Currently, the following share classes are available:

- Class "R" shares, which are open to any investor. The class "R" shares are subject to a "taxe d'abonnement" at an annual rate of 0.05% of its net assets, which is calculated and payable quarterly at the end of the relevant quarter.
- Class "I" shares, which are restricted to institutional investors within the meaning of Article 174 of the Law of 2010. The class "I" shares are subject to a "taxe d'abonnement" of 0.01% of its net assets,

which is calculated and payable quarterly at the end of the relevant quarter.

- Class "Q" shares, which are restricted to institutional investors within the meaning of Article 174 of the Law of 2010. The class "Q" shares are subject to a "taxe d'abonnement" of 0.01% of its net assets, which is calculated and payable quarterly at the end of the relevant quarter.

The difference between class "Q" and class "I" is the rate of the Management Fee as described in Note 2.

The Company is organised in the form of an umbrella fund. The Articles provide that the Company may offer separate classes of shares each representing interests in a subfund comprised of a distinct portfolio of investments. Additional subfunds may, with the prior approval of the Regulatory Authority, be created by the Directors.

The Company shall be considered as one single legal entity. With regard to third parties, in particular towards the Company's creditors, each subfund shall be exclusively responsible for all liabilities attributable to it.

Any resolution to alter the class rights of the shares requires the approval of shareholders at a general meeting duly convened in accordance with the Articles. Any general meeting convened to consider any alteration to the class rights of the shares shall be submitted to a quorum of such number of shareholders whose holdings comprise one third of the shares and to a majority requirement of 50% of the votes attached to the shares represented, both quorum and majority requirements to be met inside each class of shares.

The financial year of the fund ends on the last day of August.

Only the information contained in the sales prospectus and in one of the documents referred to therein shall be deemed to be valid.

The annual and semi-annual reports shall be available free of charge to shareholders at the registered office of the Management Company and the Custodian Bank.

No subscription may be accepted on the basis of the financial reports. Subscriptions are accepted only on the basis of the current sales prospectus accompanied by the latest annual report and the latest semi-annual report if available.

Notes to the Financial Statements

Semi-Annual Report as of 29 February 2012
Swiss Life Funds (LUX)

Note 1 – Summary of significant accounting policies

The financial statements have been prepared in accordance with the generally accepted accounting principles for investment funds in Luxembourg. The significant accounting policies are summarised as follows:

a) Calculation of the Net Asset Value

The Administrator shall determine the Net Asset Value (NAV) of the shares in accordance with the Articles of the Company by reference to prices obtained at the Valuation Point preceding the Valuation Day. The Net Asset Value per share shall be expressed in the Reference Currency of the relevant subfund and shall be calculated in the case of each subfund by dividing the assets of such subfund less its liabilities (to include a provision for duties and charges) by the number of shares in issue in respect of such subfund.

In the event of further classes of shares being created in a subfund, the Net Asset Value per share of each class of share in a subfund shall be determined by calculating that portion of the Net Asset Value attributable to each class by reference to the number of shares in issue or deemed to be in issue in each class on the relevant Valuation Day subject to adjustment to take account of assets and/or liabilities attributable to each class.

b) Valuation principles

- The method of establishing the value of any assets and liabilities of the Company as set out in the Articles provides the value of an investment which is quoted, listed or normally dealt in a Regulated Market, a stock exchange in an Other State or on any Other Regulated Market will normally be the last available closing price or quotation on such market as at the relevant Valuation Day (or, if no trading shall take place in that market on that Valuation Day on the last day on which trading in that market took place before that Valuation Day) for such amount and quantity of that investment as the Administrator considers to provide a fair criterion.
- If an investment is listed or traded on a Regulated Market, a stock exchange in an Other State or on any Other Regulated Market, but acquired or traded at a premium or at a discount outside or off the relevant market, the Administrator may take into account the level of premium or discount at the date of the valuation.

- If an investment is quoted, listed or normally dealt in on more than one Regulated Market, a stock exchange in an Other State or on any Other Regulated Market, the Administrator will adopt the closing price or quotation on the market which, in the Administrator's opinion, provides the principal market for such investment.
- Where in regard to any investment which is listed or normally dealt in on a Regulated Market, a stock exchange in an Other State or on any Other Regulated Market but in respect of which for any reason the closing price is unavailable at any relevant time or does not in the opinion of the Directors, reflect their fair value, the value thereof shall be the probable realisation value estimated with care and in good faith by a competent person approved for that purpose by the Administrator.
- The value of any investment which is not quoted, listed or normally dealt in on a Regulated Market, a stock exchange in an Other State or on any Other Regulated Market shall be the probable realisation value estimated with care and in good faith by a competent person approved for that purpose by the Administrator.
- The value of any cash on hand or on deposit, bills and demand notes and accounts receivable, prepaid expenses, cash dividends and interest declared or accrued as aforesaid and not yet received is deemed to be the full amount thereof, unless in any case the same is unlikely to be paid or received in full, in which case the value thereof is arrived at after making such discount as may be considered appropriate in such case to reflect the true value thereof.
- The value of Transferable Securities, Money Market Instruments and any financial assets listed or dealt in on a Regulated Market, a stock exchange in an Other State or on any Other Regulated Market (as defined in the sales documents for the shares of the Company) shall be based on the last available price on the relevant market which is normally the principal market of such assets.
- In the event that any assets are not listed or dealt in on any Regulated Market, any stock exchange in an Other State or on any Other Regulated Market, or if, with respect to assets listed or dealt in on any such markets, the price as determined pursuant to the above paragraph is, in the opinion of the Board of Directors, not representative of the fair market value of the relevant assets, the value of such assets will be based on the reasonably foreseeable sales price determined prudently and in good faith by the Board of Directors.

- The liquidating value of futures, forward or options contracts not traded on Regulated Markets, stock exchanges in Other States or on Other Regulated Markets shall mean their net liquidating value determined, pursuant to the policies established prudently and in good faith by the Board of Directors, on a basis consistently applied for each different variety of contracts. The liquidating value of futures, forward or options contracts traded on Regulated Markets, stock exchanges in Other States or on Other Regulated Markets shall be based upon the last available settlement prices of these contracts on Regulated Markets, stock exchanges in Other States or on other Regulated Markets on which the particular futures, forward or options contracts are traded by the Company; provided that if a futures, forward or option contract could not be terminated on the day with respect to which net assets are being determined, the basis for determining the liquidating value of such contract shall be such value as the Board of Directors may deem fair and reasonable.
- The Board of Directors may authorise the use of the amortised cost method of valuation for short-term transferable debt securities in certain subfunds of the Company. This method involves valuing a security at its cost and thereafter assuming a constant amortization to maturity of any discount or premium regardless of the impact of fluctuating interest rates on the market value of the security or other instrument. While this method provides certainty in valuation, it may result in periods during which the value as determined by amortised cost, is higher or lower than the price the subfund would receive if it sold the securities. For certain short term transferable debt securities, the yield to a shareholder may differ somewhat from that which could be obtained from a similar subfund which marks its portfolio securities to market each day.
- Units or shares of open-ended UCITS and/or UCIs will be valued at their last determined and available net asset value or, if such price is not representative of the fair market value of such assets, then the price shall be determined by the Board of Directors on a fair and equitable basis. Units or shares of a closedended UCI will be valued at their last available stock market value.
- Interest rate swaps will be valued at their market value established by reference to the applicable interest rates curve. Index and financial instruments related swaps will be valued at their market value established by reference to the applicable index or financial instrument. The valuation of the index or financial instrument relating swap agreement shall

be based upon the market value of such swap transaction established in good faith. Total return swaps will be valued on a consistent basis.

- All other securities and assets will be valued at fair market value as determined in good faith pursuant to procedures established by the Board of Directors.

In the event of its being impossible or incorrect to carry out a valuation of a specific asset in accordance with the valuation rules set out above, the Directors are entitled to use another generally recognised valuation method in order to reach a proper valuation of that specific asset, provided that the alternative method of valuation is approved by the Administrator.

In the absence of bad faith, negligence or manifest error, every decision taken by the Directors or their delegate in calculating the Net Asset Value of a subfund or the Net Asset Value per share, shall be final and binding on the Company and present, past and future shareholders.

c) Valuation of forward foreign exchange contracts

The unrealized gain (loss) of outstanding forward foreign exchange contracts is valued on the basis of the forward exchange rates prevailing at valuation date.

d) Valuation of financial futures contracts

Financial futures contracts are valued based on the latest available published price applicable on the valuation date. Realized gains and losses and the changes in unrealized gains and losses are recorded in the statement of operations. The realized gains and losses are calculated in accordance with the FIFO method, i.e. the first contracts acquired are regarded as the first to be sold.

e) Net realized gain (loss) on sales of securities

The realized gains or losses on the sales of securities are calculated on the basis of the average cost of the securities sold.

f) Conversion of foreign currencies

Bank accounts, other net assets and the valuation of the investments in securities held denominated in currencies other than the currency of account of the different subfunds are converted at the mid closing spot rates on the valuation date. Income and expenses denominated in currencies other than the currency of the different subfunds are converted at the mid closing spot rates at payment date. Gain or loss on foreign exchange is included in the statement of operations.

The cost of securities denominated in currencies other than the currency of account of the different subfunds is converted at the mid closing spot rate prevailing on the day of acquisition.

g) Accounting of securities' portfolio transactions

The securities' portfolio transactions are accounted for the bank business day following the transaction dates.

h) Consolidated financial statements

The consolidated financial statements of the Company are expressed in EUR. The various items of the consolidated statement of net assets and the consolidated statement of operations as of 29 February 2012 of the Company are equal to the sum of the corresponding items in the financial statements of each subfund converted into EUR at the following exchange rates.

The following exchange rates were used for the conversion of foreign currencies and the consolidated financial statements as of 29 February 2012:

Exchange rates		
EUR 1 = AUD		1.238095

i) Receivable on securities sales, Payable on securities purchases

The account "Receivable on securities sales" can also include receivables from foreign currency transactions. The account "Payable on securities purchases" can also include payables from foreign currency transactions.

j) Income recognition

Dividends, net of withholding taxes, are recognized as income on the date upon which the relevant securities are first listed as "ex-dividend". Interest income is accrued on a daily basis.

- the fees and expenses of the Directors;
- the fees for domiciliary and secretary services;
- the fees and expenses of the auditor;
- the initial organisation tax of EUR 1,250, the subscription tax "taxe d'abonnement" and other fees payable to the supervisory authorities;
- the expenses for establishing and maintaining the Company and the subfunds and registering and maintaining the registration of the Company, the subfunds and the shares with any governmental or regulatory authority or with any Regulated Market;
- the expenses for preparing, translating, printing and distributing of sales prospectuses, sales literature, reports and other circulars relating to the Company to shareholders, the Regulatory Authority and governmental agencies;
- the expenses of publishing details and prices of shares in newspapers and other publications;
- the charges and expenses of legal counsel in connection with the Company or in relation to shareholders or otherwise rendered in relation to the Company at the request of the Administrator;
- the preliminary expenses not exceeding EUR 100,000 (including, without limitation, legal and accountancy fees, translation and printing costs) incurred by the Administrator or the Custodian in connection with the establishment and promotion of the Company and in addition the expenses incurred by the Administrator or the Custodian in connection with the first issue of shares in each subfund (to be amortised over a period of not exceeding five years);
- all fiscal charges in relation to purchases and sales of securities in the subfunds;
- all usual transaction charges and fees levied by paying agents which will be disclosed in the reports of the Company;
- commissions and brokerage fees;
- all fees payable to the Company's representative in Switzerland or elsewhere;
- membership fees paid to professional associations and stock market organisations which the Company decides to join in its own interest and in the interest of the shareholders;
- other operating expenses; and
- any fees reasonably incurred by the Custodian in the proper performance of its duties.

The Portfolio Managers are responsible for the payment of the Investment Advisor.

Performance Fee

The following subfund was subject to a Performance Fee during the reporting period.

Since 9 January 2012, none of the subfunds is subject to a Performance Fee.

*Swiss Life Funds (LUX) Bond Inflation Protection**

If applicable (see appendix 1 of the sales prospectus), the performance fee is calculated by reference to a percentage determined by the Directors of the Company. The exact percentages, the selected percentage figure and the calendar quarter to which any given remuneration applies will be published retroactively in the Company's regular reports. The performance fee is also geared to the following rules:

- The performance fee amounts to no more than 15% of the sum that is greater than 1.25% in the calendar quarter (5% p.a.) which is the increase in value of the Net Asset Value per share of the relevant subfund, before deducting the Management Fee.
- The accrued performance fee will be calculated daily throughout the duration of the mandate held by the Portfolio Managers. Corresponding to the results of the daily comparison of the subfund's value development in percent, any given accrued performance fee will be set aside as a provision upon determining the net assets of the relevant subfund. If the value of the subfund drops under the percentage figure, this provision will be reduced correspondingly.
- Any given positive balance of such accrued and set aside performance fees will be paid within the first ten Business Days after the end of the calendar quarter if the increase in the subfund's value within the last four calendar quarters has amounted to at least 5% p.a. (Hurdle Rate) and the previous high point of the Net Asset Value per share since the launch of the relevant subfund was achieved on at least one day during the calendar quarter (High Water Mark principle).
- A positive balance that can not be paid expires at the end of the calendar quarter.

Swiss Life Funds (LUX)	Performance Fee
Bond Inflation Protection*	19 564.10 EUR

* The Board of Directors decided on 9 January 2012 to abolish the performance fee retroactively as at 1 January 2012.

Note 3 – Taxe d'abonnement

In accordance with the law and the regulations currently in force, the Company is subject to a subscription tax at the annual rate of 0.05% (0.01% for institutional clients), payable quarterly and calculated on the basis of the net assets of each subfund at the end of each quarter.

The "taxe d'abonnement" is waived for that part of the Company's assets invested in shares or shares of other undertakings for collective investment that have already paid the "taxe d'abonnement" in accordance with the statutory provisions of Luxembourg law.

Note 4 – Securities Lending

The Company may also lend portions of its securities portfolio to third parties. In general, lendings may only be effected via recognized clearing houses such as Clearstream International or Euroclear, or through first-class financial institutions that specialize in such activities and in the modus specified by them.

There were no securities lent out in Swiss Life Funds (LUX) as of 29 February 2012.

Note 5 – Income distribution

The annual general meeting ("AGM") decides what use is to be made of the annual net profits as shown in the accounts on the last day of August each year, on the basis of proposals put forward by the Directors.

It is not the Company's intention to pay out dividends on Capitalisation shares. Nevertheless the AGM may decide each year on proposals made by Directors on this matter. Dividends shall however be paid out on Distribution shares.

Note 6 – Soft commission arrangements

During the reporting period from 1 September 2011 until 29 February 2012, no "soft commission arrangements" were entered into on behalf of Swiss Life Funds (LUX) and "soft commissions" amount to nil.

Note 11 – Function migration

The Board of Directors of the Fund has decided early October 2011 to migrate the Central Administration and Depositary function of the Fund to Société Générale. It is anticipated that the migration will take place at the end of April 2012.

Note 12 – Liquidation of subfund

The Board of Directors of the Company decided on 19 March 2012 to liquidate the subfund Swiss Life Funds (LUX) – Equity Global Sustainability on 13 April 2012.

Note 13 – Applicable law, place of performance and authoritative language

The Luxembourg District Court is the place of performance for all legal disputes between the shareholders, the Company and the Custodian Bank. Luxembourg law applies. However, in matters concerning the claims of investors from other countries, the Company and/or the Custodian Bank can elect to make themselves and the Company subject to the jurisdiction of the countries in which the Company shares were bought and sold.

The English version of these financial statements is the authoritative version. However, in the case of shares sold to investors from the other countries in which Company's shares can be bought and sold, the Company and the Custodian Bank may recognize approved translations (i.e. approved by the Company and the Custodian Bank) into the languages concerned as binding upon themselves and the Company.
