

## KEY INVESTOR INFORMATION

This document provides you with key investor information about this fund. It is not marketing material. The information is required by law to help you understand the nature and the risks of investing in this fund. You are advised to read it so you can make an informed decision about whether to invest.

### Swisscanto (LU) Bond Fund Sustainable Global High Yield NT (ISIN: LU1637934743)

Swisscanto (LU) Bond Fund Sustainable Global High Yield NT (hereinafter «Product») is a unit class of the sub-fund Swisscanto (LU) Bond Fund Sustainable Global High Yield (hereinafter «Fund»), a sub-fund of the umbrella fund Swisscanto (LU) Bond Fund.

The Fund is managed by Swisscanto Asset Management International S.A., Luxembourg (management company), a company of the Zürcher Kantonalbank Group.

## Objectives and investment policy

The investment objective is to preserve the capital on a long-term basis and to generate an adequate return by investing in high-yield bonds worldwide that are compatible with the Sustainable approach.

### Important features:

The fund invests at least 51% of its assets in fixed or variable-rate securities of private debtors with a rating of at least B3 (Moody's). The fund is classified under Art. 9 SFDR.

The securities are selected on a discretionary basis using a consistent investment process (active management). With regard to portfolio composition, the selection of stocks and the associated weightings are focused on companies from the ICE BofA Global High Yield Index TR hedged in USD. The portfolio composition may deviate considerably from this benchmark index. The investment policy is to outperform the benchmark index. The Asset Manager may at any time deviate – significantly or insignificantly, positively or negatively – from the benchmark index by actively overweighting or

underweighting individual securities and sectors based on market conditions and risk assessments.

Derivatives may be used for achieving the investment objective.

Fund units are issued and redeemed basically on every bank business day in Luxembourg.

Earnings and profits of the unit class are not distributed, but reinvested.

### Additional important information:

The total commitments of the fund may not amount to more than 210% as a result of the use of derivatives (max. 100%) and temporary borrowing (max. 10%).

Recommendation on holding period: this fund is appropriate for investors with a medium-term investment horizon (three to five years) or a longer-term investment horizon.

## Risk and reward profile

Lower risk < 1 2 3 4 5 6 7 > Higher risk

The historical data used for calculating the risk and profit category cannot serve as a reliable indicator of the future risk profile.

The risk and profit category shown may very well undergo changes.

Assignment to a category may change over time.

The lowest risk category cannot be equated with a risk-free investment.

Reasons for being assigned to the risk and profit category:

- Yield curve
- Interest-rate premium
- Foreign currency risks

There is no capital guarantee and no capital protection.

Further risks that are essential for the fund and not adequately covered by the indicator above:

- Credit risks, because substantial investments are made in interest-bearing securities where repayment default is possible.
