WATERLOO SICAV - Global Balanced Selection, class R - EUR (LU1074026086) a sub-fund of WATERLOO SICAV

Management Company: BLI – BANQUE DE LUXEMBOURG INVESTMENTS, acting under the commercial name CONVENTUM THIRD PARTY SOLUTIONS

Objectives and investment policy

Objectives

The investment objective of the sub-fund is to generate capital appreciation by investing in a diversified portfolio.

Investment policy

The sub-fund will invest in investment funds with a flexible asset allocation approach which invest in equity, bonds or cash without being limited geographically, or by sector, or with respect to the currencies in which investments will be denominated. Investments other than in EUR will not be systematically currency-hedged.

The portfolio is actively managed on a discretionary basis without using a reference benchmark.

The currency of the share class is expressed in EUR.

The investor has the right to redeem his shares on demand. The dealing in shares is carried out weekly. The attention of the investor is drawn to the fact that in exceptional circumstances, the possibility for the investor to request the redemption of his shares may be limited or suspended.

These shares are capitalisation shares. Income and capital gains are reinvested.

Recommendation

This fund may not be appropriate for investors who plan to withdraw their money within 5 years.

Risk and reward profile

What does this synthetic indicator mean?

- The shares of class R - EUR are classified in category 4 because the value of the share may be subject to medium variations and consequently the risk of loss and the opportunity of gain may be moderate.
- The risk category has been determined on the basis of historical data and may not be a reliable indication of the future risk profile. The risk and reward category shown does not necessarily remain unchanged and the categorisation of the fund may shift over time.
- The lowest category does not mean a risk-free investment.

- Repayment of the initial investment is not guaranteed.

Which materially relevant risks are not adequately captured by the synthetic indicator?

- The investment in underlying funds implies that the sub-fund is exposed to 1) the investment risks borne by the underlying funds, 2) the risk of increases in the level of charges borne by the underlying funds and 3) the risk that the underlying funds limit or suspend the right for their investors to redeem.
- Other risk factors, that an investor shall take into account with regards to his own situation and specific current and future circumstances, may exist.

How can I get more information about the risks of the sub-fund?

Additional information concerning the risks of investment in the sub-fund is indicated in the corresponding section of the prospectus of the fund which is available at the Management Company.
