

## Key investor information

This document provides you with key investor information about this collective investment scheme. It is not marketing material. The information is required by law to help you understand the nature of this collective investment scheme and the risks of investing in it. You are advised to read it so you can make an informed decision about whether to invest.

### Swisscanto (CH) Index Precious Metal Fund Gold Physical DT CHF (ISIN: CH0245423980)

Swisscanto (CH) Index Precious Metal Fund Gold Physical DT CHF is a unit class of the subfund Swisscanto (CH) Index Precious Metal Fund Gold Physical (hereinafter "fund"), a subfund in the umbrella fund Swisscanto (CH) Index Fund IV. The fund is managed by Swisscanto Fund Management Company Ltd., Zurich.

## Objectives and investment policy

The investment objective of the fund is to reflect the performance of gold, after deducting the fees and incidental costs charged to the fund's assets.

### Important features:

The fund primarily invests in physical gold in marketable form, in the form of bars of various sizes and in units or shares of collective investment schemes under Swiss law of the type "Other funds for traditional investments" that invest mainly in physical gold.

Derivatives may be used for achieving the investment objective.

Fund units are issued and redeemed basically on every bank business day in Switzerland.

Earnings and profits of the unit class are not distributed, but reinvested.

### Additional important information:

The use of derivatives equates to neither leveraging nor short selling with regard to the fund assets.

Recommendation on holding period: this fund is appropriate for investors with a long-term investment horizon (more than five years).

## Risk and reward profile

The historical data used for calculating the risk and profit category cannot serve as a reliable indicator of the future risk profile.

The risk and profit category shown may very well undergo changes. Assignment to a category may change over time.

The lowest risk category cannot be equated with a risk-free investment.

Reasons for being assigned to the risk and profit category:

- Foreign currency risks
- Price fluctuations specific to the commodity market

There is no capital guarantee and no capital protection.

## Charges

The costs borne by you are used for the management of the fund as well as its distribution and marketing. The costs may impair the further development of the fund.

One-off charges debited before or after you invest	
Entry charge (max.)	5.00%
Exit charge (max.)	3.00%
Charges taken from the fund over a year	
Ongoing charges	0.23%
Charges taken from the fund under certain specific conditions	
Fees tied to the performance of the fund (max.)	n/a

Ongoing charges relate to the 12 months prior to the last annual/semi-annual report and may change every six months. The annual/semi-annual report contains details of the costs.

For more information, please refer to the prospectus with integrated fund contract.

## Past performance

### Additional information:

Past performance is no guarantee of future success.

Shares for this share class were issued the first time in: 2014

Currency in which the performance was calculated: CHF

Ongoing charges are taken into account in the performance.
