Pound Sterling Accumulation Shares of Vanguard SRI European Stock Fund (the “Fund”), a sub-fund of Vanguard Investment Series PLC (ISIN: IE00B76VTL96)

The Fund is managed by Vanguard Group (Ireland) Limited (“VGIL”), part of the Vanguard group of companies.

Objectives and investment policy

Objective

The Fund aims to provide long-term growth of capital by seeking to achieve the performance of the FTSE All-World Developed Europe Index (the “Index”).

Investment policy

- The Index includes large and mid-sized common stocks from across developed European countries that pass screening for liquidity. Liquidity means the extent to which a stock may be bought and sold without significantly distorting its price.
- The Fund attempts to:
 1. Invest in all or a representative sample of the stocks that make up the Index, excluding any stocks which do not meet socially responsible investing criteria, optimising the Fund to match the risk factors and performance of the Index. The socially responsible investing criteria the Fund takes into consideration include environmental, social and ethical factors. The Fund excludes stocks that violate United Nations Global Compact principles.
 2. Remain fully invested and hold small amounts of cash except in extraordinary market, political, or similar conditions where the Fund may temporarily depart from this investment policy.

- The Fund may use investment techniques, including financial derivative instruments, to help the Fund stay fully invested and to reduce costs. A financial derivative instrument is an investment whose value is based on the price of another investment (such as a stock or index).
- Investments in the Fund should be viewed as medium to long term (at least 5 years).
- Income from the Fund will be reinvested and reflected in the price of shares in the Fund.
- Shares in the Fund can be sold on a daily basis (save on certain bank holidays or public holidays and subject to certain restrictions described in Appendix 1 of the Prospectus) by submitting an application in writing or by telephone before 11:00 (Irish time) on the business day prior to the relevant dealing day, or, where you hold shares with a platform, by submitting an application seeking the sale of your shares before the dealing cut-off time of the respective platform, provided this is before the dealing cut-off time for the Fund. A full list of the days on which Shares in the Fund cannot be sold is available on <https://global.vanguard.com/content/documents/calendar.pdf>.

Risk and reward profile

- This indicator is based on historical data and may not be a reliable indication of the future risk profile of the Fund.
- The risk category shown is not guaranteed to remain unchanged and may shift over time.
- The lowest category does not mean “risk free”.
- This indicator does not measure the risk that you may lose the amount you have invested.
- The Fund is rated 6 as it invests in equities in European markets and is in a higher category as the values of those investments have experienced a higher rate of change in the past.

The indicator opposite does not take account of the following risks of investing in the Fund:

- Stock market risk. The value of investments may fall as well as rise, and you may not get back the money you invested.
- Index sampling risk. The Fund is not expected to track or replicate the performance of the Index at all times with perfect accuracy. The Fund is, however, expected to provide investment results that, before expenses, generally correspond to the price and yield performance of the Index.
- Country/political risk. The Fund’s assets may be subject to uncertainties such as changes in a country’s 1. government policies; 2. taxation; 3. restrictions on foreign investment; 4. currency decisions; 5. applicable laws and regulations which together with any natural disasters or political upheaval will weaken a country’s stock markets.

For further information on risks please see the “Risk Factors” section of the Prospectus on our website at <https://global.vanguard.com>.

Charges

The charges you pay are used to pay the costs of running the Fund, including the costs of marketing and distributing it. These charges reduce the potential growth of your investment.

The entry charge represents a preset dilution levy which covers the transaction costs of the Fund and protects the value of remaining shareholders interests. This charge is paid directly to the Fund and not to VGIL.

The entry and exit charges shown are maximum figures and in some cases you might pay less.

Investors can find out the actual entry and exit fees from their financial adviser.

The ongoing charges figure is based on expenses for the year ended 31 December 2011. This figure may vary from year to year. It excludes portfolio transaction costs.

For further information about charges, please see the sections entitled "Buying Shares", "Redeeming Shares", "Fees and Expenses" and Appendix 1 of the Prospectus on our website at <https://global.vanguard.com>.
