conducting our audit.

Our audit opinion is consistent with the additional report to the Board of Directors.

### ***The purpose of our audit work and to whom we owe our responsibilities***

Our report is made solely to the Company's members, as a body, in accordance with section 391 of the Companies Act 2014. Our audit work has been undertaken so that we might state to the Company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company and the Company's members, as a body, for our audit work, for this report, or for the opinions we have formed.
